This e-book will help you heal. It is filled with the Ascended Masters' Love and radiation...Any human problem that you are going through will be removed if you follow these applications in these books. This includes financial problems, emotional problems, anger, shame, guilt, depression, greed, lust, criticism, judgment, suicidal problems, it does not really matter...

Whatever human issues you are going through, they can be fixed. But, you must do the work...you are the only one that has free will and you are the only one that qualifies and misqualifies the God energy that is always flowing pure and perfect within you....And if you have misqualified this pure God Energy, through your thoughts, feelings, and emotions, you can fix it by requalifying it with forgiveness and Love in the heart...

Your only goal in this life and all past lives is to know who you are and to go back to your heritage, the perfect Son and Daughter of God that you are...you are here to ascend and go back to the Light, to be back in the Father's house, His Kingdom!!

Anyone can ascend if they are ready...the information in this e-book will help to get you ready...but as mentioned...you must do the work...my energy healings do not heal you...I only provide the Light and Radiance to help sustain you through my I AM Presence, that is One with the Father, as you connect with your I AM Presence and Divinity.

I AM Teachings...

Remember, God's greatest gift to all of you was of Himself to You and His Beingness within You. His life force is constantly flowing within you...your physical body is a Temple of the Most High Living God. It is your eyes that God sees through, your ears that God hears with, your throat that allows God's voice to come from your mouth and His energy and love that allows you to think, and move your arms and other parts of your body...God's Full Divinity and Presence is within YOU!!!

Love this Presence within you...Accept this Presence as the owner, giver, and doer of all perfection in your life...and have gratitude for life every moment of your life...and there can be no holding you back in your ascension...

My Light enfolds you, My Power upholds you, and My Love breathes through you if you seek your home in the Light. May this same mighty radiance shed its Light to illumine, heal, and bless you with that Divine Love which will ever hold all close in the eternal embrace of The One Supreme Light.

Selfishness and the fascination of phenomena.

Yes.

What is an example of your outer activity of your mind...

When leaving home this morning, you thought you were going to work, that is, so far as the outer activity of your mind was concerned.

What really happens when things in your life happen...

In the deeper, larger sense, you are really following the urge of your inner God self that leads you to the person, place, and condition wherein your most intense desire could be fulfilled.

Can you desire that which is not possible of manifestation somewhere in the universe...

No.

How can you get your desire to be more quickly attained...

The more intense the feeling within the desire, the more quickly it will be attained.

Yes.

Is there a Great Law of Magnetic Attraction in the Universe...

Yes.

What is the Eternal Law of Life...

Whatever you think and feel you bring into form, where your thought is, there you are, for you are your consciousness and whatever you meditate upon, you become.

What happens when you allow your mind to dwell upon thoughts of hate, condemnation, lust, envy, jealousy, criticism, fear, doubt, or suspicion, and allow these feelings of irritation to generate within you...

You will certainly have discord, failure, and disaster in your mind, body, and world.

What happens when you persist in allowing your attention to be held by such thoughts of hate, condemnation, lust, envy, jealousy, criticism, fear, doubt, or suspicion, whether they be about nations, persons, places, conditions, or things...

You are absorbing those activities into the substance of your mind, your body, and your affairs: in fact you are compelling, forcing, them into your experience.

The need of guarding the feeling.

What plays the most important part of anything in life, in maintaining balance in the mind, health in the body, success and accomplishment in the affairs and world of the personal self of every individual...

Control of the emotions.

Thoughts can never become things until what happens...

Until thoughts are clothed with feeling.

What is the feeling side of life, the activity of Divine Love or the mother expression of Deity...

The Holy Ghost or Holy Spirit.

Why is the sin against the Holy Ghost referred to as that which brings such great distress...

Because any discord in the feeling breaks the Law of Love, which is the Law of balance, harmony, and perfection.

What is the greatest crime in the Universe against the Law of Love...

Sending forth of every kind of irritable and destructive feeling.

How have the sinister destructive forces manifesting on this earth and in its atmosphere, generated by human thought and feeling, entered the affairs of individuals or nations...

Through the lack of control in the emotions of everyone's daily personal experience.

How can destructive thoughts express themselves as action, events, or become physical things...

By passing through the world of feeling.

In what phase of manifestation does the activity of coalescing the physical atom upon thought forms takes place...

Through the world of feeling.

What does the noise from a sudden explosion do...

It shocks the nervous system of the one who hears it setting up a trembling sensation in the cellular structure of the body.

What do the flares of irritated feeling do to you...

They shock, disturb, and disarrange the finer substance in the atomic structure of your mind, body, and world of the person who sends them out, consciously or unconsciously, intentionally or unintentionally.

What is the producer of conditions we call disintegration, old age, lack of memory, and every other failure in the world of human experience...

Giving expression to discordant thoughts and feelings in one's self.

What is the effect upon the body structure with discordant feelings...

It is the same as that produced upon a building: if the mortar holding the bricks together were to receive repeated shocks, and each day those shocks were to be increased...This continued shock would shake apart the particles composing the mortar, the building would collapse into a chaotic mass, and the form be no more.

What is mankind constantly doing to the atomic structure of the human body with discordant feelings...

Causing conditions we call disintegration, old age, lack of memory, and every other failure in the world of human experience.

What causes discord in your life...

Refusing to understand the Law of your own Being and bringing the personal self into obedience to that Law.

Should you avoid habits, be developed and disciplined, and willful, and understand the Law of your own being, and bring your personal self into obedience of that Law...

Yes.

What is the personal self...

It is but your instrument of expression.

What happens when you cannot or will not control your thoughts and feelings...

You are opening wide, in a bad way, every door of your consciousness to the disintegrating activities thrown off by other ruins and the emotions of other personalities.

Does it take strength, wisdom, or training to give way to unkind, destructive impulses...

No

I AM Teachings...

Are the full grown human beings who give way to unkind and destructive impulses but children in their development of self-control...

Yes.

What is a blight upon the life of mankind...

That so little control of the emotions is taught humanity from the cradle to the grave.

What is the greatest need in the world today...

Control of the emotions.

Why is it is easy to give way to discordant thoughts, feelings, and activities...

Because the mass of mankind are submerged as it were by environment and association entirely created by themselves.

Must you, through your control of the outer consciousness, make the effort to rise out of this condition of the discordant thoughts, feelings, and activities, by your own free will in order to transcend these limitations permanently...

Yes.

How can you rise out of this condition of the discordant thoughts, feelings, and activities in order to transcend these limitations permanently...

Through your control of the outer consciousness and by your own free will.

What must you do to your own thoughts and feelings...

Put them on a leash.

Can you hope to rid your life and world of misery, discord, and destruction until you leash your own thoughts and feelings...

No.

What happens when you leash your thoughts and feelings...

You refuse to let the life flowing through your mind and body become qualified by the discord resulting from every little disturbing occurrence in the world about you.

What do you need to do to refuse to let the life flowing through your mind and body become qualified by the discord resulting from every little disturbing occurrence in the world about you...

You must be disciplined and have determined, continuous effort.

Do the thoughts and feelings of ninety-five percent of humanity run as uncontrolled and free as a little tramp dog...

Yes.

Should you put in the effort, time, and energy to bring these activities under control of leashing your thoughts and feelings...

Yes.

Why is it that putting in the effort, time and energy to bring these activities under control of leashing your thoughts and feelings is worth any amount of time and energy expended...

Because no real, permanent dominion of your life and world can take place without it.

Will using and applying these higher Laws enable you to release true wisdom and bring about all perfection...

Yes.

What is the first step to controlling yourself...

The stilling of all outer activity of both mind and body.

How long should this exercise be done...

Fifteen to thirty minutes at night before retiring and in the morning before beginning the day's work.

What will this exercise do for you...

It will do wonders for you if you make the necessary effort.

What is the second step in this exercise...

Make certain of being undisturbed, and after becoming very still, picture and feel your body enveloped in a dazzling white Light.

The first five minutes while holding this picture, recognize and feel intensely the connection between the outer self and your mighty God within focusing your attention upon the heart center and visualizing it as a golden sun.

What is the third step in this exercise...

The next step is the acknowledgment 'I now joyously accept the fullness of the mighty God presence, the pure Christ.'

Feel the great brilliancy of the Light and intensify it in every cell of your body for at least ten minutes longer.

How should you close this mediation...

Close the meditation by the command 'I am a child of the Light, I love the Light, I serve the Light, I live in the Light, I am protected, illumined, supplied, sustained by the Light, and I bless the Light.'

Do you become that upon which you meditate on...

Yes.

Have all things come forth from the Light...

Yes.

What is the Light...

Light is the supreme perfection and control of all things.

What does contemplation and adoration of the Light do for you...

It compels illumination to take place in the mind; and health, strength, and order to come into the body, and peace, harmony, and success to manifest in your affairs, if you will really do it and seek to maintain it.

What are we told all the way down the centuries, in every age, under every condition, by all who have expressed the greater accomplishments of life...

The truth: that the Light is supreme, the Light is everywhere, and in the Light exist all things.

As far back as there is any record of humanity, what are the wise and great ones of all ages portrayed with...

A radiation of Light about them emanating from the head and body itself.

Is the Light real, just as real as the electric lights in your homes...

Yes.

Will machines be constructed to reveal the emanation of Light about every individual to the physical sight of anyone who cares to observe it...

Yes.

What becomes a cloud around the Light of God...

The contamination or discoloration which the personal self generates through discordant thoughts and feelings.

How does the contamination or discoloration which the personal self generates become a cloud around the Light of God...

Through discordant thoughts and feelings.

What is the only way by which the energy of the great life stream becomes polluted...

Through discordant thoughts and feelings.

Should you practice this meditation faithfully and feel it in every atom of your mind and body with deep, deep intensity...

Yes.

What will happen if you practice this meditation...

You will receive abundant proof of the tremendous activity, power, and perfection that abides and is forever active within the Light. You become your own proof.

What abides and is forever active in the Light...

The tremendous activity, power, and perfection.

Is the Light The Kingdom...

Yes.

Should you enter into the Light and the Kingdom and be at peace...

Yes.

Should you return to the Father's house...

Yes.

After the first ten days of using this meditation, how often should you do it...

It is well to do it three times a day, morning, noon, and night.

What is the response to the complaint: 'Oh! I cannot give all that time...'

To any who are of that opinion, I wish to say simply this: 'The time the average person spends in criticizing, condemning, and blaming people,

conditions, and things for not being something other than they are, if occupied with this recognition and use of the Light, will make heaven manifest on earth, for the individual who dares to try and has determination enough to maintain it.'

What will happen when you do this meditation...

It will make heaven manifest on earth for you if you do it and have the determination to maintain it.

Should you be criticizing, condemning, and blaming people, conditions, and things for not being something other than they are...

No.

Is anything possible...

Yes, nothing is impossible.

Does the Light ever fail...

No.

What does the Light do...

The Light is God's way of creating and maintaining order, peace, and perfection throughout His creation.

Can every person on earth have all the time he wants in which to do visualization, when his desire to do it is intense enough...

Yes.

What will the intensity in the desire itself do for you if you want to do this meditation...

It will reorder the world of people, conditions, and things so as to provide that time, if you earnestly wish to use it for your upward climb.

What happens when the intense desire to do anything constructive is intense enough...

Then it becomes the God power that releases the energy necessary to create and express the thing desired.

Does everyone have the same supreme privilege of contact with the all-powerful presence of God...

Yes.

What is the only power that ever did, does now, or ever will raise the personal self and its world above earthly discord and limitation...

The all-powerful presence of God.

What is your certain victory...

God in you.

How do you give proof of your dominion over the elements...

By precipitation.

How is making an Ascended Master come to you possible in a much more tangible way, that is, tangible to your physical senses...

By raising your thought by your own conscious effort. Through your conscious effort of reaching out to someone of the Ascended Masters, this opens the way for them to come to you.

Do you have a finer body...

Yes.

Do you have an outer consciousness...

Yes.

Can an Ascended Master make their body take on the characteristics and dress of the nation with which they working at that moment...

Yes.

Are there inner levels of consciousness...

Yes.

What can you do in the ascended state...

You can control the atomic structure of your world as a potter controls his clay.

In the ascended state, is every electron and atom in the universe obedient to your desire and command...

Yes.

How is it that in the ascended state, every electron and atom in the universe is obedient to your desire and command...

Because of the God power by which you control it and of which you have earned the right to be the director.

In the ascended state, is it true that is it no more effort for you to change the appearance and activity of your body than it is for the ordinary human being to change his clothes...

Yes.

In human consciousness, what keeps humanity in their self-created limitations...

Their attitude of mind which either fears or ridicules what it does not understand, or what is still worse, in its ignorance says 'that is impossible.'

Can a thing not be probable under certain human conditions...

Yes.

What can change all human conditions so nothing is impossible...

The God self which is the great Light.

What does every individual have...

The Divine flame of life within him.

What part of the God part of yourself has dominion wherever you move in the universe...

The Divine flame of life within you.

What happens if you, because of your own mental inertia, will not exert the necessary effort to reorder your age old habits of mind and body...

You go on bound by the chains of your own forging.

What happens if you choose to know the God within yourself and dare to give that God self all control of your outer activities...

You will receive the knowledge once more of your dominion over all substance which has been yours from the beginning.

Are many of humanity now rapidly awakening...

Yes.

What must you understand about reincarnation...

That you have lived again and again in hundreds, sometimes thousands of lives, each time in a new physical body.

What is The Law of re-embodiment...

It is the activity in human growth that gives you an opportunity to re-establish a balance in conditions that you have consciously caused to be thrown out of balance and it is but one activity of the Law of Compensation.

What is the Law of Compensation...

It is cause and effect, or what might be called an automatic balancing process, governing all forces everywhere in the universe.

What does the right understanding of the Law of Compensation give you...

The explanation of many conditions in human experience, which otherwise seem wholly unjust, and it is the only logical explanation for the infinite complexities and experiences of human creation, and reveals the operation and the Law upon which all manifestation rests.

Are there such things as chance or accident...

No.

Is everything under direct, exact, and perfect Law...

Yes.

Does every experience of consciousness have a former cause, and is everything at the same instant the cause of a future effect...

Yes.

What happens if a man be unjust or has injured a woman in one life...

He is certain to be reincarnated in a feminine form and pass through a similar experience until he realizes and experiences that which he has caused another to endure. The same thing is true if a woman be unjust or injures a man.

What is the only way by which you are compelled or rather compel yourself to experience both the cause and effect of everything which you generate in your world...

By passing through a similar experience until you realize and experience that which you have caused another to endure.

Can you create and experience whatsoever you will in your own world...

Yes.

What happens when you choose to do that which causes others to experience discord...

Then you compel yourself to go through a similar condition until you understand what the effect of your own creation is upon the rest of the life of the universe.

Can you immediately, without the least effort on your part, stand outside your physical body, seeing it clearly as it is reposed upon the ground, and then rise rapidly from the ground...

Yes.

What records all that has ever transpired in a locality...

The atmospheric ether of every environment.

Can an Ascended Master revivify etheric records allowing you to see living pictures, giving every detail of your past life...

Yes.

What happens when someone dies a physical death...

When someone passes, they pass through the change called death.

What should you not allow to take over you...

Greed.

When you are given a chance to right a wrong you did in the past, what should you do...

Be strong enough to permit the working out of the great Cosmic Law of Justice and balance that debt.

What happens when you right a wrong of your own volition...

It will give you freedom in many ways and enable you to progress much more rapidly in this embodiment.

The outer life keeps you bound to the wheel of necessity, rebirth, continued struggle, and pain until you do what...

Until you let the Light of the Christ within illumine and purify you that you may respond only to the plan of God, Love, Peace, and Perfection for His creation.

Does objective teaching record the experience in the vision as well as in the mind, making the lesson a lesson that you never forget...

Yes.

Is the record in the sight deeper and necessarily receiving more attention from the outer activity of the intellect...

Yes.

Can a locality be replaced by the activity in the ether, as it had originally been in all its beauty and splendor, far more magnificent than anything of which the present generation has any concept...

Yes.

What happens when a locality is revived...

The entire locality becomes living, real, vibrant, and just as tangible as any physical city on earth today and it is so perfectly natural and normal making these experiences so vivid.

Do you and you creations, as well as nature, have an etheric counterpart...

Yes.

You and your creations have an etheric counterpart, what is this etheric counterpart...

It is a pattern which makes its eternal impression upon the atmosphere about you wherever you go.

Where is the pattern of your activity and life experience...

Within your own aura all the time and a similar record exists in the aura of every locality.

Can an Ascended Master, if he chooses, revivify or re-clothe your record of former activities wherever you happen to be...

Yes.

Where is the pattern upon which the Master coalesces the atomic structure when revivifying your record...

It is always in your aura.

When the Master re-clothes the record of a locality, where must he do it and why...

He must do it in the same specific place, for such a record, when re clothed, becomes the same living form and structure that it was when first built in physical substance.

What can you see when the Master re-clothes the record of a locality...

It is possible to coalesce again the physical structure of entire buildings and their surroundings, when the Ascended Master so desires, for the accomplishment of some good purpose.

What happens when you have attained this God given dominion of re-clothing records...

You can re-clothe and reanimate any etheric record you desire to make visible for the instruction and benefit of students and others.

How are etheric records that are re-vivified seen...

They are as real as reality itself and the re-clothed objects can be photographed, handled, and made physically tangible to the physical senses of the one observing them. You then became a living actor and at the same time observer of the experience.

Do you have a finer body...

Yes.

What is your physical body...

Only a garment which you, the self-conscious, thinking, and experiencing individual, wears.

Do you have a Twin Ray...

Yes.

When you are confronted with danger, can you raise your right hand and point directly at the threatening person causing a flash of flame to shoot forth like lightning toward that person to defend yourself or others...

Yes.

Can you be fully conscious of the power you can wield and be the very embodiment of self-control of illimitable force consciously held in obedience to your will and be majesty crowned with eternal power...

Yes...

Must you have control over yourself and not allow a wave of blind rage to sweep over you...

Yes.

How does the quality within every force react upon the one who sends it out....

If you come with the qualities of hate, selfishness, and depravity within your feelings, another person can direct the force of which he is the master toward you, and it will take on your qualities that you sent out the moment it touches your aura. That other person merely will turn your own feelings and selfishness back upon yourself. And that person, in his unselfish effort to protect another, will himself also be protected.

What is the only way to avoid the cosmic wheel of cause and effect, the necessity for re-embodiment...

Through the conscious effort to comprehend the Law of Life. You must earnestly seek the God within, make permanent, conscious contact with that inner self and hold firmly to it in the face of every condition in the outer life.

How does the cloak of invisibility work...

The Ascended Masters many times draw about their bodies the cloak of invisibility, when moving among those in physical form.

Can the Great Ascended Masters take their bodies with them wherever they go, and manifest, or bring into visibility anything they desire to use direct from the universal...

Yes.

What is the Law concerning Desire...

It has its importance and activity as a motive power in the Universe, to propel forward new ideas, compelling an expansion of consciousness to take place within the life of every individual.

What is Constructive Desire...

It is the expanding activity within life, for it is only in this way that greater and greater ideas, activity, and accomplishment are pushed through into expression in the outer world of substance and form.

What is within every right desire...

The power of its fulfillment.

Is man is the son of God...

Yes.

What are you commanded by the Father to do that you must do...

To choose how you shall direct the life energy and what quality you wish your fulfilled desire to express.

Is free will your birthright...

Yes.

What is the function of the outer activity of the intellect and the purpose and duty of the outer self...

To guide all expansion into constructive channels.

What happens when you allow the great life, or God energy, to be used only for the gratification of the sense desires, the habit of the mass of mankind in its destructive use...

This is always, without any exception, followed by inharmony, weakness, failure, and destruction.

The constructive use of desire is the conscious direction of what...

Of this limitless God energy by wisdom.

What does all desire directed by wisdom carry...

Some kind of blessing to the rest of creation.

All desire directed by the God within goes forth with what...

With the feeling of Love and blesses always.

Should you trust that your needs will be supplied directly from the universal...

Yes.

What should you do when confronted by an animal and you are scared...

Realize that you have the mighty presence of God right within you and that this presence is all Love. This beautiful animal is a part of God's life also, so make yourself look at the animal, directly in the eyes. Realize that one part of God could not harm another part and be conscious of this fact only. Then a feeling of Love will sweep over you, and go out like a ray of Light directly to the animal and with it will go your fear. You will then conquer fear, and your outer self, and you will pass the test of courage.

What happens when things happen in your life...

It is part of the inner operation of the Great Law.

What is another way of traveling...

Instead of going forth from the body, you can use the projected consciousness of travel.

What are all the Laws explained and taught you designed to do...

To bring you into a condition of conscious mastery over all forces and things on earth.

What does conscious mastery over all forces and things on earth mean...

That no matter what is being experienced, you are always at every instant in complete, conscious control of your own mind and body and able to use your own free will at all times.

What happens when you are in this state of projected consciousness...

You are completely conscious and have full mastery over all your faculties at every instant.

Is there anything whatsoever about any of this instruction and its use that is either of the trance or hypnotic condition at any time...

No.

What happens in both trance and hypnosis...

The experiencing individual's conscious will is not functioning, which is a most dangerous and disastrous activity to anyone who permits it to take place in his mind and body.

Is there conscious mastery or dominion in trance or hypnotic practices...

No.

Why should you not do trance or hypnotic practices...

They are most uncertain and dangerous to the soul growth of the one who permits such practice.

What should the conscious control, mastery, and use of the forces and things on this earth at all times be under...

The direction of your inner or God self through the perfect cooperation and obedience of all outer faculties in both mind and body, to that inner guidance and there is no such thing as mastery without this.

Do the Ascended Masters ever intrude any activity upon the God given prerogative of your free will.

No.

Can you be given the experience of projection if an Ascended Master chooses to expand your consciousness temporarily...

Yes.

What will you experience with projection or projected consciousness...

You will experience things happening in two or more places at the same time.

With projected consciousness, are your faculties completely under the control and direction of your own free will at every moment...

Yes.

How do you function with projected consciousness...

You are fully conscious and active wherever your body may be and also at the place to which the Ascended Master chooses to direct your attention for the instruction.

Why does an Ascended Master temporarily raise the consciousness of the student...

To show you how you may do this same thing for yourself by your own effort consciously and at will.

How is projected consciousness done...

It is but increasing the rate of vibration of the atomic structure in both the mind and body of the student.

How do you increase the rate of vibration of the atomic structure in both the mind and body...

By the radiation from an Ascended Master and this is an activity of the Light which increases the vibratory rate up to the keynote you set for the experience.

In the higher rate of vibration, how are your faculties used...

You use your faculties of sight and hearing exactly as you do in daily life, except that they are expanded into the next octave or zone above the human. Such use of your senses is the same as you experience every moment of the waking state because you can become aware of that which is near and that which is distant at exactly the same instant.

What is expansion or contraction of your consciousness dependent entirely upon...

What you desire.

What is expansion or contraction of your consciousness subject to...

Your free will and conscious direction.

What is an example of projected consciousness...

You can of your own choice be conscious of a certain tree in your garden or of the entire garden. You use the same faculty of sight to observe both, and use it in exactly the same way. When you want to see all of the garden, you make your sight enlarge its activity until it takes in all you desire. The larger expansion still includes the smaller.

Must you be conscious of the full control of all your faculties in both places at the same time...

Yes.

What is projected consciousness really an enlargement of...

The force field in which the sight acts.

How is the use of your faculty of sight in this projection or expansion of consciousness accomplished...

By the raising of the vibratory rate in the optic nerve.

What does projected consciousness correspond to...

That which takes place when you use a field or marine glass.

In ordinary experience, has human consciousness been accustomed to use its faculties only within certain zones or force fields...

Yes.

What is an example of how in ordinary experience, human consciousness has been accustomed to use its faculties only within certain zones or force fields...

You can listen to the sound of a person's voice who is physically present in the room speaking to you and can you also hear the bell of a telephone ring somewhere else in the house at identically the same instant.

Are all the faculties of the outer activity elastic...

Yes.

How may the faculties of the outer activity be used...

They may be used as either a microscope or a telescope depending entirely upon your desire and will.

If you can be conscious of sound in the room in which your physical body stands, and also be aware of sound two or three rooms distant, by exactly the same process, in a still farther expansion of this faculty, can you hear at a more distant place...

Yes.

How can you hear at a more distant place...

You must increase the vibratory rate until it reaches into the more distant zone.

Is projected consciousness a great inner God activity...

Yes.

Do the outer senses merge perfectly and readily into the inner and what has been two becomes one...

Yes.

Can this activity of consciousness be applied to all the other senses as well as those of sight and hearing...

Yes.

Is such a raising process natural, normal, and harmonious...

Yes.

Is the raising process as simple as the tuning of your radios to any desired wavelength...

Yes.

Are radio wavelengths and those of sight and hearing parts of the same activity..

Yes.

Does sound contains color and color contain sound...

Yes.

In ordinary daily experience, what can human beings hear and see whenever they become still enough...

They can hear color and see sound.

Within certain octaves or zones, vibration registers upon the nerves of the eyes and what is the result...

It is what we call sight.

Within certain octaves or zones, vibration registers upon the nerves of the ears and what is the result...

It is what we call hearing.

What does the average person's eyes only see...

Only objects whose vibratory rate comes within these certain octaves for they do not see below the infra-red, or above the ultra violet ray or zone.

How can you see into the next octave above the human...

Through the radiation of an Ascended Master, the atomic structure of the brain and eye vibrates fast enough to expand into the next octave above the human.

How can this same activity be expanded several octaves farther...

Either by the Master's radiation or at the command of your inner or God self.

Do many people have such experiences involuntarily and rarely understand what they mean or how they come about...

Yes, in cases where individuals have had moments of transcendent consciousness or been highly inspired, this is what has occurred, although they seldom recognize the assistance they have been given.

Does projected consciousness or vision have anything whatsoever to do with mental pictures produced by suggestions that exist only in the minds of other human beings...

No.

How are mental pictures produced by suggestions that exist only in the minds of other human beings...

Such thoughts and pictures are but flashed directly into the mind of another person by the one sending the suggestion.

How can you compare mental pictures produced by suggestions that exist only in the minds of other human beings...

It is the same activity that takes place when one reflects the image of the sun into a mirror and then deflects it upon the wall.

How is suggestion different from projected consciousness...

The same as thinking about a place is different from being physically present.

What do you feel with projected consciousness...

Projection is vivid, living, real, as when your physical body is going through an experience for it is the action of your inner God self with whom the Ascended Master is ONE, the supreme. You will be outwardly conscious of going through experiences shown you in thought, feeling, and action. The entire operation is as natural and normal as breathing, and the only unusual sensation about it is the feeling of greater freedom and a sense of dominion.

What happens when you remember your Source and know yourself as a Son of God...

You become the possessor and operator of power and wisdom that to you may seem miraculous and super human.

Are there such things as miracles...

No, for all is according to Law and that which seems miraculous to the present concept of humanity is but the result of the application of laws to which mankind's present consciousness is unaccustomed and so seems strange and unusual.

Is all manifestation that seems miraculous to your present consciousness found to be just as natural and normal an experience as the forming of words are to one who has learned the use of the alphabet...

Yes, as it is all but the action of an ever expanding, ever progressing manifestation of life in form and that comes about at all times through an orderly process of Law in Love and peace.

No matter how strange, unusual, and impossible an experience seems to humanity's present mental state, is it proof that there is not a greater Law and a wiser intelligence acting to produce greater wonders of creation and surrounding us all the time...

No.

Is it true that the knowledge of the greatest minds of humanity in the outer world today is to this great inner wisdom and power as the understanding of a small child is to the study of calculus.

Yes.

What should you retain and remember...

The full conscious use of all your wisdom and power as a son of God and this you should wield almost without limit knowing full well from where you sprang, and to what you are heir.

What is the outer allowed to do...

The outer is but the instrument of the Divine Self, as it should be, and is only permitted to do that for which it was created.

Can the great inner self act unfettered...

Yes.

How many rays of Light are there...

Seven.

Should your work be under your care by conscious and direct contact with the God in yourself...

Yes.

From where should all direction and instruction come from...

Direct from your Source.

What happens when all direction and instruction comes directly from your Source...

Divine perfection is constantly flowing through without any interference from the human.

What are former civilization sometimes referred to as...

The Golden Age.

Will there be a recognition of the real inner self which people will express in high attainment...

Yes.

What will happen with America...

She is a land of Light and her Light shall blaze forth brilliant as the sun at noonday among the nations of the earth. She was a land of great Light ages ago and will again come into her spiritual heritage for nothing can prevent it.

She is strong within her own mind and body, stronger than you think, and that strength she will exert to rise out of and throw off from border to border all that weighs heavily upon her at the present time. America has a destiny of great import to the other nations of the earth and those who have watched over her for centuries still watch.

Through their protection and love, she shall fulfill that destiny. America! We the Ascended Host of Light love and guard you. America! We love you.

A similar form of perfect government will come at a later period, when you have cast off certain activities within that hang like fungi and sap your strength as a vampire.

Beloved ones in America, be not discouraged when the seeming dark clouds hang low. Every one of them shall show you its golden lining.

Back of the cloud that seems to threaten, is the crystal pure Light of God and His messengers, the Ascended Masters of Love and perfection watching over America, the government, and her people. Again I say, America, we love you.

One by one, great awakened souls are coming forth who will become clearly conscious of their own mighty, inherent God power and such as these will be placed in all official positions of the government. They will be more interested in the welfare of America than in their own personal ambitions and private fortunes. Thus will another Golden Age reign upon earth, and be maintained for an aeon.

Who are God's messengers...

The Ascended Masters of Love and perfection.

Should you be awakened and clearly conscious of your own mighty, inherent God power...

Yes.

Should you be more interested in the welfare of humanity than in your own personal ambitions and private fortune...

Yes.

If you are spiritually advanced, will you be able to go from place to place in your finer body and do all you desire...

Yes.

If you are spiritually advanced, will you be able to transport the physical body at will...

Yes.

If you are spiritually advanced, will the use of your power allow you to overcome gravity and be as natural as breathing is to you...

Yes.

Is gold a common commodity in all Golden Ages...

Yes.

What is gold's natural emanation...

A purifying, balancing, and vitalizing energy or force.

Who are the Lords of Creation...

Those Great Beings of Light and Love who create and direct worlds, systems of worlds, and the evolution of the beings upon them.

How does gold get to earth...

It is placed within the earth by the Lords of Creation, those Great Beings of Light and Love.

Does the outer mind or intellectual knowledge of humanity hold within it little, very little understanding of the real purpose for which gold exists on this planet.

Yes.

Does gold grow within the earth like a plant...

Yes.

What does gold do...

Through it, gold is constantly pouring a purifying, vitalizing, and balancing current of energy into the very ground we walk upon as well as into the growth of nature and the atmosphere we breathe.

Is gold placed upon this planet for a variety of uses...

Yes.

What are two of gold's most trivial and unimportant uses...

That of using gold as a means of exchange and for ornamentation.

What is the greater activity and purpose of gold within and upon the earth...

The release of its own inherent quality and energy to purify, vitalize, and balance the atomic structure of the world.

Does the scientific world today have any inkling as yet of the activity of gold...

No.

Does gold serve the same purpose to our earth that radiators do to our homes...

Yes.

Is gold one of the most important ways by which the energy from our sun is supplied to the interior of the earth, and a balance of activities maintained...

Yes.

As a conveyor of the energy from our sun, what does gold do...

It acts as a transformer to pass the sun's force into the physical substance of our world as well as to the life evolving upon it.

What is the energy within gold...

It is really the radiant, electronic force from the sun acting in a lower octave.

What is gold sometimes called...

A precipitated sunray.

Is the energy within gold of an extremely high vibratory rate...

Yes.

Can gold only act upon the finer and more subtle expressions of life through absorption...

Yes.

In all Golden Ages, does gold come into plentiful and common use by the mass of the people...

Yes.

What happens when gold comes into plentiful and common use by the mass of the people in Golden Ages...

The spiritual development of that people reaches a very high state.

In Golden Ages, is gold ever hoarded...

No.

What happens to gold in all Golden Ages...

It is widely distributed into the use of the mass, who absorbing its purifying energy, are themselves raised into greater perfection.

What is the right use of gold and when is this Law consciously understood and obeyed...

To have gold widely distributed into the use of the mass, and those who absorb its purifying energy, are raised into greater perfection.

In Golden Ages, can you draw any quantity you desire to yourself by the use of that Law...

Yes.

Are there gold deposits in all mountain ranges...

Yes.

Can you find health and vigor in life upon the mountains that you cannot find at any other place on the earth's surface...

Yes.

Have there ever been any detrimental effects coming to those who constantly handle pure gold...

No.

What happens to gold in its pure state...

It is soft and wears away easily, still that very quality is the fulfilling of this purpose just spoken.

What do the more advanced people do with gold in Golden Ages...

They produce much gold by precipitation, direct from the universal.

Can anything you want be precipitated, direct from the one eternal substance...

Yes.

As in all ages past, was there a portion of the people who became more interested in the temporary pleasures of the senses than in the larger, creative plan of the great God self...

Yes.

What causes people to lose consciousness of the God power throughout the land...

Becoming more interested in the temporary pleasures of the senses than in the larger, creative plan of the great God self.

What must people learn through hard experience...

That all their happiness and good comes from the adoration to the God within.

What must you do to be happy...

Come back into the Light.

What should you not do...

Become deeply enmeshed in the sense gratification.

Are there levels of greater spiritual authority...

Yes.

Should you worship the great God self, of whose “Supreme” presence you should be keenly and constantly aware...

“We adore Thee, and look only unto Thee, the presence in all things visible and invisible, evolved and unevolved, Thou ceaselessly flowing stream of life, who dost forever pour Thyself into all creation, the one self in all.”

“My heart calls unto Thee as never before to arouse these, my people, to their danger, for of late, indifference to Thee is creeping over them like a poisonous breath, producing a soul sleep and drawing a veil before them that shuts out Thy shining presence.”

“If they must have the experience that consumes and burns away the dross and clouds of the outer self, then do Thou sustain and at last bring them forth in Thy eternal perfection, Supreme Omnipotent God.”

Should you adore The Mighty Omnipresent Source, and look only unto Source...

Yes.

What is in the flame in each human heart...

The Mighty Omnipresent Source.

Who governs the Universe...

The Mighty Omnipresent Source.

What happens when discord comes to you...

There will then be an indifference to Source that creeps over you like a poisonous breath, producing a soul sleep and drawing a veil before you that shuts out Source's shining presence.

How can you remove this discord...

You must have the experience that consumes and burns away the dross and clouds of the outer self.

Should you have gratitude to life for Love, for the magnificence of experience that you enjoy every moment, every hour, every day, year after year...

Yes.

Who does all this you call your own belong to...

It has always belonged, does now, and always will belong to the one great Source of life, Light, Love and all good – GOD – the Supreme, the adorable, the all-pervading One.

What does God do...

He showers upon you constantly, pure, perfect, and uncontaminated the energy of life. God is the giver of all good and He bestows in Supreme Love that ceaseless perfection.

What have humans done and unfortunately offered to God...

They have misused the energy of life and created conditions so destructive and painful that they can no longer be endured. Then they turn in either desperation, agony, or rebellion and call upon God for relief from their misery.

What is the only condition, upon which the one great self gives all...

The only condition upon which the one great self gives all is its right use that it may bless the rest of creation with infinite joy, harmony, and activity.

What do a lot of people do, that they should not do, when in the depths of misery...

They turn to their Source, for relief from their misdeeds, they either cry in the agony of despair or, if rebellious, blame life and the Source of all good for allowing, what they call injustice and wrong conditions to exist in them and their world.

Your personal self that is unjust and unfair to life who creates the misery on earth. You are creating this because you have free will to create as you choose, through your own thought and feeling, and you and humanity dare to bring into existence the discord, misery, and deformity that expresses upon earth. Yes.

Why does the condition of misery, that has followed since past Golden Ages, come about...

What happens when you seek to exist without Love.

You cannot survive long anywhere in creation and such efforts are bound to bring failure, misery, and dissolution and by its very condition, it must return to chaos, the unformed, so it may be used over again in combination with Love, and thus produce a new form.

What is the Law of Universal, as well as Individual Life...

When you look away from Love, you are deliberately and consciously choosing the experience of chaos. When you seek to exist without love, then you cannot survive long anywhere in creation and such efforts are bound to bring failure, misery, and dissolution and by its very condition, it must return to chaos, the unformed, so it may be used over again in combination with Love, and thus produce a new form.

The Divine wisdom became clouded or covered over and the Cosmic Divine Plan of the individual's life became submerged. Perfection and conscious control by mankind over all form was hidden and forgotten along with it. He deliberately and consciously turned his back upon the perfection and dominion with which the Father endowed him in the beginning.

What would happen if all the gold stored were to be released into the outer activity of the world...

It would compel sudden re-adjustment in every phase of human experience. At present, it would not be the part of wisdom.

Who has been the guardian of the human race since its first appearance upon earth...

Great Cosmic Masters.

Is the infinite wisdom and power of those great Cosmic Masters, who have been the guardians of the race since its first appearance upon earth, almost beyond the comprehension of the human mind...

Yes.

Has anyone in this world ever accumulated a great amount of wealth without the assistance and radiation of some Ascended Master...

No.

Are there occasions in which individuals can be used as a focus of great wealth for a specific purpose, and at such times greatly added power is radiated to them for through it they can receive personal assistance...

Yes.

Is such an experience in which individuals can be used as a focus of great wealth for a specific purpose, and at such times greatly added power is radiated to them for through it they can receive personal assistance, a test and opportunity for their growth...

Yes.

What must you try and do...

Transcend all limitations of the physical world.

How is all unusual accomplishment that takes place in human activity, no matter what the particular channel may be, always attained...

Through the assistance of super human Love, wisdom, and power from an Ascended Master because he has transcended all limitations of the physical world and for this reason more than ordinary success is due to his greater power through radiation.

Are there the inner planes and levels of consciousness...

Yes.

What did the Ascended Host of Masters establish in 1887...

A school on the inner planes for the specific purpose of instructing those who have misused wealth and revealing fully the results of their mistakes.

What happens at the school that instructs those who have misused wealth and revealing fully the results of their mistakes...

Such as these are taken and told the truth concerning the universal Law governing all wealth, and the results that come from influencing others to perpetuate their wrong ideas and mistakes.

They are given complete freedom to accept or reject the proof offered. They always accept and abide by the instruction given.

Who is the only real owner and controller of all wealth...

The Great God self.

What does the Great God Self do with respect to wealth...

That presence appoints keepers of his treasures on every plane of life, whether it be Light, wisdom, substance or physical riches.

Should you have inner strength...

Yes.

Must you be prepared outwardly to do great things...

Yes.

Who really governs the wealth of the world...

The Ascended Masters.

What is wealth used for...

A test of the soul strength of the individual.

Is wealth a trust given to those who should be strong enough to use it only constructively...

Yes.

Is it true that few, very few, really pass that test to use wealth constructively under the temptation existing in the world at large today...

Yes.

Can the Ascended Masters, if they choose, raise the humblest of God's children, who have sufficient preparation, into wealth, power, and prominence, if by so doing help can be given to many others, through such accomplishment...

Yes.

Is there an Ascended Master known as Amen Bey...

Yes.

Is there a sign uniting the finite with infinity...

Yes.

Is there a cosmic screen upon which living pictures in all dimensions could be portrayed with no limit to the space that could be observed...

Yes.

Is it self-evident that everything which had or ever could take place in all eternity might be made visible on this screen if the directing intelligence so desired...

Yes.

What happened with the Continent of Mu...

There was accomplishment of its people that reached a height of that civilization. This covered a period of thousands of years. Then came events that surely must have been a reign of terror to the inhabitants of that land.

A cataclysm occurred which tore the surface of the earth until all collapsed within itself.

The ancient land of Mu sank beneath the waves of what is now the Pacific Ocean, where it still rests wrapped in its mantle of water. Again it will rise and once more absorb the life and Light of the physical sun.

What should you do...

Serve the Light and have restraint to your lower nature.

Should you become aware of the great inner God power within you...

Yes.

What should you not do...

Misuse the mighty God energy and do not let the human side of your nature or outer activities usurp the great energy. Avoid selfishness and the misuse of this transcendent wisdom and power. Avoid the deliberate misuse of knowledge and power.

What happens when things are thrown out of balance...

The tearing apart of the earth's surface by cataclysmic action is re-experienced.

What happened with the Continent of Atlantis...

Next, came the growth to beauty, wisdom, and power of Atlantis, a great continent covering a large part of what is now the Atlantic Ocean.

At that time, there existed solid land between Central America and what today is Europe.

The things accomplished in that age were tremendous but again the people's misuse of the mighty God energy overwhelmed them and as things were thrown more and more out of balance, the tearing apart of the earth's surface by cataclysmic action was re-experienced.

It left but a small remnant of Atlantis, merely an island in mid ocean, cut off from close contact with the rest of the civilized world.

The east and west portions of the land had sunk beneath the Atlantic Ocean, leaving only the island called Poseidonis.

It had been the heart of the then known civilized world, and preparation was made to protect and preserve its most important activities, as a central focus to carry forward certain unfinished work.

In that period, very great attainment was reached both spiritually and materially.

The mechanical development of this cycle reached a very high state of achievement, and one of its most remarkable expressions was the perfection of their aerial navigation.

The air transportation of our modern life is as yet very crude and primitive compared to what was then on Atlantis.

I AM Teachings...

The great Masters of Light and wisdom made this possible for the people of Poseidonis because they inspired, instructed, protected, and revealed knowledge of great advancement in every phase of human activity.

A large portion of these people became aware of the great inner God power within the individual but as before, the human side of their nature or outer activities again usurped the great energy.

Selfishness and misuse of this transcendent wisdom and power gained the ascendancy to even greater height than before.

The Masters of the ancient wisdom saw the people were building another destructive momentum and that a third cataclysm was threatening.

They warned the inhabitants again and again as previously but only those who served the Light gave heed.

Great buildings were constructed of imperishable material, where records were placed, that have been preserved through the centuries.

These remain in a state of perfect preservation now on the bed of the Atlantic Ocean, hermetically sealed.

They will be brought to the light of day by the great ones who directed their preparation and control their protection.

In them are recorded humanity's advance and accomplishment of that period, so there has been no permanent loss to mankind of the activities of the Atlantean civilization.

Beside the preserving of such records, great wealth, principally gold and jewels, was transferred at that time to other points of safety.

This has been and will continue to be guarded over the centuries and used at a future time for the uplift and advancement of generations yet unborn.

The final cataclysm spent its momentum, and the last remaining fragment of a once world empire sank to rest for purification through the centuries beneath the present Atlantic Ocean.

I AM Teachings...

The remembrance of Atlantis and her people, unlike the lost continent of Mu, has not been entirely forgotten or obliterated in the history of mankind for it has been recorded in many ways through the centuries.

Even though twelve thousand years have elapsed since the sinking, fragments of information concerning it still drift to us from most unexpected channels.

Myths and legends abound in reference to Atlantis and these are two avenues which preserve to mankind certain actual conditions that have been upon the earth in one age or another.

As time goes on, indisputable proof of its existence and the height of its attainment will be revealed by oceanography, geology, and other scientific data.

What happened with the ancient civilizations of the Gobi and Sahara Deserts...

They rose and fell. The decline in each of these was due this time not to cataclysmic action, but to being overrun by hordes of primitive souls taking embodiment in that cycle.

What should you strive to attain and deliberately not misuse...

The conscious use of knowledge and power. You must be past all temptation to misuse knowledge and power.

What is Wisdom...

It is the right use of all that manifests.

What happens when you realize that wisdom is the right use of all that manifests...

You become an open door to all good that abides in creation.

Is the human considered your lower nature...

Yes.

To rise to your greatest height requires and demands what...

The right use of knowledge and power. These always demand humility, obedience of the intellect to the God self within, absolute and unconditional control of the human or lower nature in those who seek such gifts if they are to avoid destruction.

What happened with Egypt...

Next came pictures of Egypt, her rise and fall, the latter being due to the deliberate misuse of knowledge and power by a large number of the humanity embodied in that land whose predominant qualities were pride of their intellectual accomplishments and rebellion against the restraint of their lower nature.

Egypt rose to her greatest height by the right use of knowledge and power.

These always demand humility, obedience of the intellect to the God self within, absolute and unconditional control of the human or lower nature in those who seek such gifts if they are to avoid destruction.

The souls embodied in Egypt during her decline were not undeveloped, as were those in the civilizations of the Gobi and Sahara Deserts.

On the contrary, they had attained the conscious use of knowledge and power, and deliberately chose to misuse it.

This activity has nothing whatsoever to do with wisdom, for those who are the eternal inheritors of the gifts from that Divine Goddess must forever be past all temptation to misuse knowledge and power.

Wisdom is the right use of all that manifests and he who realizes this self-evident immutable truth becomes an open door to all good that abides in creation.

The reference to Egypt as a land of darkness is most unjust for out of Egypt in her earlier cycle came very great Light, and out of Egypt will again come very great Light.

What did Jesus do...

He poured out His blazing Light and Love as the Christ. The coming of Jesus was an initiation to the people of our world and a Cosmic command to use the power of Divine Love in all their future activities.

What was the effect of Jesus's accomplishment...

The accomplishment of His life stands eternally recorded upon the atmosphere of this planet and acts as a magnet, drawing mankind unto a like perfection.

What did Jesus call forth...

He called forth once again the Cosmic, Divine, blue print and revealed the decree for the incoming age. That plan is complete dominion over all things finite through the full stature of the Christ within every human being.

What did the outpouring of Jesus's Love to the earth at its darkest cycle become...

It became the birth of the Christ child in the individual.

What happened as a result of Jesus's transfiguration, resurrection, and ascension...

Such an overwhelming flood of God's perfection spread over the earth that never again can so vast a darkness encompass humanity in any age.

What happened with the rise and fall of the Roman Empire...

When the darkness and degradation of those centuries had reached their lowest point, Jesus appeared pouring out His blazing Light and Love as the Christ and through His transfiguration, resurrection, and ascension, such an

overwhelming flood of God's perfection spread over the earth that never again can so vast a darkness encompass humanity in any age.

The accomplishment of His life stands eternally recorded upon the atmosphere of this planet and acts as a magnet, drawing mankind unto a like perfection.

The coming of Jesus was an initiation to the people of our world and a Cosmic command to use the power of Divine Love in all their future activities.

This outpouring of His Love to the earth at its darkest cycle became the birth of the Christ child in the individual.

He called forth once again the Cosmic, Divine, blue print and revealed the decree for the incoming age.

That plan is complete dominion over all things finite through the full stature of the Christ within every human being.

What happened with the reign of Richard the Lion Heart of England...

Humanity has little or no knowledge of the real, spiritual activity that took place during those years.

The same Light that inspired Richard's enthusiasm and activities in the crusades, released through his followers and the people of that time certain forces that the Ascended Host used at inner levels of consciousness.

Can anything possibly be gained by focusing the attention upon war...

No.

What happened with WWII...

Only a few individuals know the real cause and no doubt it is for the best more do not.

It is too destructive for the consciousness to contemplate. Nothing can possibly be gained by focusing the attention upon war. This too perhaps

was the reason why the period from Richard to the world war was not portrayed.

What happens when you consciously focus and direct enormous rays of Light..

It gives you power to consume, dissolve, and transmute.

Do the Ascended Masters dissolve the cause and greater part of the accumulated momentum of the world's recent conflict...

Yes.

How do the Ascended Masters dissolve the cause and greater part of the accumulated momentum of the world's recent conflict...

By consciously focusing and directing enormous rays of Light whose power to consume and transmute is too stupendous for finite description.

Is a Cosmic moment going to arrive...

Yes.

What have the Ascended Masters been watching for and why...

These perfected ones have been watching for the Cosmic moment to arrive when they might perform for humanity a service of Love that has been long awaited and of which mankind has as yet little or no comprehension.

Is the Golden Age now dimly touching our horizon...

Yes.

Are many changes to come in the surface of the land itself...

Yes.

What country is to carry the Christ Light and be the guide for the rest of the earth and be the heart center of the Golden Age that is now dimly touching our horizon ...

America.

What is the progress of North America...

The Divine Plan for the future of North America is a condition of intense activity in the greatest peace, beauty, success, prosperity, spiritual illumination, and dominion.

She is to carry the Christ Light and be the guide for the rest of the earth because America is to be the heart center of the Golden Age that is now dimly touching our horizon.

The greater portion of the land of North America will stand for a very long time. This has been known for thousands of years, yes for over two hundred thousand.

Are there many scenes and activities that have entirely escaped the recording of historians and the world of science because of their great antiquity...

Yes.

Is it true that as wonderful and beautiful as our moving pictures are today, they are mere toys when compared with the living, breathing, actual existence, revealed upon this cosmic screen...

Yes.

Is there the Great Ascended Master Lanto...

Yes.

What should you want to do...

Be ready to join in the conscious service of the glorious work at hand.

How does the opportunity come to you to join in the conscious service of the glorious work at hand...

Through the mighty victories you have won over the human self and outer world.

What should you do every day...

Accept in its fullness the mighty active presence of the great God within you and there can exist no such thing as failure anywhere along the path.

Is everyone, who sincerely seeks the Light, always known to the Ascended Masters...

Yes.

Will musical organs come into use in the outer world as the incoming Golden Age moves forward...

Yes.

What does an Ascended Master release in darkness allowing an area to be instantly illumed by manipulating the electronic substance about him...

White Light.

Does your body need exertion and activity...

Yes.

What is true visualization and what happens when you visualize...

True visualization is God's attribute and power of sight acting in the mind of man.

What are you using when you consciously picture in your mind a desire you wish fulfilled...

You are using one of the most powerful means of bringing it into your visible, tangible experience.

Is there much confusion and uncertainty in the minds of many concerning what actually happens when one visualizes or makes a mental picture of something he desires...

Yes.

No form ever came into existence anywhere in the universe unless what happens...

Unless someone had consciously held a picture of that form in his thought.

Does every thought contains a picture of the idea within it...

Yes.

Does even an abstract thought have a picture of some kind or at least a picture that is one's mental concept of it...

Yes.

Is there an exercise by which you may develop, consciously control, and direct your visualizing activities for definite accomplishment...

Yes, there are several steps to the process which you can use at any and all times.

Can this visualizing exercise and practice of this exercise bring visible, tangible results when really applied...

Yes.

What is the first step in the visualizing exercise...

The first step is to determine upon a definite plan or desire to be fulfilled.

What must you see and examine in this plan or desire to be fulfilled...

In this, see that it is constructive, honorable, and worthy of your time and effort and be sure to examine your motive for bringing such a creation into expression. It must be honest both toward yourself and the rest of the

world, not merely to follow a whim or gratify appetites of the physical senses.

What is the difference between use, desire, and appetite...

Use is the fulfilling of the great universal Law of service.

Desire is the expanding activity of God through which manifestation is constantly sustained and is perfection enlarging itself.

Appetite is but habit established by the continued gratification of the feeling nature and is but energy focused and qualified by suggestions from the outer activity of life.

What should you not have a feeling of in your desire...

Be very sure that there is no lurking feeling within that you would be glad to benefit at the expense of another.

What do you need to do to get the benefit out of this kind of training...

Take the reins into your own hands and determine to discipline and consciously control the human self.

How do you bring into manifestation a definitely determined plan of Life...

You choose what shall or shall not be in your world and through the process of picturing within your mind, you design and bring into manifestation a definitely determined plan of Life.

What is the second step in your desired plan...

The second step is to state your plan in words as concise and clear as possible. Write this down. Thus, you make a record of your desire in the outer, visible, tangible world.

What is the third step in your desired plan...

The third step is to close the eyes and see within your mind a mental picture of your desire or plan in its finished, perfect condition and activity.

I AM Teachings...

What is your ability to create and see a picture within your own consciousness...

This is God's attribute of sight acting in you.

Is your God Self within you at all times...

Yes.

The activity of seeing and the power to create are attributes of what...

Your God self which you know and feel is within you at all times.

What is acting within your consciousness to propel into your outer world the picture you are seeing and feeling within yourself...

God's life and power.

What should you keep reminding the intellect...

That the ability to picture is an attribute of God, the attribute of sight.

What is God's Power...

The power to feel, experience, and associate with the perfected picture.

What is God's pure substance...

The substance used in the world without to make the forms in your picture and plan.

Who is the doer, the doing, and the deed of every constructive form and action that ever has been sent forth into the world of manifestation...

God.

When you use all the constructive processes, is it possible for your plan not to come into your visible world...

No.

Where does your desire or picture become charged by God's greatest power and activity...

The great silence in sleep. There it becomes charged by God's greatest power and activity, which is always within the heart of the great silence.

Why should you read your desire or plan over, as many times in the day as possible, and always just before retiring...

Because on going to sleep immediately after contemplating the picture in your own mind, a full impression is left upon the human consciousness undisturbed for a number of hours, enabling it to be recorded deeply in the outer activity, and allowing the force to be generated and accumulated, which propels it into the outer experience of Life.

In this way, you can carry any desire or picture into your consciousness, as it enters the great silence in sleep. There it becomes charged by God's greatest power and activity, which is always within the heart of the great silence.

Should you discuss either your desire or the fact that you are visualizing with anyone whatsoever...

No.

Should you talk to yourself about your desire out loud or even in a whisper...

No.

Is it true that the greater the accumulation of energy generated by your visualization, contemplation, and feeling the reality of your picture, the quicker it will come into your outer experience...

Yes.

Could thousands of desires, ambitions, or ideals have manifested into the outer experience of individuals, if they had not discussed them with friends or acquaintances...

Yes.

What do you become when you decide to definitely bring about an experience through consciously directed visualization...

You become the Law, God, the Law of the One, and to whom there is no opposite.

What must you do with respect to your desire or picture of what you want...

You must make your own decision and stand back of your own decree with all your power meaning you must take an unshakable, determined stand.

What must you know and feel to get your manifestation...

Know and feel that it is God desiring, God feeling, God knowing, God manifesting, and God controlling everything concerning it. This is the Law of the One, God, and God only. Until this is fully understood, you cannot and never will get your manifestation.

What happens when a human element enters into your desire or picture...

You are taking it out of God's hands and of course it cannot express because you are neutralizing it by the human qualities of time, space, place, and a thousand and one other imaginary conditions which God knows nothing about.

Can you ever know God as long as you consider a force opposed to God...

No.

What happens when you acknowledge that two forces can act...

You have a resultant quality of neutralizing activity.

What happens when you have neutralization...

You have no definite quality either way. You merely have nothing or no thing in your manifestation.

What happens when you acknowledge God, the One...

You have only perfection manifesting instantly, for there is nothing to oppose or neutralize it, no element of time. So is it established unto you for there is none to oppose what God decrees.

Conditions can never improve for you until what...

Until you desire perfection and stop acknowledging a power opposed to God or that there is something either in or outside of you that can prevent God's perfection from expressing.

What causes the fall of man...

Deliberately and intentionally acknowledging of a condition that is less than all of God which is an imperfection.

Are you free every moment to think whatsoever you choose to think, thus making your decisions deliberate and intentional...

Yes.

What are you doing when you acknowledge a condition that is less than all of God...

This is your deliberate choice of an imperfection and that kind of choice is the fall of man. This is deliberate and intentional because you are free every moment to think whatsoever you choose to think.

Does it take any more energy to think a thought or picture of perfection, than it does one of imperfection...

No.

I AM Teachings...

Are you the creator, localized to design and create perfection in your world and place in the universe...

Yes.

What must you do if perfection and dominion are to be expressed...

You must know and acknowledge only the Law of the One.

Does the One exist and control completely everywhere in the universe...

Yes.

Who is the self-consciousness of life, the one supreme presence of the great flame of Love and Light...

You.

Who alone is the chooser, the decreer of the qualities and forms you wish to pour your life into...

You.

Who is the only energizer of your world and all it contains...

You.

When you think or feel, part of your life energy goes forth to do what...

To sustain your creation.

What should you cast out of mind...

All doubt or fear of the fulfillment of that which you are picturing.

What are thoughts or feelings of doubt or fear...

Human emanations, thoughts and feelings that do not contain perfection.

I AM Teachings...

What should you do should any such thoughts or feelings of doubt or fear come to your consciousness...

Instantly replace them by the full acknowledgment of yourself and world as the life of God, the One.

Should you be completely unconcerned about your plan or desire except during the time you are visualizing...

Yes.

Should you have a set time in your mind for results...

No.

Is there only now, just the immediate moment...

Yes.

What happens when you take this discipline and use it with your desires...

You can manifest a resistless power in action that cannot and never did fail.

What should you always remember when visualizing or desiring...

You are God picturing, You are God intelligence directing, You are God power propelling, and it is God's, your substance, being acted upon.

What happens when you realize and contemplate the fullness of it often that it is You that is God picturing, You that is God intelligence directing, You that is God power propelling, and it is God's, your substance, being acted upon....

Everything in the Universe rushes to fulfill your desire, your command, your picture, for it is all constructive and therefore agrees with the original Divine plan for self-conscious life.

What will happen if the human side of us really agree to the Divine plan and accepts it...

There can be no such thing as delay or failure.

I AM Teachings...

Does all energy have the inherent quality of perfection within it and rushes to serve its creator...

Yes.

What are you doing as your desire or picture is constructive...

You are God seeing His own plan.

What happens when God sees His own plan...

It becomes an irrevocable decree or command to appear now.

In the creation of this earth and system of worlds, did God say "Let there be Light" and Light appeared...

Yes.

Did it take eons of time to create Light...

No.

What happens when you see or speak God's Words...

The same mighty God is in you now, and when you see or speak it, it is His attribute of sight and speech which is acting in and through you.

What can you do if you realize what this truly means...

You can command by His full power and authority for you are His life consciousness.

Is it true that it is only the self-consciousness of your life that can command, picture, or desire a constructive and perfect plan...

Yes.

Is every constructive plan His plan...

Yes.

If every constructive plan is God's plan, then what should you know...

That it is God acting, commanding 'Let this desire or plan be fulfilled now' and it is done.'

Can an Ascended Master appear to you when you think of an Ascended Master, when, for example, you send out an overwhelming love to him in deep gratitude...

What is dominion...

Perfect self-control of all the forces within you at all times. It is the right to command.

What is the reward if you tread the pathway of Light and the correction of the human self...

Dominion.

I AM Teachings...

When can you permanently retain the right to command, which is dominion...

When you have first learned to obey.

What happens when you have learned obedience to the Law of the One...

You become a being of cause only, and that cause, Love, and you become the Law of the One through the quality of similarity.

What should you watch for...

Watch so nothing goes out from you except that which is harmonious, and do not allow a destructive word to pass your lips, even in jest.

Are you dealing with a force of some kind every instant of eternity...

Yes.

Are you the force's qualifier at all times...

Yes.

Can you stand upon the floor outside of your body...

Yes.

Teeming with semi-tropical vegetation, and its people living in peace and abundance.

What will happen to the west coast range in the future...

It's shore line will be changed.

Is it true that the word Yellowstone has been brought down through the centuries for more than fourteen thousand years...

Yes.

What happened with Atlantis fourteen thousand years ago...

At that time the civilization of Poseidonis had reached a very high point of attainment because a great Master of Light was at the head of the Government. It was only during the last five hundred years that the decline took place, and the misuse of her great wisdom held sway.

Where was the richest gold mine the world has ever known located...

Within the present boundaries of the Yellowstone and thirty-seven miles from this place, was located a diamond mine.

What stones were taken from the diamond mine close to Yellowstone...

The most beautiful yellow diamonds that have ever been found within this earth before or since that period.

Yes.

I AM Teachings...

How do the Ascended Masters keep everything so free from dust and the ventilation so good in all places around them...

The Ascended Masters use the same force to cleanse and ventilate by which they produce heat, light, and power. The emanation from anyone of them as they pass through the mines or chambers instantly consumes all unnecessary substance.

They pass judgment upon and express various opinions about Jesus and many others of the Ascended Host.

What is one of the most binding things humanity can indulge in...

To pass judgment upon and express various opinions about Jesus and many others of the Ascended Host.

Why is it bad to pass judgment upon and express various opinions about Jesus and many others of the Ascended Host...

For in such activity, the criticism and judgment sent forth in this way simply return to its generator and thus mankind is bound more tightly to its self-created suffering and limitation.

I AM Teachings...

What have the Ascended Masters become, having freed themselves from human limitations...

A Blazing Outpouring of Light into which no human thought of discord can possibly enter. This compels all destructive thought creation and feeling to return to its sender and bind him still more closely in the chains of his own creation.

The Inner Presence is not given command of the vehicle, it steadily withdraws, the human self loses the power to manipulate mind and body and the temple collapses into decrepitude and dissolution.

When do we have the condition the world calls death..

When the uncontrolled sense appetites and demands of the personality waste the God energy and the Inner Presence is not given command of the vehicle, and it steadily withdraws, the human self loses the power to manipulate mind and body and the temple collapses into decrepitude and dissolution.

What happens when you seek to contact an Arisen Master in the visible, tangible, living, breathing body without the preparation needed to gradually attune your own outer structure and mind...

Yes.

What happens to all that do not or will not come into the action of Order, Balance, and Peace...

It must of necessity pass into some other school room of the universe and work out its own understanding of this Law in some other way than is to be the expression of the future Life upon our earth.

What is the only passport into the Presence of these Great Ones...

That is Enough Love poured out to your own God Self and to Them united with the determination to root out of the human all discord and selfishness.

The All Knowing Mind and the All Seeing Eye of God.

Can anything be hidden from an Ascended Master...

What must you do...

Discipline the personal self, so it is calm in mind, peaceful and loving in feeling, and strong in body.

What will happen if you do not discipline the personal self, so it is calm in mind, peaceful and loving in feeling, and strong in body...

You will then not be material that the Ascended Master can use in the more than human work that he does.

Does an Ascended Master do work that is beyond that of ordinary human experience...

Yes.

What happens when you do not have a strong, controlled, well developed vehicle...

You are unable to co-operate with an Ascended Master, and thus do work of a kind which is beyond that of the ordinary human experience.

What would happen if an Ascended Master were to take you into His field of work and you do not have a strong, controlled, well developed vehicle...

He would be making the same mistake one does in building a machine or home, if he constructs it of imperfect material. That kind of material naturally could not stand unusual strain, under sudden need, or prolonged service.

That you will love so constantly, so infinitely, so divinely, that the very intensity of your own Light will open the way for them to accept you.

Yes.

In the Ascended Condition of Life, are you always free to use the Pure, Universal Substance for whatever purpose you choose, and give it any specific quality you desire for the requirement at hand...

Yes.

How can you manipulate the quality and substance from the Universal Substance...

If you wish to use material that is imperishable, you impose that quality upon the Pure, Universal Substance, and it responds accordingly. If you wish a form to be manifest only a definite length of time, you give the Substance, of which it is composed, that quality or command and the form manifests accordingly.

If you are going to pass through water, what can the radiation from the material in your garment do.

Surround your finer body as to insulate you from the natural qualities and activities of the water element.

Yes.

Humanity's thought and feeling whether they realize it or not.

Yes.

What has mankind through the centuries done to the Universal Substance...

It has qualified the Universal Substance with perishability and limitation and the bodies it uses today are expressing those characteristics.

What does the entire human race have within its feelings...

Storms of hate, anger, revenge, et cetera.

What do the four elements do...

The four elements have recorded those qualities of hate, anger, revenge, etc. that humanity has within its feelings and returned them to man through the world of nature as storms.

The people of earth have cataclysms of thought and feeling as resentment against what...

Against each other, against injustice, against places and things knowingly and unknowingly sending out the feeling of revenge.

What does the great sea of Universal Substance upon which these qualities of thought and feeling as resentment have been recorded and imposed do...

It expresses them back to their source, the individual, by means of the four elements as cataclysms in Nature.

What happens when there are storms and cataclysms in nature...

Such activities are but Nature's ways of purifying and shaking herself free from the contamination of human discordant thought and feeling, and returning to her Pristine Condition of God's Purity.

What do the Masters do to the Universal Substance if they desire a manifestation to express imperishability to be maintained during the centuries for records and retreats...

Is nature a truthful recorder of the qualities playing upon her...

Yes.

Does nature obey the Ascended Masters, and also obeys man...

Yes.

Is it true that there is a certain activity within Nature that mankind is either in ignorance of or else stubbornly refuses to acknowledge...

Yes.

What does mankind do because of its ignorance and stubbornness...

It pays and pays and pays continually, until the individual personal self learns and does acknowledge this Fundamental Eternal Truth: It is The Law of the One, The Law of Love, The Law of Harmony, The Law of the Circle, The Law of Perfection.

What will happen when humanity really does learn the Fundamental Eternal Truth and obeys Its Everlasting Decree...

The discords of earth and the destructive activities of the four elements will cease.

What rises, and throws off all that disagrees with the Law of the One...

A self-generating and self-purifying Force within Nature.

What is this self – purifying Force...

This force or Energy is a Pushing Activity from within out, and is the One Power expanding.

What happens if discord is imposed upon Pure Universal Substance...

The electronic energy becomes temporarily damned up within it.

What happens when such accumulated energy reaches a certain pressure...

Expansion takes place shattering the discord and limitation. Thus, The Great Life of the One, The Ever Expanding Luminous Essence of Creation,

I AM Teachings...

God in Action, overpowers whatever seeks to oppose it, and goes on its appointed Way the Supreme Ruler of the Universe.

Do The Ascended Masters of Light know this and are One with that knowledge...

Yes...

Should you know this and be One with that knowledge...

Yes, it is within the capabilities and possibilities of every individual for it is the Innate Eternal Principle Within Self-Conscious Life. This Principle plays no favorites, and all can express its fullness if they really so desire.

What are all human beings...

Self-Conscious Life.

What is within the Life of every human being...

The Power by which you can express all that the Ascended Masters express every moment if you choose to do so.

What does all Life contain...

Will.

What is the only thing that is free to determine upon its own course of expression...

Only Self-Conscious Life.

What do you have free choice to express...

Either in the human, limited body or the Super Human, Divine Body.

Who is the chooser of your own field of expression...

You are.

Who is the Self-determining Creator.

You are...

Who has willed and chosen to live as Self-Conscious Life.

You have.

What happens when you individualize within the Absolute, All-Pervading Life...

You choose of your own free will to become an intensified individual focus of Self-Conscious Intelligence.

Who is the conscious director of your future activities...

You are.

If you have made your choice, who is the only one who can fulfill that destiny...

You are, which is not inflexible circumstance but a definitely designed plan of Perfection.

What is this designated plan of perfection...

It is a blue print which you elect to express in the realm of form and action.

What may you do at any time...

Determine to rise out of your human qualities or limitations.

What will happen if you will give all of your Life, your Energy, to that determination to rise out of your human qualities or limitations...

You will succeed.

How have those who have raised the body accomplished the Ascension...

By giving all unto the God-Self Within and hence, it expresses through them Its Perfect Qualities, The Divine Plan of Life.

Can your God Voice Within speak...

Yes.

Should you be conscious that the God in you is always directing and Master of every situation...

Yes.

Can you go under water in your finer body for the garments you can wear will radiate a protective aura for a considerable distance around your body and contain the conditions you need which enables you to explore the subterranean stratas of earth and things under water...

Yes.

What are these garments charged with...

Of a higher, finer electricity than that known in your physical world.

Has this substance always existed in the atmosphere...

Yes.

Is this substance much more easily directed by the mind than by physical apparatus of any kind and can be drawn and controlled through mechanical means...

Yes.

What allows you to go under water in the finer body based on your clothing...

This is due to what the scientific world would call an 'electrical force field' around your body but the electronic force with which these garments are

I AM Teachings...

charged is of a higher, finer electricity than that known in your physical world. Someday, even your men of science will stumble upon it and realize it has always existed in the atmosphere but they have not known how to direct and control it, for the service of mankind.

It is much more easily directed by the mind than by physical apparatus of any kind, yet it can be drawn and controlled through mechanical means.

What is that which the outer world knows as electricity...

It is but a crude form of the Great Spiritual Energy of Life.

Does the Great Spiritual Energy of Life exist throughout Creation...

Yes.

What will happen as you raise and keep your consciousness in contact with your Inner God-Self...

You will become aware of the gigantic possibilities in the use of this higher power and force.

Is the service to you by your Inner God-Self and great spiritual energy of life infinite in the creative work that you can do in all phases of activity...

Yes.

Should you be conscious only of the God Within you as the Master of every condition...

Yes.

Was Atlantis submerged by a cataclysm...

Yes.

Is it true that as time passes into eternity, the memory of great accomplishments fades, and is often forgotten by succeeding generations...

Yes.

Can all light, heat, and power be taken directly from the atmosphere...

Yes.

Why was Atlantis in a wonderful state of progress at its height...

Because she had been governed and shown the way to Perfection by various Ascended Masters appearing from time to time and ruling for the spiritual uplift of the people.

Again and again all the way down the ages, whenever a great civilization has arisen, it has been founded on what...

Spiritual Principles in the beginning and maintained obedience to those Laws of Life during the time of its ascendancy.

What happens the moment any government or the people themselves begin to drift into lax ways, so that injustice and the unclean use of Life become habits either of officials or the people...

Disintegration begins and continues.

How will this disintegration stop...

Until they either return to the Fundamental Laws of Balance and Purity or are wiped out by their own discord, that the Balance may be re-established and a new start given.

Were there Mighty Ascended Master Rulers of Atlantis...

Yes.

Why would there be no need for police or military organization of any kind...

Because of the method by which you are reminded of The Law and the wonderful sustaining power is radiated enabling you to give obedience unto it.

I AM Teachings...

Are there Cosmic Masters...

Yes.

Is there the Law of God, The Law of Government, and The Law of Man...

Yes.

Is there the Divine Way of Life...

Yes.

Is there the Christ Activity for the people...

Yes.

Are you a Son of God in Perfect Expression...

Yes.

Are you a child of the One Mighty God..

Yes.

Is the life you are using from the One Supreme Presence, Eternally Pure, Holy, and Perfect...

Yes.

What happens if you mar the Beauty and Perfection of that One Life...

You cut yourself off from the Gifts of God.

Is your Life the Sacred Jewel of God's Love, the 'Source' of the Secrets of the Universe....

Yes.

Does God trust you with His Own Heart's Light...

Yes.

What should you do with God's Own Heart's Light...

Cherish It, Adore It, and let it ever expand unto greater Light and greater Glory.

What is your Life...

The Pearl of Great Price.

Are you the keeper of God's wealth...

Yes.

Should you use God's wealth for Him only...

Yes.

Have you received the 'Light of Life' for whose use you shalt give an accounting...

Yes.

Is Life a continuous Circle...

Yes.

As you move around the circle of existence, what happens if you create that which is like unto your 'Source' and know His Love and Peace within you, and if you use your Powers of Creation to bless only...

Then you will know the Joy of Life, and unto It shall be added Greater Joy.

What happens if you create not like your Source...

Your evil shall return unto you with more of its kind.

Who alone chooses your own destiny...

You do.

Who alone answers to your God...

You do for the use you make of Life, your Being.

Can anyone escape the Great Law of Life...

No.

What is the Great Law of Life...

The Law of Thyself, You are unto thyself.

Can you always come unto Your God if you desire the Perfection of Life...

Yes.

Do you have your Eternal Light within...

Yes.

Does God speak within the Heart of man...

Yes.

If you love Life, what should you do...

Call unto God abiding in many selves.

What and who is God...

The Light.

If you know God, what will you need to do...

You will have to seek God, find God and having found, abide within God always...

What happens when you abide within God...

In that day, the 'Father, Mother, Son' will be 'One' in the Heart of man."

Who is the door, the way unto God...

The Son.

What is in your mind and heart...

God's Light..

What is God's Light ever reminding you of...

God's Presence.

In the time to come, where will God only be present...

In That Light and then God will be Wisdom in your mind to govern the Love in your heart that you may be filled with the Peace of The One Life, God.

Is your body but the instrument of your Soul...

Yes.

Must God's Light stream into your soul...

Yes.

What happens when God's Light no longer streams into your soul...

You will perish.

What is The Way into the Heart of All Light...

God's Light in your mind.

Only by what way can you expand the Light in every cell of your Being into greater and greater Being....

Only by God's Light in you.

What is in your throat...

God's Light which is your Power to speak His Words.

How does God always illumine, protect, and perfect His children....

Through God's Light that is in your throat which is the Power to speak His words.

What are words that do not have this threefold mission to illumine, protect, and perfect God's children...

They are not God's Words and can only bring misery when spoken.

What should you do...

Meditate upon God's Light in your mind, in your heart.

What will happen when you meditate upon God's Light in your mind and heart...

You shall see within all things, know all things, and do all things and then that which is not of God can never confound you.

What will happen when you have fully received 'God's Presence' and are letting It always act in your Life and your world...

You will find the cells of your body becoming bright with 'God's Light' and you will realize that you can continue on into that 'Eternal Body of Light', the Seamless Robe of Christ.

When and only when will you be free from the wheel of birth and rebirth...

When you have fully received 'God's Presence' and are letting It always act in your Life and your world, you will find the cells of your body becoming bright with 'God's Light' and you will realize that you can continue on into that 'Eternal Body of Light', the Seamless Robe of Christ. Then and then only, will you be free from the wheel of rebirth.

Have you traveled your long journey through human experience...

Yes.

What happens when you continue on into that Eternal Body of Light, the Seamless Robe of Christ...

You have then fulfilled the Law of Cause and Effect, and you have transcended all conditions governed by Law and shall yourself have become The Law, All Love, The One.

What is the “Eternal Body of Light”, the “Seamless Robe of Christ...”

The Eternal Ascended Body of Christ in which you are able to wield the Scepter of Dominion and be Free.

Is the Light in your mind and heart...

Yes.

Can you now ascend into The Light of the One...

Yes.

What happens if you stand in the Light firmly...

You can and will raise your physical body of limitation into your ‘Pure Eternal Body of Light.’

Is the Pure Eternal Body of Light forever youthful and free, transcending time, place, and space...

Yes.

Why can you now ascend into The Light of the One...

Because The Light is in your mind, The Light is in your heart, and if you will stand in It firmly, you can and will raise your physical body of limitation into your ‘Pure Eternal Body of Light’ forever youthful and free, transcending time, place, and space.

Is Your Glorious Self standing ever waiting for you...

Yes.

I AM Teachings...

Can you come into Your Glorious Self's Light and receive Eternal Peace and rest in action with no preparation...

Yes, It needs no preparation as It has All-Power.

Can you come fully into the embrace of your Light-Self and that moment, even today, your present body can become Ascended...

Yes.

Is the Soul immortal...

Yes.

Do you become the Perfected Divine Being...

Yes.

When do you become the Perfected Divine Being...

As you rise through the fire of suffering from the ashes of your human creation.

What is used for lighting, heating, and propelling power...

The force drawn from the Universal.

Should you try to be more advanced in spiritual growth...

Yes.

Is there a Cosmic Master named Meru...

Yes.

What was Meru...

A continent in South America, it having been given the name of a Great Cosmic Master whose principle focus of activity was at Lake Titicaca.

What is the meaning of the name Amazon...

Boat destroyer which has come down the centuries from the cataclysmic period.

Do the great cataclysms of Nature draw the cosmic veil over civilizations of splendid achievement, and only fragments of these come to light as time passes into eternity...

Yes.

Should you try to understand Life or let yourself drop into a state of lethargy...

Understand Life.

Should you exert the necessary effort required to accomplish the Plan of Life and the perfection you are intended to bring forth and live in by you own conscious effort, by the power of God within you...

Yes.

Should you begin to lean on the One giving the Radiation...

No.

When is the radiation and sustaining power only withdrawn...

The sustaining power is only withdrawn when you cease to make conscious effort to understand Life and willingly work in harmonious cooperation with it.

Are most of your blessings the result of the sustaining power from the One giving the Radiation.

Yes.

What happens if a certain group of souls have been taught the Way of Mastery and reminded lifetime after lifetime of their Divine Birthright...

The hour arrives when no more assistance is permitted.

What happens when no more assistance is permitted...

The Radiation of the Ascended Masters is withdrawn, and you are compelled to come face to face with the fact the sustaining and accomplishing power was not due to your own effort.

In such activity, the experiences passed through compel you to make the necessary self-conscious application and when that is accomplished, expansion and God Dominion begins to express.

Why would a civilization be brought forth so wonderful, beautiful, and perfect in every way, and then go down through the terrible destructive activities of a cataclysm...

When a group of mankind is fortunate enough to come under the instruction and Radiation of a Great Master of Light, like a Great Cosmic Being, they are given an opportunity of seeing what the Plan of Life is for humanity, and the Perfection they are intended to bring forth and live in by their own conscious effort.

However, unfortunately, and it has been so many times down the centuries, the people will not try to understand Life but let themselves drop into a state of lethargy. They do not exert the necessary effort required to accomplish these things by the power of God within the individual. They begin to lean on the One giving the Radiation.

The sustaining power is only withdrawn, when the individual ceases to make conscious effort to understand Life and willingly work in harmonious cooperation with it. They rarely realize most of their blessings are the result of the sustaining power from the One giving the Radiation.

If a certain group of souls have been taught the Way of Mastery and reminded lifetime after lifetime of their Divine Birthright, the hour arrives when no more assistance is permitted.

I AM Teachings...

It is then the Radiation of the Ascended Masters is withdrawn, and those souls are compelled to come face to face with the fact the sustaining and accomplishing power was not due to their own effort.

Is it true that you can only receive that for which an effort is made...

Yes.

What should you continue to do...

Make self-conscious effort to express Dominion of the Divine over the human...

Can you have failure if you continue to make self-conscious effort to express Dominion of the Divine over the human...

No.

When does failure only come..

When self-conscious effort ceases.

Is it true that all experience through which you pass exists for one purpose only...

Yes, and that is to make you aware of your Source.

What must you learn and recognize...

You must learn who you are, recognize yourself as a Creator and as such, Master of what you create.

Is it true that everywhere throughout the Universe whenever the power to create is given to a Being, the responsibility of creating is always co-existent with the power...

Yes.

Is all creation by Self-conscious effort...

Yes.

What happens if you, upon whom this Great Gift of Life has been bestowed, refuse to take your responsibility, and do your duty...

Your experiences in Life will prod you with misery until you do.

Was mankind ever created in a condition of limitation...

No.

When can you have rest...

When the Perfection with which you are endowed in the beginning is Fully expressed.

What is the Way of Life, the Original Divine Blue Print for humanity...

Perfection, Dominion, Harmonious use and Control of All Substance and Force.

What is that Perfection and Dominion...

God Within you.

What is the Source of Life, the Giver of every good and perfect thing...

That Presence within your heart.

What is the Golden Key that opens every good thing unto you...

Your attention to your Source.

What happens when you look to and recognize your Source as the Outpouring of All Good...

You, that moment, automatically start the flow of All Good things unto you and your world because your attention to your 'Source' is the Golden Key that opens every good thing unto you.

The Life in every person is what...

God.

How can the discord in the outer experience cease....

Only by the Self-conscious effort to understand Life, and express the Fullness of good through yourself.

Is it true that Life, the Individual, and The Law are 'One' and so it is unto Eternity...

Yes.

Should you be at peace and thoroughly contented...

Yes.

Is there a fusing process combining certain metals with glass in such a way as to make the metal strong as steel and imperishable...

Yes.

Why is it utterly impossible for such quantities of wealth to be released unto the mass of mankind...

Because the selfishness within the commercial world at the present time makes it the height of folly to let humanity waste more of Nature's gifts.

Does God and Nature bestow their wealth lavishly upon the earth for the use and blessing of the Souls who incarnate here...

Yes.

What makes man forget the 'Higher Way of Life,' and cause man's inhumanity to man...

The selfishness and lust for power within the feelings of mankind.

What should the few who rise to control of the mass have the Intelligence to know...

That what helps the mass helps the individual most, but if they refuse to recognize this 'Law', self-destruction follows, brought about by their own selfishness.

What does Selfishness and the feeling of power to control others do to you...

It blinds the reason and dulls the perception of the outer mind to its own dangers and such individuals ride headlong to ruin in every case, ruin spiritually, mentally, morally and physically, extending many times, into the third and fourth embodiment following.

When can human beings be entrusted with all that God and Nature hold ready for Right Use...

Only when mankind rises out of the mire of its own selfishness and lust in all its forms.

Can anyone, as he cleanses himself of his own selfishness and lust, have the fullest use of all these riches, when he will use them harmoniously and for the blessing of others...

Yes.

Can you make yourself ready to be custodians of these gifts...

Yes.

Is the Golden Age already ushered in...

Yes.

Who will have unlimited use of wealth in the Golden Age that has already been ushered in...

Those who have made themselves worthy to be Trusted Keepers and Dispensers of this treasure.

Does God and Nature provide Gifts for man to use rightly...

Yes.

What is the condition on which you may receive the gifts provided by God and nature..

Right use alone.

Should you cross hands upon your chest when making a prayer...

Yes.

What is a prayer you can say...

Mighty God, enter so firmly into the hearts of Thy children that they want Only Thee, then none shall want for any of Thy Great Gifts.

Should you stride to have great inner growth...

Yes.

What request can you make before your physical death...

That your body be held in a vault for seven days, after your passing and then be cremated.

What may happen during that 7 days that your body is in a vault after your physical death...

The vault could be open and your body gone.

Should you rejoice to know there is no death...

Yes.

Is truth far stranger and more wonderful than fiction...

Yes.

Is the most extraordinary fiction but the record of a Truth that is somewhere in the universe..

Yes.

Can you hear a deceased loved one's voice as clear and distinct as if she were in the room beside you saying she is alive and well...

Yes.

Does doubt shut the door...

Yes.

How does a deceased speak to you...

Through the Sound Ray which you can learn to use.

Can a Brilliant Ray of Golden Light come into the room forming a tunnel, at the other end of which, stands your deceased loved one...

Yes.

Should you feel a relaxation, peace, and rest you had not known for years...

Yes.

In a tunnel, can a Soft Radiance spread everywhere so you could see quite clearly...

Yes.

How can thoughts be read so readily by an Ascended Master...

That is a very ordinary and easy thing. It is all quite natural, when you understand how to do it and really quite simple.

What can happen at the time that you pass on...

There can be an opportunity to give certain assistance which would enable you to reach the Ascended State and thus have much greater freedom and wider capacity for service.

How does ascension happen upon human death...

The casket where your body lies can be opened and you can be restored to conscious action, and enabled to raise the body.

What happens to the physical body when your desire for the Light is very great...

It can reach a point of high attenuation.

What can make your Ascension possible...

Your intense adoration to and longing for the Light.

What can make the assistance and raising that can be accomplished at this time...

Your deep love.

What do you do when you deliberately take the life of another human being or determine mentally to take it...

You have set a cause into motion that will surely take your own.

What will a feeling or desire for the death of another person do...

You have set a cause into motion that will surely take your own.

Why is it that when you deliberately take the life of another human being or determine mentally to take it or have a feeling or desire for the death of another person, you set a cause into motion that will surely take your own life...

Because it goes forth to the person, and then begins its return journey to the one who sent it out, YOU.

Do many times people allow resentment against injustice to flash forth, with an intense feeling to rid the world of a certain individual...

Yes.

What is a subtle form of the thought of death...

Allowing resentment against injustice to flash forth, with an intense feeling to rid the world of a certain individual.

What does allowing resentment against injustice to flash forth, with an intense feeling to rid the world of a certain individual, do....

It returns to the one who sends it.

How do many, many, people bring about their own dissolution...

By this very subtle activity of the human self of allowing resentment against injustice to flash forth, with an intense feeling to rid the world of a certain individual.

Does anyone ever escapes this Immutable Law...

No.

Are there many phases of its reaction to this Law...

Yes.

Why is the race as a whole experiencing the dissolution of body after body...

Because humanity indulges in such thoughts and feelings of allowing resentment against injustice to flash forth, with an intense feeling to rid the world of a certain individual..

Is it true that the number of mankind that pass out through physical violence is infinitesimal compared to the deaths brought about by these subtle activities of thought, feeling, and the spoken word....

Yes.

How has the human race been killing itself off for thousands of years...

In this subtle way of allowing resentment against injustice to flash forth, with an intense feeling to rid the world of a certain individual.

What must you learn and obey...

The Law of Life.

What is the only One Law of Life...

Love.

Does all that is not love dissolve form...

Yes.

Will the Self-Conscious, thinking individual who will not or does not obey that Eternal Beneficent Decree retain the physical body...

No.

Why will the Self-Conscious, thinking individual who will not or does not obey that Eternal Beneficent Decree retain the physical body...

Because all that is not Love dissolves form and it matters not whether it be thought, word, feeling or deed intentional or unintentional, the 'Law' acts regardless.

What are thoughts, feelings, words, and deeds doing...

They are each but so much force acting and eternally moving in an orbit of their own.

Do you ever cease creating, even for an instant...

No.

If you knew that you never cease creating, even for an instant, what would you realize, through the "Presence" of God within yourself...

That you can purify your miscreations, and thus be free from your own limitations.

Do you spin a cocoon of human discord around yourself and go to sleep within it forgetting at least for a time that if you can build it, you can also break through...

Yes.

How can you break through your self-created darkness...

By using the Wings of your Soul, Adoration and Determination.

What happens when you break through your self-created darkness..

You live once more at the Center of your Being in the Light and Freedom of your "God-Self."

Will the cloud that have seemed to hold so much sorrow be now turned inside out and reveal its glorious golden lining...

Yes.

Are wonderful things planned for you...

Yes.

What have you now come within...

The Radiant Splendor of the Light from which you will never again recede and if human beings knew the wonderful things that are sometimes planned for them, they would unknowingly prevent the approach of this greater good.

Can you receive definite instruction concerning the existence, use, and direction of the Mighty God Power latent within you...

Yes.

What is possible when you understand how to release and control the Mighty God latent within you...

Anything.

What can your loved ones use in communicating with you...

The Light and Sound Rays.

Can the Light and Sound Rays knowledge with its power be explained to you, and you be enabled to operate them consciously and at will...

Yes.

If you feel deeply, and that characteristic is consciously governed, what will come...

An Awareness of the Mighty God Power that stands ready to be released at any instant.

Is there the outer world...

Yes.

Can you be aware of your own ability to use the instruction and application of such wisdom...

Yes.

I AM Teachings...

Is what seems so mysterious and unusual to the human, natural and normal to this Stupendous Inner-Presence...

Yes.

Must you realize that you are Truly the Son of God...

Yes.

Are you the Son of the Source of all Good...

Yes.

Does the Limitless Wisdom Energy obey your conscious direction...

Yes.

What happens when you direct this limitless Wisdom energy, as does a Master...

It produces results instantly.

What happens when you gain confidence in your own ability to use the Great Law...

The fulfillment naturally becomes more and more rapid.

Does a Fountain of Love and Wisdom stream forth from the Great Masters...

Yes.

Can you love a Master with a deep devotion greater than any love that could ever exist between parent and child...

Yes.

I AM Teachings...

Is the Love Tie formed by the giving of Spiritual Understanding Eternal, and far deeper than any love generated through human experience, no matter how beautiful and strong it may be...

Yes.

What will happen if you will make yourself an Eternal Fountain of Divine Love, pouring it forth into every place your thought goes...

You will become such a Magnet for All Good that you will have to call for help to dispense it.

What releases a power which compels obedience of the outer mind...

Peace and Calmness of Soul and this must be claimed with authority.

If your human love for gold attempts to surge forth, what should you do...

Have the Inner-Presence instantly check it.

Do Ascended Masters possess full dominion...

Yes.

Is taking your body with you wherever you choose a Natural Law...

Yes.

Can you take your body with you wherever you choose...

Yes, as it is a Natural Law and only seems strange and unusual because you are not using it as yet. It really is no more extraordinary than the telephone would have been to the people of the Middle Ages. If they had known the "Law" of its construction, they could have used it then just as well as we of this century.

Is there the human side of your consciousness...

Yes.

From the standpoint of your Divinity, is everything Supremely Natural...

Yes.

Can a Ray of Light or rather a Tube of Light come into the room you are in, and someone be there talking to you that is deceased...

Yes.

How does the Ray of Light or Tube of Light work...

This way of communicating is a wonderfully happy experience, and it is possible to so condense "Light" as to form a Tube in which Sound and Vision can be conveyed.

Is the Ray of Light or Tube of Light as Real as a search-light...

Yes.

Have many students received the True Understanding of the Laws of Being and attained their Eternal Freedom where the Great God-Power is focused...

Yes.

Are you nearing wonderful liberation....

Yes.

What should you do to have just cause for great rejoicing...

Hold close to the continuous acceptance of your own indwelling Master-Presence.

Is there a veil between the visible and invisible...

Yes.

Can this veil be drawn aside so you can see past the veil...

Yes.

Can you see, as those who have Ascended, The Sublime and Majestic Activity of Their World...

Yes.

What do you continually bear witness as in the Ascended State...

As Sons of God.

Is there any doubt, fear, or imperfection within Beings in the Ascended State...

No.

What do the use of the Light and Sound Rays do...

They annihilate time and space.

Is mankind destined to use the Light and Sound Rays in the near future as naturally as they now use the telephone....

Yes.

What is one of the most Stupendous Activities you may learn how to direct...

The use of the Light and Sound Rays.

How can a Light Ray be drawn and controlled...

It may be used as a pencil to write upon metal or in the sky, and the writing remain visible as long as the one directing desires.

What happens when you are strong enough to stand against the opinions of the world of ignorance...

Then you are ready to bear witness to the Marvels of the Individual Activities of God manifested by the Ascended Masters.

Until you can do this, what happens...

The power in suggestion and the radiation of doubt from others will disturb you intermittently to such an extent that you many times give up the quest for Truth.

What is interruption to the steady flow of instruction...

Discord.

What is discord...

It is the wedge and subtle way by which the sinister force on this earth enters the outer activity of a student who has determined to face The Light.

Why is discord very subtle...

Because it is a feeling, and creeps in upon you before you are really aware of its existence.

Is discord persistent beyond belief...

Yes.

Is discord's growth so insidious that you do not realize what has been done until the momentum is already under way...

Yes, and this feeling begins as a slight doubt.

A doubt needs only to be felt how many times, until it becomes distrust...

Two or three.

What does distrust do...

It whirls a time or two in the emotional body and becomes suspicion...

What is suspicion...

It is self-destruction.

What happens if you remember all of this...

It will be a safeguard that will carry you through every experience in Life keeping you untouched by discord.

What happens when you send out suspicion...

You will be suspected.

Does everyone have in their world just exactly that which they put into it...

Yes.

Does this 'Eternal Irrevocable Decree' exist throughout the Universe...

Yes.

Do all impulses of consciousness travel back to the central point that sent them out, and not even an atom escapes...

Yes.

What does the real student of life do...

He faces The Light, sends it before him, sees its Enfolding Radiance everywhere he moves, and adores it constantly.

What does the real student of life do to the doubts, fears, suspicion, and ignorance of the human mind...

He turns away, and knows only The Light.

What is the Light...

This is Your Source, Your True-Self.

What characteristics can dominating characters have...

Their entire attitude in business can be to gain their desire by force if intrigue fails or they are opposed in any way. They believe only in the

I AM Teachings...

power of their own intellect and human will, and have neither knowledge of nor faith in anything else. At no time, they will not hesitate to crush or ruin people or things that stand in the way of their success, and use all means to gain their own selfish ends.

What can happen when you are in the presence of dominating people...

You can almost be helpless in their presence, so overpowering can the feeling of domination be that they can continually send out.

What is the control by people over others...

It is only force focused into the outer activity.

Can your "Inner Voice" talk to you...

Yes.

Can the Mighty God within take full charge and handle a condition with dominating character personalities...

Yes.

Does the Mighty God within power know no domination, and is always invincible...

Yes.

Should you completely release everything into the management of the Mighty God within...

Yes.

Should you be awakened, spiritually speaking...

Yes.

Can your God Self disclose fully things to you that have occurred in the past...

Yes.

Can your Inner Sight be opened, allowing you to see what has taken place in the past...

Yes.

If you feel bullied or harassed by someone, can you feel a surge of the Mighty God power within come forth like an avalanche, keeping you unaffected by their tirade, allowing you to reply...

Yes.

When people's arrogance seems to have no limit, can they reveal themselves, mind and body, to be victims of their own emotions...

Yes.

What happens when you are a victim of your own emotions...

Can you ask the soul of another person to right the many deceptions he has practiced in the present life...

What can your God Self say to a man who is arrogant...

Within the hour, this strong outer human creation of discord and injustice, which he has built up shall be consumed and never again shall

Are there the great Cosmic Laws of Life...

Yes.

Does the Great Cosmic Law discriminate any more than does the multiplication table, if you make a mistake in its application, or electricity, when you, who is ignorant of the Law governing its use, tries to direct its force without knowledge of the way to control it...

No.

What do the Great Immutable Decrees do...

They forever keep order in the Infinite Realm of manifested Life.

What are the Great Immutable Decrees all based upon...

The One Great Principle of Creation – LOVE.

What is the heart, the Source of all, and the very hub upon which existence in form takes place...

The One Great Principle of Creation – LOVE.

What is Love...

Love is harmony and is the cohesive power of the Universe.

What happens to a form without love...

In the beginning of a form, that form could not come into existence at all, and without Love, a Universe could not be.

What does Love express itself in the scientific world...

As the attractive force between the electrons.

What is the directive intelligence which wills the electrons into form, the power which keeps the electrons whirling around a central core and the breath within the core that draws the electrons to the central core...

Love.

Is the same thing true of each vortex of force everywhere in creation...

Yes.

What forms an atom...

A central core and the electrons whirling around the central core form an atom.

Is it true this core of Love is to the atom, what the magnetic pole is to the earth, and what the spine is to the human body...

Yes.

What is another name for the central core...

The heart center.

What happens if there is no central core...

Without a central core or heart center, there is only the unformed, universal Light the electrons filling infinity and whirling around the Great Central Sun.

What is another name for Light of God...

The Pure Spirit.

What is Pure Spirit or Light of God...

The electron.

What remains forever uncontaminated and perfect...

The electron.

What is eternally self-sustained, indestructible, self-luminous and intelligent...

The electron.

What would happen if the electron not be eternally self-sustained, indestructible, forever uncontaminated, perfect, self-luminous and intelligent...

It could not and would not obey The Law, the directing activity of Love.

Is the electron the only real true substance out of which everything in the Universe is made...

Yes.

Is the electron the eternally perfect life essence of God...

Yes.

Is the electron immortal, ever pure, intelligent Light energy...

Yes.

What is interstellar space filled with...

This pure Light essence.

Is interstellar space dark and in chaos...

No.

Has it been the ignorant, limited concept of human intellects thinking that interstellar space is dark and in chaos...

Yes.

Does the great sea of Universal Light exist everywhere throughout infinity...

Yes.

What is the great sea of Universal Light constantly doing...

It is being drawn into form, and given a quality of one kind or another, according to the way the electrons are held around a central point or core by Love.

Universal Light is being drawn into form and given a quality of one kind or another according to the way electrons are held around what...

A central point or core by Love.

What do electrons do with each other...

They combine with each other in a specific atom.

The number of electrons which combine with each other in a specific atom is the result of and determined by what...

Conscious thought.

The rate at which electrons whirl around the central core is the result of and determined by what...

Feeling.

What is the breath of God...

The intensity of the drawing and whirling motion of the electrons within the central core is the breath of God.

What is the most concentrated activity of Divine Love...

The intensity of the drawing and whirling motion of the electrons within the central core.

Speaking in scientific terms, what would be called centripetal force...

The intensity of the drawing and whirling motion of the electrons within the central core.

What are the determining factors which make the quality of an atom...

The intensity of the drawing and whirling motion of the electrons within the central core.

What is the atom...

An entity, a living, breathing thing created or brought into existence by the breath and Love of God through the will of self-conscious intelligence.

How is the word made flesh...

Through the atom, that is an entity, a living, breathing thing created or brought into existence by the breath and Love of God through the will of self-conscious intelligence.

What is the machinery that self-conscious intelligence uses to accomplish this manifestation of its being...

It is thought and feeling.

What do destructive thoughts and discordant feelings do...

They so rearrange the ratio and rate of speed of the electrons within the atom that the duration of the breath of God within the pole is changed.

How is the duration of the breath of God decreed...

By the will of the consciousness using that particular kind of atom.

What happens if that conscious directing will is withdrawn...

The electrons lose their polarity and fly apart seeking their way back, intelligently mind you, to the Great Central Sun re-polarizing themselves.

What do the electrons receive after they find their way back to the Great Central Sun...

There they receive Love only...

Is the breath of God ever ending...

No.

Does it not matter what any scientist mundane or otherwise thinks...

No.

What is God creation doing...

It is ever moving forward and expressing more and more perfection.

Is your will Supreme over your temple...

Yes.

Even in cases of accidents, can you leave your body temple until you will yourself to do so...

No.

The constructive thought and harmonious feeling within a human mind and body permits the perfect ratio and speed of the electrons within the atom to remain permanent, and thus staying polarized at their particular point in the Universe, as long as what happens...

As long as the duration of the breath of God within their core is held steady by the will of the directing self-conscious intelligence using the body in which they exist. In this way, the will of the individual is Supreme over his temple and even in cases of accidents; no one leaves his body temple until he wills to do so.

Very often, what influences the personality to change its decisions concerning what it has willed in the past...

Pain in the body, fear, uncertainty, and many other things.

Is it true that everything that happens to your body is and will always be under your control of your own free will...

Yes.

What happens when you understand the explanation concerning the electron and the conscious control you have through your thought and feeling to govern the atomic structure of your own body...

To understand this is to understand the one principle governing form throughout infinity.

What will happen when you will make the effort to prove this to yourself or within your own atomic flesh body...

You will then proceed to master yourself.

What happens when you have mastered yourself...

All else in the Universe is your willing coworker to accomplish whatsoever you will through Love.

What happens when you make yourself willingly obedient unto the Law of Love...

You have Perfection in your mind and world, permanently maintained unto you and you alone does all authority and mastery belong.

Must the final victory be accomplished consciously and of its own free will...

Yes.

What happens when you sink your human consciousness into oblivion...

Then the God flame within you then withdraws from its human habitation. After eons of time, it tries a human journey once again into the world of physical matter, until final victory is accomplished consciously and of its own free will.

What must you do to have the limitless possibilities that are before you for accomplishment...

Be willing to accept the great God Presence within every individual as the directing and accomplishing power.

What happens if you do not accept the great God Presence within you...

The way to The Great Central Sun.

How can you bless others...

State "My Light enfolds you, My Power upholds you, and My Love breathes through you if you seek your home in the Light. May this same mighty radiance shed its Light to illumine, heal, and bless you with that Divine Love which will ever hold all close in the eternal embrace of The One Supreme Light."

Will America be clothed with the everlasting shadowless Light...

Yes.
