Saint Germain

A Personal Note...

This e-book is designed to help all of humanity. Everyone should read this e-book. The information in this e-book gives the Great Universal Laws of Life that apply to all of humanity. The e-book is written in a question and answer format for easy understanding.

If you are truly looking to ascend, you really must read this information. It has instructions and applications that will help you remove all the discord that you have built up lifetime after lifetime within you. It will help you reach the Light...as only the Light reaches the Light...you must reach the Light to ascend...in the same way that Jesus ascended 2,000 years ago...

This e-book will help you heal. It is filled with the Ascended Masters' Love and radiation...Any human problem that you are going through will be removed if you follow these applications in these books. This includes financial problems, emotional problems, anger, shame, guilt, depression, greed, lust, criticism, judgment, suicidal problems, it does not really matter...

Whatever human issues you are going through, they can be fixed. But, you must do the work...you are the only one that has free will and you are the only one that qualifies and misqualifies the God energy that is always flowing pure and perfect within you....And if you have misqualified this pure God Energy, through your thoughts, feelings, and emotions, you can fix it by requalifying it with forgiveness and Love in the heart...

Your only goal in this life and all past lives is to know who you are and to go back to your heritage, the perfect Son and Daughter of God that you are...you are here to ascend and go back to the Light, to be back in the Father's house, His Kingdom!!

Anyone can ascend if they are ready...the information in this e-book will help to get you ready...but as mentioned...you must do the work...my energy healings do not heal you...I only provide the Light and Radiance to help sustain you through my I AM Presence, that is One with the Father, as you connect with your I AM Presence and Divinity.

Remember, God's greatest gift to all of you was of Himself to You and His Beingness within You. His life force is constantly flowing within you...your physical body is a Temple of the Most High Living God. It is your eyes that God sees through, your ears that God hears with, your throat that allows God's voice to come from your mouth and His energy and love that allows you to think, and move your arms and other parts of your body...God's Full Divinity and Presence is within YOU!!!

Love this Presence within you...Accept this Presence as the owner, giver, and doer of all perfection in your life...and have gratitude for life every moment of your life...and there can be no holding you back in your ascension...

My Light enfolds you, My Power upholds you, and My Love breathes through you if you seek your home in the Light. May this same mighty radiance shed its Light to illumine, heal, and bless you with that Divine Love which will ever hold all close in the eternal embrace of The One Supreme Light.

Yes.

How can you keep in constant Inner Communion with the I AM Presence at all times...

How have the Great Ones been able to raise and illumine the physical body...

By purifying it through the use of the Consuming Flame of Their own Divinity, which is the Mighty I AM Presence.

How can this be accomplished...

This can only be accomplished by Adoration to that Presence and complete obedience of the personality, or outer consciousness, to Its every Direction.

IAM Teachings

Master can direct a flash of Electronic Force which will knock that person senseless.

Then that person's own destructive motive will be permitted to react instantly and his own body will pay the penalty.

What has Beloved Jesus given the public an example of...

The Activity one experiences after he has made the Ascension.

What has Jesus sought to teach mankind...

Ascension and Its meaning, pointing everyone to that same Attainment and to enter this Great Freedom.

Is it true that you are sometimes raised into this condition previous to or near the change called death...

Yes.

Do we all have the Silver Cord of Light flowing into the body...

Yes.

How must all accomplish Ascension...

From the physical side of life.

What happens if the Silver Cord of Light flowing into the body has been withdrawn...

Then it is impossible to illumine and raise that body, and the one thus striving must re-embody once more in order to attain the Final Freedom from the physical side of human experience.

Must all Ascensions take place consciously...

Yes.

What does Ascension signify...

This Ascended Master Attainment is the Complete Victory over all outer experiences through the personal self.

What is so-called death...

An opportunity for rest and re attunement of the faculties of the personal consciousness. This is to free them from the turmoil and discords of Earth long enough to receive an Inflow of Light and Strength which will enable the outer activity of the mind to take up the work of physical experience again.

What is the purpose of physical embodiment...

It is for the purpose of preparing, perfecting, and illumining a body whose vibratory action can be raised to blend with the Body of the Mighty I AM Presence.

What is another name for the I AM Presence...

The Magic Presence.

What did Jesus call the I AM Presence or The Magic Presence...

The Seamless Garment.

Is the I AM Presence a body...

Yes.

What is the I AM Presence body made of...

Pure Electronic Substance.

When you are in this body, what do you have complete freedom from...

From all limitation.

Can you release Its power, where you can see this Blazing Body of Substance, so Dazzling that at first you can only gaze upon It for an instant because of the Intensity of Its Light...

Yes.

How can you release Its power...

Through intense devotion to the Mighty I AM Presence.

What is the purpose for which all decreed the journey through human experience...

To manifest more and more of your own individual Conscious Dominion over all manifestation.

What happens when you have this devotion to the Mighty I AM Presence...

Through such devotion you begin to manifest more and more of your own individual Conscious Dominion over all manifestation. This is your Eternal Birthright and the purpose for which all decreed the journey through human experience.

What happens when you, who is striving for such Freedom, reach the point where you release any amount of Light you desire from your Electronic Body instantly by your own conscious command...

Then you can control all manifestation, no matter in what sphere you may choose to express.

What must you do to see what discord in thought and feeling does to the beautiful bodies that Nature provides for your experience in the physical part of Life...

Observe the world at large.

How is the flesh structure of the physical body in childhood and youth...

It is beautiful, strong, and responsive to the demands made upon it.

What happens when discordant thoughts and feeling are allowed to express in the personal self over the years, as one goes through Life...

The body becomes incapacitated and the Temple falls into ruins.

Why does this happen...

Because the outer waking consciousness does not obey the One Law of Life, Love, Harmony, and Peace.

What is the Eternal Truth with respect to discord...

Discord is another name for disintegration, a synonym for death.

What will happen when mankind learns to live its Life by the One Eternal Law of Love...

It will find that such obedience will have released it from the wheel of birth and rebirth, and hence the problems of human existence will have disappeared. In their place will come the Joy of ever expanding the Perfection which forever abides within Love and constant new creation will ever go on.

Is Life a Perpetual Motion...

Yes.

Does Life ever slumber or sleep...

No.

What is Life...

It is but an ever and forever a Self-Sustained Stream of Expanding Perfection in Joy, in Ecstasy, and Eternally New Design.

This Perfect Activity and Joy of Life are all contained within what...

Within obedience to the Law of Love.

What is the last enemy...

Death, which will disappear.

What happens when your physical body no longer has anything of value to give for the use of the Perfection of Life.

You have physical death...

What is death...

It is but a means of release from a garment which no longer has anything of value to give for the use of the Perfection of Life.

What happens when the physical body is so incapacitated that the personality occupying it can no longer make Self-Conscious effort to express Perfection...

Then Nature herself takes a hand in things and dissolves the limitation, that you may have a new chance to make effort which is of benefit.

What is grief for the death of a loved one...

Selfishness.

What does grief do...

It retards the greater good the loved one should be enjoying.

What is grief from a sense of loss...

A rebellion against the Action of a Law that has seen fit to give another greater opportunity for rest and growth.

Does anything in the Universe go backwards...

No.

Is everything, no matter what the temporary appearance, moving forward to greater and greater Joy and Perfection...

Yes.

Can the God Consciousness in you grieve...

No.

When you physically die, must you be somewhere better than the place you left...

Yes.

Can anyone ever get out of this Universe...

No.

What should the human part know...

That as no one can ever get out of this Universe, you must be somewhere better than the place you left.

If there be Real, True Divine Love, what will it do and not do...

It can never cease to exist, and must sometime, somewhere, draw us to that which we love.

Is it true that if that which feels a sense of separation is not love...

Yes.

In True Divine Love, is there such thing as separation...

No.

What is the sense of separation...

Merely one of the mistakes of the personal self which it continues to dwell in because it does not understand the nature of Consciousness.

Are you your own consciousness...

Yes.

Is it true that where the Consciousness is, there you are functioning...

Yes.

Is there a Higher Mental Body...

Yes.

What happens when you think of a loved one who has passed on...

You are really with that loved one in the Higher Mental Body the moment your Consciousness is upon the other person.

Is the physical body only a garment which you wear...

Yes.

Should we accept the physical body as being the individual...

No.

What would happen if we can understand this Truth...

It would lift the chains which cause such useless suffering.

What causes the grief...

Such grief is all due to the fact that the personality, especially in the Feeling, accepts the body as being the individual instead of knowing the body is only a garment which the individual wears. Over it everyone should have complete and Eternal Dominion and should exact Perfect Obedience at all times.

What should you want if you really love another...

That the other one be happy and harmonious.

What should you avoid if, through so-called death, an individual chooses to accept a better opportunity for future expression...

If there be the slightest spark of Love, you should have no grief nor desire to hold that loved one in a state of incapacity when he might go on to greater Ease and Freedom.

Is it true that it is the ignorance of this Truth which enables such selfishness to keep humanity bound in its self-created chains of limitation...

Yes.

Is it true that this sort of ignorance of this Truth binds the Life Expression of the whole race and is a stubborn refusal to understand Life...

Yes.

Is it true that this sort of ignorance of this Truth drags thousands of human beings every year into the depths of despair, wholly unnecessary and avoidable...

Yes.

What should you be doing...

Enjoying happiness and living the way the Mighty I AM Presence intended you to live.

What is self-pity...

One of the most subtle and insidious ways by which the sinister force breaks down your resistance and makes you negative.

What does such an attitude toward Life do...

It not only prevents the accomplishment of everything worthwhile, but incapacitates you and fills you with self-pity.

Has your Freedom and the Full Power of Divinity been yours from the beginning...

Yes.

What must you do if you are to attain your Victory and express Mastery...

Remain positive.

Has humanity generated this sinister force...

Yes.

What is the Gift of the Father to His Children...

Your Freedom and using the Full Power of Divinity which has been yours from the beginning.

What does the sinister force which humanity on this Earth has generated use...

This method to keep aspiring, marvelous individuals from gaining their Freedom and using the Full Power of Divinity which has been theirs from the beginning, the Gift of the Father to His children.

Of all the faults humanity has generated, what is the most inexcusable...

Self-pity...

What is the apex of human selfishness...

Self-pity.

What is another name for the personal consciousness...

Outer self.

What happens with self-pity....

Through self-pity the attention of the personal consciousness, or outer self, is entirely absorbed by the petty, puny, human, useless desires of the physical body.

Where does the Great, Glorious, Adorable, All-Wise, All-Powerful Light of the Beloved Mighty I AM Presence always reside...

Above the physical body.

What happens with the Great, Glorious, Adorable, All-Wise, All-Powerful Light of the Beloved Mighty I AM Presence when there is self-pity...

The Presence is entirely ignored, yet Its Energy is being used for this destructive purpose.

Is the Presence of God, the “Mighty I AM Presence,” the Source of your Life and of all Perfect Manifestation...

Yes.

What should you do...

Acknowledge and feel the Presence of God, the “Mighty I AM Presence,” the Source of every individual’s Life and of all Perfect Manifestation.

When can humanity have something better than it is experiencing today...

When it looks away from the little self long enough to acknowledge and feel the Presence of God, the “Mighty I AM Presence,” the Source of every individual’s Life and of all Perfect Manifestation.

Is grief love...

No.

What is grief...

Colossal selfishness.

Is discord selfishness...

Yes.

Is discord love...

No.

Is lethargy selfishness...

Yes.

Is lethargy Love or Life...

No.

Should you make an effort to free yourself from the domination of the psychic world...

Yes.

What should the Energy of Life be used for...

The creation of Beauty, Love, and Perfection.

What do discord, grief, and lethargy do...

These sink the race into slavery because they break down the resistance of the individual by wasting the Energy of Life.

Why does this slavery continue...

Because the outer activity of the personal consciousness does not make the necessary determined effort to free itself from the domination of the psychic world.

What does the psychic stratum contain...

Only those creations of humanity generated by the discordant thoughts, feeling and words of the outer activity or personal consciousness.

What does this mean...

This means the daily activities of the mind, body and feeling with which the personality continues to entangle the creative expression of Life.

Has the entire race become so bound by its own discord...

Yes.

Has mankind created misery of its own degradation...

Yes.

Is mankind's growth slow...

Yes.

What are the Ascended Masters doing because the entire race has become so bound by its own discord...

These Great, Glorious, Transcendent Ascended Masters, out of sheer Compassion for the slowness of mankind's growth and the misery of its degradation are offering to cut away the barnacles of the psychic plane and give humanity a new start.

What are people entertained, fascinated, and self-hypnotized by...

The various conditions of the psychic world.

Are there the inner and outer activities of Life from the Ascended Masters' standpoint...

Yes.

Is there anything good or permanent within the psychic stratum...

No.

Is the psychic plane and the outer activity of the mental and emotional world entirely the creation of the human sense consciousness...

Yes.

Is the psychic plane and the outer activity of the mental and emotional world but the accumulation of human thoughts and forms energized by human feeling...

Yes.

How should the psychic stratum be characterized...

It is as dangerous as quicksand, and just as undependable.

Are the psychic plane and the outer activity of the mental and emotional world one and the same thing...

Yes, unless they report Perfection to you.

What does the psychic plane and the outer activity of the mental and emotional world not contain...

It contains nothing whatsoever of Christ, the Cosmic Light.

What is the desire for and fascination of psychic phenomena...

A feeling, a very subtle feeling, by which it holds the attention of the personality away from the acknowledgment, the constant adoration, the continual communion and the Permanent Acceptance of the individual's Mighty I AM Presence.

What should you be doing...

Acknowledging and having constant adoration, and continual communion and the Permanent Acceptance of your Mighty I AM Presence.

What does the psychic plane and the outer activity of the mental and emotional world do to you...

It holds the attention of the personality away from the acknowledgment, the constant adoration, the continual communion and the Permanent Acceptance of the individual's Mighty I AM Presence.

What does attention to the activities of the psychic plane do...

It depletes the personal self of the energy and the ability required to reach to the God Source and anchor there permanently.

Is the Christ Ever-Expanding Perfection, the One, Changelessly Supreme, Imperishable Quality...

Yes.

Is the Christ eternal Light...

Yes.

Does anything of the Christ come from the psychic realm...

No.

Why does nothing of the Christ ever come from the psychic realm...

Because the psychic or outer activity of the mentality is forever changing its qualities, while the Christ, which is the Eternal Light, is Ever-Expanding Perfection, the One, Changelessly Supreme, Imperishable Quality.

What is the only means of Release from the darkness of Earth's present chaos...

To be raised once more into the Understanding of the Light.

Why is mankind today, as a mass of children, needing much Help and the Wisdom of the Ascended Masters...

It is because of the attention to and the subtle fascination of the psychic plane.

What help and wisdom does mankind need...

To raise it once more into the Understanding of the Light, which is the only means of Release from the darkness of Earth's present chaos.

What have World Savors done...

They have come at regular intervals to give this kind of Help throughout the centuries ever since the end of the Second Golden Age upon this Earth.

What has typically happened after...

Following that Activity, humanity became fascinated by the world of form and the creation of things.

What happens to the physical parts of the body when in this Chair...

Your hair will returned to its original color, the lines will fade from your face, your flesh will became the pink of perfect health, and your beard will disappear, if you have one.

What happens as the intensity continues...

The one watching will follow no longer, for the "Light" becomes so intense that the one watching will be conscious of nothing else. The most concentrated part is about your body, but It envelops everyone watching in the most Dazzling Radiance.

It will completely disappear

What happens after this process is over...

Your body is raised into its Electronic Perfection.

Yes.

What will happen if this Energy be rightly used in wonderful, idealistic Creative Activity...

In such constructive consciousness and accomplishment, the physical body would remain eternally youthful and beautiful, the brain and faculties keen, alert, and active; and the whole physical expression would become the Image and Likeness of the living God, truly the Temple of the Most High.

Should you embrace your Glorious Mighty I AM Presence...

Yes.

Do you have a Twin Ray of your own God Flame...

Yes.

What is the Life Stream of the Universe...

The great Current of Liquid Fire.

What happens when the great Current of Liquid Fire, the Life Stream of the Universe, is turned downward...

It becomes passion.

What is the Beautiful Love of one Ray for its Twin Ray...

Tremendously uplifting, exalting, wonderful, and infinitely more joyous than when the great Current of Liquid Fire, the Life Stream of the Universe, is turned downward and becomes passion.

What is this Mighty, Concentrated Electronic Force, or Life Essence...

A Liquid Light which flows wherever the attention directs It.

How is the pulling effect accomplished...

The mind's attention is pulled this way and that by thought, feeling, sight, and hearing, in fact by the pull of all the physical senses.

What cannot be overestimated...

The True Understanding of what Mighty Power is at your command when you have full control over your attention.

What is this Mighty Energy...

The Liquid Electronic Essence

What does this Mighty Energy do...

It energizes whatever the attention rests upon.

What happens when you are doing intense mental work...

The Liquid Light stays within the brain and flows forth through the center of the forehead between the eyes as a Ray of Light, and if the Inner Sight be opened, one can easily and always see It.

Is there a throat and heart center...

Yes.

Is there a solar plexus...

Yes.

What happens when you are speaking...

This Pure Mighty Energy flows forth through the Throat Center as sound.

What happens when you are pouring out Divine Love...

This Liquid Light flows forth as a Radiance from the Heart Center.

What happens when you are sending out intense feeling...

It flows forth from the solar plexus.

What does the solar plexus also do...

It also performs the function of digesting the food.

What happens if you Inner Sight is opened...

You will see a Stream of Light pouring out from whatever center the energy is being used at the moment.

What happens to this Pure Liquid Light...

It becomes colored by whatever quality the personality imposes upon It through the thought, feeling, and spoken word.

Can you create wrongly...

Yes.

Is it true that here lies your responsibility as a creator, and the means by which you can correct or purify whatever has been wrongly created...

Yes.

Should you have sex pleasure...

No.

What happens if this Life Essence is released at the generative center for sex pleasure instead of building a new physical embodiment for another Soul...

Then the process of disintegration of the physical body is started, and the journey to self-generated dissolution of the body begins.

Is this the inevitable, inexorable Law of physical embodiment...

Yes.

Is there anyone in the Universe who can change It...

No.

Is this the principal reason for the condition that is called death within the race as a whole...

Yes.

What is the proof to anyone who disagrees with this Truth...

Compare the brain and body of one who conserves this Liquid Light over a period of a few years with that of one who has wasted It over a similar period, and he will not need any other proof.

What should you be doing...

Conserving this Liquid Light and conscious lifting of it by adoring the Mighty I AM Presence controlling your mind.

What is the way to Perfection, which is safe, sound, sensible, and reasonable...

The conservation of this Liquid Electronic Light and the conscious lifting of It by adoration to the Mighty I AM Presence and by the power of the mind through the control of the attention is the Way of Perfection, and is safe, sound, sensible and reasonable.

What will you have if you do this...

It can have only harmonious, constructive results to the mind, the body and world.

Is this a system of repression by the power of the human will...

No.

Is it true that this is and will always be disastrous, for to dam up a highly-concentrated energy and then by thought, feeling and suggestion keep driving more of it to that point through thinking upon it in secret, must of necessity cause an explosion of some kind to take place...

Yes.

Was that method ever the original spiritual teaching of anyone who really knew and understood the Truth and the Law concerning it...

No.

Has humanity, except in a very small degree, understood this Truth...

No.

What if humanity did understand this truth...

Then thousands would have become Ascended Masters long before now.

IAM Teachings

What must you do in order to rise out of the degradation, misery, poverty, and disaster in which the mass is now wallowing...

You must come to a clear understanding of this Law in the outer activity of your mind.

Yes.

Where can the Masters stand when you are seated in the Atomic Accelerator...

Two Radiant Masters can stand at opposite points in the circle, one in front, the other behind you, and another Master, like Saint Germain, can be standing within the circle.

What can happen when you are sitting in the Atomic Accelerator...

In an instant, the Light within your body can begin to increase, and your face reveal great joy.

What can be around you when sitting in the Atomic Accelerator...

Within the Light around you can be particles of substance, continually rising as the impurities in your physical body are being thrown off and consumed.

Yes.

What can happen to you through the Powerful Radiation of this Marvelous Atomic Accelerator...

You will be tremendously uplifted.

Can you focus your attention upon someone and request that person to come to you...

Yes.

What can happen when you do this...

Almost instantly, a soft rose-colored Light can envelop all, accompanied by a most delicate fragrance of roses. In a few moments a beautiful blue can form around the rose-colored circle. This can be followed by a radiance of gold around the blue.

Then, you can hear a sound like the swish of wings, and that person, in a tangible, visible body can stand upon the table before you accompanied by the two Radiant Masters. As that person stands there, you can see their form becoming more and more dense, until presently their body will be as tangible as your own.

Can you see your Twin Ray in your dreams...

Yes.

Can holding your Twin Ray in your arms be the most divine thing you know...

Yes.

What can you see in the Glorious Freedom of this Inner Body...

The Light of Divine Love.

What happens in your highly attuned state...

You realize all more clearly.

Is this privilege granted to the person that you see a very rare occurrence...

Yes.

How does the other person visit you...

They are clothed in a temporary body, and it is just as tangible as their own physical body and as the physical bodies of the others.

Can the Ascended Masters know you from contact with you in the Higher Spheres that you can retain the memory of...

Yes.

Why should you not kneel in front of an Ascended Master...

Because your own Indwelling I AM Presence is just as Great as the Ascended Masters who have found the way before you to complete Mastery and Freedom.

To whom belongs your First Love, Recognition, and Worship at all times...

To your own I AM Presence.

How can you view an Ascended Master...

As your Elder Brother.

Is it a Master's Privilege to assist you to that same Freedom...

Yes.

Can it be at the Command of your own Mighty I AM Presence that you may be visited by an Ascended Master...

Yes.

IAM Teachings

Is it always a joy for an Ascended Master to be of any assistance to you that the Great Law of your Being permits...

Yes.

Is it true that your beautiful Love and Trust is opening wide the gates to Blessings of which you do not dream...

Yes.

When will the full understanding come as you...

As you progress.

Should you have wonderful joy and unspeakable Divine Love that radiates from you...

Yes.

Should you have boundless gratitude to the Masters for the Limitless Blessing you have received...

Yes.

What should you want...

To rise above all human, earthly limitations and produce whatever you require direct from the Universal Substance...

What is the Universal Substance...

The Eternal, Omnipresent Supply of everything you can ever desire.

Can you learn to do this much sooner than you dare to imagine in the outer activity of your mind...

Yes.

Is the very Life Energy which moves your body across the floor the Most High Living God...

Yes.

Is your physical body the Temple of the Mighty I AM Presence, the GOD of the Universe...

Yes.

What is the Christ...

The Only Begotten Son—God in Action.

Is the time required to attain this Mastery tremendously shortened when you comes to the understanding what...

That your physical body is the Temple of the Mighty I AM Presence, the GOD of the Universe and the very Life Energy which moves your body across the floor and is the Most High Living God.

What is this Most High Living God...

This is the Christ, the Only Begotten Son—God in Action.

How can many also get tremendous results...

By thinking of It as the Ascended Master Within, or the Mighty I AM Presence to whom they can talk.

What is this Presence...

A Glorious Blazing Light.

Can you see Its Light within your outer mind and body...

Yes.

Where is Its Visible, Tangible Presence resting...

A short distance above your physical body.

Can you speak to It...

Yes.

Can you receive Its Definite Answers, Perfect Direction and Wondrous Revelation...

Yes.

Can you thus always be God directed...

Yes.

When can you always be God directed...

If you will only contact your Mighty I AM Presence close enough and often enough.

Can Its Mighty Wisdom, Intelligence and Liquid Light flow ceaselessly into whatever you wish to accomplish...

Yes.

What must you do for this to happen...

Hold your attention steadfast upon the Mighty Presence first and whatever you wish to attain second.

Then what do you need to do...

Then follow this up by determined, persistent insistence.

What is such Almighty Power and Intelligence...

Absolutely Invincible.

Can such Almighty Power and Intelligence ever fail...

No.

What is human doubt and fear...

Subtle feelings.

What can human doubt and fear do...

Keep you from accepting this Mighty I AM Presence and Its Perfection if you let them, but the Presence never did and never can fail.

Is this a simple formula for quick, certain attainment...

Yes.

Are tremendous advancements possible in a short time...

Yes.

But what must you do to have these advancements...

Keep consciously, continually, and completely accepting the Wonderful Love, Intelligence and Power of the Mighty I AM Presence.

What is the energy of the Mighty I AM presence doing...

Flowing and acting through your mind and body every moment of the twenty-four hours.

What should you know unmistakably if you wish to have attainment...

That concerning desire.

Is it true that no one can ever attain Mastery over human creation and gain the Ascension by an attitude of desirelessness...

Yes.

What happens when there is no desire for attainment...

Then attainment would not be possible.

What is all Constructive Desire...

God in Action in you.

What would happen if desire were not within the God Principle...

Manifestation would never have taken place.

Manifestation cannot come forth until what happens...

Until the Godhead desires manifestation.

What is the activity of desire...

The forward-moving, or expanding motion of Life Itself.

Can desire ever be dispensed with...

No.

What is Life...

A Perpetual Motion...

Is desire and the human appetite as far apart as Light and darkness...

Yes.

Is the sustaining of that Activity all Constructive Desire...

Yes.

What should you be careful of...

That you discriminate between desire and human appetite, for they are as far apart as Light and darkness.

What is appetite...

An accumulation of energy qualified by human feeling through the formation of habit in the sense organism only.

What does appetite have nothing whatever to do with...

The desire within God's Life.

Is it true that all that abides within Life is Pure, Perfect, and Constructive...

Yes.

What is Constructive Desire eternally existent within...

Life.

Is it impossible to progress or express Life without some form of desire...

Yes.

Should you do things to satisfy a feeling...

No.

Should you be a creature of the physical appetites...

No.

What is your duty to be alert and on guard for...

Discriminating always as to your motive for doing anything.

Should you be a God-directed Master of Circumstance and Dominion...

Yes.

What should you be severely honest with yourself about...

In your feeling and motive.

What does the outer activity of the mind try to make you think you are doing...

That you are doing a thing from the standpoint of reason, when all the time you are doing it to satisfy a feeling instead.

Is the majority of the race but creatures of feeling...

Yes.

Does this control them ninety percent more of the time than does the wisdom of the mind...

Yes.

Is this why they are principally creatures of physical appetites instead of God-directed Masters of Circumstance and Dominion...

Yes.

What is the Divine Way of Life...

A God Desire.

Should you avoid the human appetite for self-gratification...

Yes.

What must you do with the feeling body...

Take your feeling body in hand and definitely control it by the Love, Wisdom and Power of your Mighty I AM Presence...

Unless you do this, what will never happen...

You cannot and never will be dependable, nor will you make permanent progress to Freedom.

Where does The Mighty I AM Presence store Its Force...

In the emotional body, or feeling body...

Does the Mighty I AM Presence depend on this Energy to accomplish the Fulfillment of the Perfect Divine Plan of Life...

Yes.

Does everyone know the difference between a Constructive and destructive idea, and the difference between the feeling of Love, Peace, and Calm, and that of discord...

Yes.

Is it true that the simplest mind, even a child, innately knows the difference between the Divine Way of Life, a God Desire, and the human appetite for self-gratification...

Yes.

What are you commanded to choose...

The Divine Way of Life.

What happens when you do not compel the sense appetites to obey that Command...

Then you must suffer, experiencing chaos and destruction until you set your own world in order so it blends with the Great, Orderly, Harmonious Movement of the Whole.

Should you still that feeling of resistance and replace it by Peace...

Yes.

Should you give way to your own feeling of resistance...

No.

What is the Law of Perfection forever...

Purity, Order and Harmony.

What happens when you wish to give way to your own feeling of resistance rather than still that feeling and replace it by Peace...

You destroy yourself, mind, body and world.

What is the Law of your Being...

Whatever discordant thought and feeling you send forth, it must first vibrate through the brain and body of the sender before it can reach into the rest of the Universe.

Then what happens to that thought and feeling...

After swinging out, it begins the return journey to its creator, you.

What happens as it comes back...

While coming back, it gathers more of its kind, and that becomes the accretion of which your world is composed.

Is this Law Immutable...

Yes.

What happens when the Great Life Energy within the physical body is used constructively...

The result is the greatest possible joy, happiness, and accomplishment, not only to yourself, but to every person, place, condition and thing you control.

What happens then...

The Mighty I AM Presence, through the vehicle of the personal self, manifests Divine Love in action.

What happens when the more firmer and more concentrated the attention is placed on the Mighty I AM Presence...

The more powerful the action and the more marvelous the results.

Should you ask for the All-Powerful Illumination and Infinite Peace of the Most High God attend you...

Yes.

What should you ask for...

That with the Masters Peace, Strength, and Love you be enfolded, and to your own Mighty I AM Presence you be commended.

What is the Mighty I AM Presence...

Vivifying Life.

Can the Light so quicken within your body that Its Radiance emanates from your hands with great vividness....

Yes.

Can you be given a Liquid, pure electronic energy to drink so the body will not be burdened with unnecessary substance...

Yes.

When you drink this liquid, can it seem as though your being would never stop expanding, and then come a sense of being lifted to tremendous heights...

Yes.

Can you have a feeling that you are going to lose consciousness...

Yes.

Can you see yourself standing in a Flame of Blazing Light, and your body swaying as though about to fall...

Yes.

Can two Rays of Light stream through your eyes...

Yes.

Can music reach into the very depths of one's soul...

Yes.

Can a Brilliant Light extend around you for about three feet...

Yes.

What can you ask for...

That may God's choicest Blessings, Love, and Illumination enfold you always.

Are there the Etheric Realms...

Yes.

Is there the Seventh Sphere...

Yes.

What happens when you reach the Ascended State...

You complete your journey through human experience.

Can you have a great Inner Attunement forming the bond between people...

Yes.

What does the Atomic Accelerator allow you to do...

To raise your body.

How will you know when to leave the chair of the Atomic Accelerator...

The Mighty I AM Presence within you will tell you when to leave the Chair.

Should any words be spoken while the raising process is in operation...

No.

What can happen when you are seated in the chair...

A dazzling blue-white Light can blaze forth crystal clear. In perhaps ten minutes, your flesh can look perfectly transparent. Slowly a current of vivid blue can move up your spine and meet the combined currents of the pineal gland, pituitary body, and the base of the brain, forming into a Dazzling Golden Light encircled by the most vivid blue.

How do you step forward from the chair...

By the very Power of your own Light, and as you do so, you can seem to float rather than walk.

What else can happen when you are seated in the chair...

In less than five minutes, your form can completely disappear, so dazzling can the White Light be and as you step down from the Chair, the Light can follow, as if to caress you.

At first there can be a glow of soft rose Light, gradually changing into gold, blue, and then an intense white, with a glorious tint of blue still remaining.

Your form may not entirely disappear from view, but as you step down from the Chair, your eyes can ablaze with the Light of the Mighty I AM Presence.

Or as you sit in the chair, instantly the Light can become a dazzling sun, and your form can completely disappear within Its wondrous glow.

Presently you can seem to float, so lightly can you step from the Chair, and Rays of intense Light can continue to dart forth from the upper part of your body for some time.

You can feel a million points of Light pierce your flesh as the greater force from within the electrons can be released through the atomic structure.

You may want to jump right out of the body you are using and claim the Full Freedom of your Mighty I AM Presence.

Soon you can become adjusted to It, and then a feeling of the most joyous exaltation can fill your entire being, a sensation no words can describe.

What should you do after you come from the chair...

Pour a Mighty Love to humanity and a prayer that all might be ready to receive this same Glorious Illumination.

Is it true that no one can recede once he has entered into the Light in this manner...

Yes.

What else should you do if you step down from this chair...

In this tremendously exalted state you should consciously send forth the Mighty Power of Divine Love to bless and illumine humanity more powerfully than you have ever conceived possible.

How can the Earth and all its inhabitants be transformed...

If seventy-five percent of mankind could understand, be raised to this marvelous state and consciously send forth the Mighty Power of Divine Love for seven days.

What happens when you reach a certain height of attainment...

You may see on a Cosmic Mirror your complete series of lives, the cause and effect of your conscious activity, and how the gradual process of Mastery is attained...

What would happen if Earth would be transformed...

There would be no more selfishness, hence no more strife.

What should you do...

Consciously expand the Love, Light, Wisdom and Power of the Mighty I AM Presence through yourself.

What can the Cosmic Mirror show you...

The Divine Plan of your future...

How will this help you...

You will understand how to cooperate with the Great Cosmic Forward Impulse, and so, tremendously increase your power of service and usefulness by consciously expanding the Love, Light, Wisdom and Power of the Mighty I AM Presence through yourself.

What should you do when using this Cosmic Mirror...

Throw your own Soul's Light into the Mirror, hold it there unwaveringly, and calmly observe the results, no matter what appears.

Is there a struggle of the outer self against the certain advance and expansion of the Great Inner Light.

Yes.

What does this Light do...

It is expanding Perfection from the Presence.

Can this be retarded, but never prevented from attaining Its Ultimate Eternal Victory and Dominion...

Yes.

Can century after century and Life after Life pass with but very little progress...

Yes.

Why does this happen...

Because of the stubbornness of the outer self.

What happens when the outer self becomes weary enough of the husks of existence, the unreality of things, and earnestly and gladly calls to the Mighty I AM Presence...

Then all barriers disappear, and Its Great Inner Light is enabled to express more and more Perfection. Thus at last is Full Mastery attained.

Can an Extension be granted to you until you have finished certain outer work...

Yes.

When are these extensions given...

Where it is possible to raise the atomic structure of the physical body into the Electronic.

What will happen when you raise your body...

When this takes place, you will be united with your beautiful Twin Ray.

What happens after this reunion...

Then You and your Twin Ray will reveal Their True Service through the Mighty Magic Presence of the I AM as Their Radiance grows brighter and brighter.

At an appointed time, They will come forth with Their Ascended Master Authority and serve in Their Visible Tangible Ascended Bodies, holding positions as Great Teachers of the Light in high governmental offices, being Direct Messengers of the Most High Living God.

Are there lives in which the outer self rebels against the Light...

Yes.

Can you have both masculine and feminine embodiments in the past...

Yes.

Was Jesus crucified...

Can you have hundreds and sometimes thousands of embodiments that you pass through in order to gain your Eternal Victory and Dominion...

Yes.

Are there Masters in the Himalayas and the Far East...

What happens when you awaken fully...

The Great Light blazes forth.

Should you become a great teacher of Divine Wisdom...

Yes.

Can you raise your body, with the Assistance of the Ascended Masters...

Yes.

Will you do future work from the Ascended State...

Yes.

Can you see your Real Self, the Mighty Magic Presence of the Great I AM, utilizing one body after another through a long series of lives...

Yes.

Should you work through Divine Love to those on Earth, assisting in their upward progress...

Yes.

Is the Blessing of Divine Service a great privilege...

Yes.

What should be your First Service, the Greatest Service that can possibly exist...

The Complete Acknowledgment and Acceptance of your Mighty I AM Presence, the Mighty Light within and above you.

Is service, one of the most misunderstood subjects...

Yes.

Do many people consider various things as service which in reality are not service at all, but mere slavery to the human creation of themselves or others...

Yes.

What is not service...

The performance of physical acts for gratifying and satisfying of the limitations of the human self.

What is this, if it is not service...

That is slavery to human creation and the treadmill of mankind's limitations.

What is The First Service for any of mankind...

Praise and adoration of the God Self, the Great Master within each individual.

What happens when in thus fixing the attention of the outer mind on the Only Giver of anything good we can ever receive...

It raises the outer mind into the Full Acceptance of the Supreme Conquering Power anchored within the human form, which after all, is Divine.

Should you hold your attention fixed on the Supreme Source of Love, Wisdom and Power...

Yes.

What happens if, in man's service to man, you fail to hold your attention fixed on the Supreme Source of Love, Wisdom and Power...

Then you have failed in that service to a large degree.

What else should you not do...

If, in the quest of things in the outer senses, do not become so occupied that the conscious attention becomes fixed on the manifestation instead of the Supreme Presence that produces it.

Is it true that if in man's great desire to serve, the overwhelming desire to serve your fellowman causes you to neglect to keep your attention fixed on the Supreme Producer, then that service too has failed to a large degree...

Yes.

Should your outer mind become so filled with the Inner Presence...

Yes.

Should you hold the attention and acceptance so firmly fixed upon the Great Master Within...

Yes.

Should each activity of the day become, without considering it, the Perfect Divine Service of the moment...

Yes.

What is the Only True Service...

In holding the attention and acceptance so firmly fixed upon the Great Master Within, the Only Producer, that the outer mind becomes so filled with the Inner Presence, that naturally each activity of the day becomes, without considering it, the Perfect Divine Service of the moment.

What happens when you do this...

Then the Great Master Within, the Mighty I AM Presence, is always conducting the outer activity, until the entire action becomes Perfection expressed.

What does the outer self, until fully awakened, have...

Periods in which it unknowingly wants to strut its vanity and abilities over its fellowmen.

What does this invite...

A shock of some kind to shake up the outer self until it becomes aware of what it is doing.

Then what happens...

Then it wildly looks about for its Source of Power, which it has either forgotten or willfully pushed aside.

In your compulsory choice and the use of the Free Will, what will this Great Master Within not do...

Intrude Itself unless welcomed and invited joyously to do so.

Is it true that the more joy you can put into the acceptance of the Mighty Indwelling Power, the quicker manifestation follows...

Yes.

Is your acceptance a command which must be obeyed and cannot be denied...

Yes.

Does the outer self have any power of its own...

No.

What must happen...

The attention and acceptance must be held long enough, firmly enough, and steadily enough upon the Mighty I AM Presence, until the shell of the outer self is completely shorn of the idea that it has any power of its own.

Should you know that you will naturally give the right service and do the right thing...

Yes.

Should you fix your attention and acceptance on your Great Master Within...

Yes.

What can the outer mind not argue against...

The fact that all the energy it uses comes from the Great Presence Within, no matter how that energy is applied.

Is it true that you should never let any desire for service deprive you of the needed time, undivided, to fix your attention and acceptance on your Great Master Within, knowing then that you will naturally give the right service and do the right thing...

Yes.

What does the Law of True Divine Service say forever to the personal self...

Thou shalt have no other Gods before me and this is the whole of the Law applied.

Is it true that the personal self has absolutely nothing of its own...

Yes.

Does the personal self come into embodiment without clothes...

Yes.

Is it true that unless the physical body is illumined and raised, the personal self passes through so-called death and leaves even the body behind...

Yes.

What does the personal self own.

Nothing.

Should you misuse the marvelous gifts of life...

No.

From where does the personal self get everything it has...

It is loaned to it by the Great Master Presence, no matter how much it misuses the marvelous gifts of Life.

What should you do to have the struggle of the outer self cease...

Keep your attention to the Heights, the Light.

Is there a Lady Master, also known as Nada...

Yes.

When did she raise Her Body...

2,700 years ago.

What does she do...

Very Transcendent Work for the humanity of this Earth, as well as a Greater Work which She does in very much Higher Spheres.

Who gave the information about service...

Lady Master Nada.

Do you come in Radiation of Saint Germain and Lady Master Nada and profit from it when reading the information about service...

Yes.

Is it true that in the Ascended State the Joy of Divine Service so far transcends earthly comprehension there are no words to describe It.

Yes.

What will you soon find...

You will soon find yourself steadily rising into that glorified Ascended State where the Joy of Divine Service so far transcends earthly comprehension there are no words to describe It.

Is there individual growth through hundreds of lives in earthly experience...

Yes.

Is it a rare occurrence and privilege for any student to be shown this on the Cosmic Screen...

Yes.

When is this permitted...

Where the individual has reached a height of attainment and Inner Strength that will enable him to observe the experiences of the past without receiving suggestions or being in the least influenced by them, no matter how terrific they may have been.

What happens when you ascend...

You complete the raising into your Electronic Body and enter Perfect Freedom with your beloved Twin.

Is there but One Source to look to for anything...

Yes.

What is that One Source...

Your Mighty I AM Presence within and around you to whom you can call, and you will never fail to get a response.

What do you receive from the Mighty I AM Presence...

From It, you may receive without limit Courage, Strength, Power, Protection, and Guidance which will take you through any ordeal you may ever encounter.

Can trials arise from most unexpected places...

Yes.

Should you ever be off guard...

No.

Will The Inner Light ever fail...

No.

When can the Inner Light fail...

When you deliberately turn from It.

Can you call in another soul to join you with the Inner Light...

Yes.

Can the Light within you blaze forth with such intensity that your body be hardly visible...

Yes.

Is there Divine Union with Twin Rays...

Yes.

What should you ask for...

For the Greatest Blessing the Ascended State can give to enfold you forever.

What forms the Open Pathway to the Ascended State...

Pure, Unselfish Love and Devotion.

What does America mean...

America means so much more than most of Her inhabitants dare to dream.

What Country is the Heart Center of the Spiritual Progress on this planet.

America.

What is the Cosmic Christ...

The Mighty I AM Presence.

Where will the firm Foundation of the Cosmic Christ, the Mighty I AM Presence, be anchored in the Hearts of mankind...

In America.

What will this Cosmic Christ do...

This Great, All-Powerful Light shall intensify and expand until not a vestige of selfishness or political intrigue will remain or be remembered. The Cosmic Christ shall illumine the Earth and set it in Divine Order by the Power of the Mighty I AM Presence.

What will happen in the future...

Many amazing things will take place in the coming years, until mankind will truly realize the time of miracles is not past, but is forever with us.

What will humanity understand regarding so called miracles...

That they are but the results of obedience to the Great Divine Plan of Life.

Were animals in existence upon this planet during the first two Golden Ages...

No.

When did animals only begin to appear...

After humanity had generated the discord that followed those first two periods.

By the attention of the intellect becoming focused upon the appetites of the body, through the feeling.

Should you forget the Source and Powerhouse of your Being...

What is the Source and Powerhouse of your Being...

The Mighty I AM Presence.

Should you be enmeshed in the world of things...

What happened to the outer mind...

What was lost of sight...

The Plan of Completeness, or Divine Way of Life.

What crept in...

More and more discord has continued to creep into the feeling of humanity ever since.

What will happen as long as human beings insist on killing animals...

They will never be able to break the vicious habits within their own feeling by which they have bound themselves.

Why is this so...

For they are constantly destroying their own bodies and shutting out the finer mental impulses.

What should the Love of mankind for domestic animals be...

The raising and purifying some of that past creation and releasing that stream of Life into a more harmonious phase of existence.

What will happen as humanity becomes more harmonious and pure...

All animals will disappear from the Earth.

What will happen to the weeds and blight upon plant life...

It will be removed.

What will happen to the Earth...

The Earth once again return to her Pristine Purity described as the Garden of Eden, meaning obedience to the Divine Wisdom.

What is the great harm of meat-eating...

That the flesh of the animal records the feeling of fear it experiences when killed.

Does the animal have an emotional body...

Yes.

What happens to the vibration of fear recorded previous to and at the moment of death...

It qualifies the flesh, and that quality is absorbed by the emotional body of the human being who eats it.

What else happens when you eat meat...

It also causes a certain substance to condense into the brain which dulls the intellect and prevents the finer impulses from flowing into it from the Mighty I AM Presence.

Do you have free will...

Yes.

Is it true that this substance even an Ascended Master will not interfere with because you do these things of your own free will...

Yes.

What does this destructive thinking do...

It breaks down the health and resistance in the race, that the destructive feeling may hold sway and destroy the ideals of mankind.

Is it true that the medical profession has been unknowingly made a cat's-paw for this destruction, under the guise of science...

Yes.

Are we stubborn in the sense appetites...

Yes.

What are the sense appetites...

Feelings in the human body.

Should you be gratifying the physical appetites and whims of the personal self...

No.

When will you be able to produce the same Miracles the Ascended Masters are able to do...

When you will spend the same amount of time and energy studying Perfection and the wonderful Miracles of Creation that face you everywhere.

Why is it that we create more and more of this destruction...

It is only because of the persistent stubbornness in the sense appetites, which are feeling in the human body, that the race keeps using its

IAM Teachings

marvelous mental capacity and the wonderful Pure Energy from the Mighty I AM Presence to create more and more destruction.

What does humanity need to do...

When human beings will spend the same amount of time and energy studying Perfection and the wonderful Miracles of Creation that face us everywhere as they now do in gratifying the physical appetites and whims of the personal self, they too will produce the same Miracles the Ascended Masters are able to do.

Will the meat-eating habit of today be looked back upon as cannibalism...

Yes.

What must happen if the Full Perfection from the Mighty I AM Presence is to be released through the personal consciousness...

The several things that leave a substance in the brain must be cleared away...

Narcotics, alcohol, meat, tobacco, excess sugar, salt, and strong coffee.

Is there a remedy for these things...

Yes.

Will a Master ever point your attention to any consideration of imperfection without showing you the Way to transcend it and replace it by Perfection brought about harmoniously...

No.

What should you do if there is something that needs to be changed in the physical experience...

Call your Mighty I AM Presence into action through your mind and body.

What happens when you do this...

The result will always be produced without suffering or discord of any kind.

What is the Way of Perfection...

The Activity of the I AM Presence.

What does the I AM Activity never demand of the personal self...

Anything but the letting go of its chains, its discords, its limitations and its sufferings.

How is this change brought about...

Harmoniously and through Divine Love.

How do you purify the brain and body structure, if the personality has been putting these substances into the physical body in the past...

Call to your Mighty I AM Presence to pour through your mind and body Its Violet Consuming Flame, using the following Affirmation:

Mighty I AM Presence! Blaze through me Thy Consuming Flame of Divine Love. Take this desire out of me; annihilate its cause and effect, past, present and future, and replace it by the Fullness of Yourself, Your Perfect Satisfaction, and hold Your Full Dominion here forever!

Can you use this same Affirmation producing miraculous and permanent accomplishment...

Yes.

What is this violet flame...

The Purifying Power of Divine Love.

What should you do after you make this decree...

Spend a few moments at least three times a day visualizing yourself standing within a pillar of Violet Flame, rushing from the feet to some distance above the head and extending for at least three feet on each side around the body.

Hold this picture as long as you can comfortably do so, and feel the Flame, which is the Purifying Power of Divine Love, penetrating every cell of your body.

What will happen when you do this...

This Will dissolve all impure and unnecessary substances in the cells of the body, thus clearing and illumining the consciousness.

Are there Retreats of the Great White Brotherhood...

Yes.

Is it true that this is part of the Knowledge of the Sacred Fire which has only been taught in the Retreats of the Great White Brotherhood throughout the centuries...

Yes.

Is this the way the Ascended Masters purify, heal, and harmonize mankind and the very Earth itself...

Yes.

Is this the Power by which so-called miracles are performed...

Yes.

What effect will this have on you...

It can never have any other effect in either the brain, body or affairs but great ease, comfort, peace, and eternal good.

Who created the birds of Earth...

Yes.

What would happen if humanity did not impose its own discord and impurity upon the very atmosphere in which plant life grows...

There could not be poisonous weeds or plants in existence.

Yes.

Cataclysmic disaster.

Yes.

How long will man do this...

Until he builds his Universe according to the Pattern of Divine Perfection which is the True Expression of his own Divinity.

What is Nature doing age after age...

Continually throwing back upon man, through cataclysmic action, his own iniquity.

What is Nature stronger than...

Any opponent...

Why is Nature stronger than any other opponent...

Because She is the Direct Creation and Outpouring of the Ascended Masters.

Is man's own discord destroying and burying himself...

Yes.

Is nature immortal...

Yes.

Is it true that in this way, man's own discord destroys and buries himself, and Nature in Her Pristine Purity goes on serenely expressing Her Immortality...

Yes.

What should you notice...

The many civilizations that have been built upon this Earth, and the fact that Nature has so completely obliterated all traces of man's work in them, until only in tradition and myth is there the faintest record of some of these activities.

What is wisdom...

The constructive use of all knowledge.

When can man have the perfect cooperation of Nature's gigantic forces, and through them make his accomplishments Immortal also...

When he has attained Wisdom.

What must man stop and not do...

Some unusual event opens the door.

Can it be that you may live for months or years under the same roof with a Messenger, and not know him until some crisis arises that causes him to reveal his power...

Yes.

What should you understand...

That human embodiment upon this Earth is an opportunity given the personal self, by the Great Law of Balance, to correct the mistakes made in previous lives.

What should you do if you know this...

Use every experience and extract the lesson from it instead of rebelling against circumstance and being used by it.

Do you have the Presence of God within you...

Yes.

Is it true that this constant return to physical embodiment, or garments of flesh, would be an endless circle of cause and effect if it were not that man has the Presence of God within him...

Yes.

What is this part of you which says I AM...

The Presence of God within you...It is the Life, the Intelligence, and the Power that moves through your physical body.

When does the Master Self begin to decrease Its supply of energy, and eventually withdraws...

When the discordant habits of the atomic consciousness of your physical body build to such a momentum that the Light of the Mighty I AM Presence is no longer allowed to expand, and through that, maintain the Fulfillment of a Constructive Plan of Life.

What is only one thing that ever causes what the world calls death...

The lack of enough Liquid Light within the nerve channels.

What does this Liquid Light do...

It radiates the Cohesive Power which holds the atoms together that make up the flesh body.

This Liquid Light is owned by and comes only from where...

The Mighty I AM Presence of the Universe.

What is the outer garment...

The receptacle into which this Presence pours Its Light for a constructive purpose and use only.

What is the flesh body...

The Temple of the Most High Living God.

What happens when that purpose is continually interfered with...

The Light is withdrawn...

What happens when the Light is withdrawn...

The flesh body disintegrates.

What is the original God Plan...

The Divine Way of Life.

Should the personal self have disobedience to the original God Plan, the Divine Way of Life...

No.

What is the experience of death...

A constant reproof to mankind and a reminder to the personal self of its disobedience to the original God Plan, the Divine Way of Life.

What is the Source of Life...

The Mighty I AM Presence.

What should you do if you really want to know the Truth about re-embodiment and Life...

Go to the Source of Life, the Mighty I AM Presence, and study there.

Is it true that only as you receive Wisdom from your All-knowing Mind will you ever BE Its Light...

Yes.

Can humanity have mental concepts and ideas by the thousands...

Yes.

But what must happen for you to ever really know...

Unless you have become One with a thing through feeling it.

What is the outer activity of the mind...

Sense and form.

What is the Light of the Universe...

The Mighty I AM Presence.

What is accretion...

To gather facts from the world of sense and form, or the outer activity of the mind.

Where does Eternal Truth, Law and Intelligence come from...

Only from the Mighty I AM Presence.

If you desire to prove to yourself the Truth of re-embodiment, that proof can only come from where...

From your own actual experiences.

How can these actual experiences be revealed to you...

By your own God Self.

Will any amount of argument or phenomena ever be proof to anyone...

No.

What MUST you do to know, see, and experience firsthand the answer to every question and every problem confronting you...

With unyielding determination, acknowledge and accept your Mighty I AM Presence, call to It constantly, and sincerely reach up to It, love It, and be grateful for Its wondrous Life which you are using every moment, waking and sleeping, you will cause your outer consciousness to be raised.

What is the greatest and most important Activity of Life...

Love, Devotion, and Gratitude to Life for all Life gives you.

What happens when your outer consciousness becomes lifted by being held in constant adoration upon the Mighty I AM Presence and continual acknowledgment given only to the Perfection of Life...

All human habits and miscreations disappear, and you express only Light.

What is this consciousness...

This is the Ascended Master Consciousness.

Then what happens...

The outer activity of the mind and physical body become the visible, tangible form of whatever we think and feel.

Do you become that upon which your attention rests...

Yes.

What happens when you meditate upon the Mighty I AM Presence...

You will become the Full Outpouring of that Perfection.

You destroy your temple.

Can anyone say no to you, no matter what your choice...

No.

Is the responsibility of your choice unescapable...

Yes.

Why is that the case...

For it is inherent within Free Will.

What is the Paramount Command of the Eternal...

Be ye Perfect, even as your Father in Heaven is Perfect, for Life will return you, the individual consciousness, again, again, and again into human embodiment, until you fulfill the Supreme Edict of Life.

What happens when that Decree is obeyed...

You shall find the Manifestations of the Constructive Way of Life have become Immortal.

Is the Cosmic Activity and Light from our Earth being expanded at this time...

Yes.

Do many feel this greatly increased energy...

Yes.

What must you do with this energy...

Use it in a constructive way...

What should you not do...

Qualify this energy with your own feelings of irritation and resentment against persons, places and conditions.

What happens when you misqualify this energy...

This but creates greater turmoil in your own mind and body, which constantly disturbs you and others.

What must you do if you are to avoid continual distress and countless loss to yourself and your world...

To keep an iron control over you own thought, feeling, and spoken word, compelling them to be constructive, and giving recognition to nothing else.

Is there a current Expansion of the Light throughout the Earth...

Yes.

What is absolutely imperative for you to do at this current Expansion...

To keep an iron control over you own thought, feeling, and spoken word, compelling them to be constructive, and giving recognition to nothing else, if you are to avoid continual distress and countless loss to yourself and your world.

What is one of the most powerful faculties you have for bringing the invisible activity into visible, physical form...

Your own vision.

Is this what the architects are doing constantly...

Yes. They receive an idea, which is an invisible activity; they then draw a picture of it. It is but a very short time until the substance is drawn together and the invisible idea has become a visible, tangible building.

Is your ability to use this Law absolutely unlimited...

Yes.

Is it true that it is only when you consciously set to work to control your faculty of sight so that you close it to the picturing of negative conditions, that you begins to have Freedom and put your world in order...

Yes.

What are the average person's thoughts and feeling...

Nothing but a mass of chaotic pictures and negative suggestions which he has accepted from the world about him, and keeps repeating and feeding them by his own energy through his attention.

What is Heaven's First Law...

Order, Harmony and Peace, the Cohesive Power of the Universe.

What is your God Self...

The Mighty I AM Presence of the Universe.

What do these come from...

From One Source only, and that is the Mighty I AM Presence of the Universe, your God Self.

What is forever about you...

Limitless Substance and Invincible Power.

Can you produce whatsoever you can possibly desire...

Yes.

What must you understand and do...

You must understand how to raise or lower the atomic vibratory action by the Power of the I AM to produce whatsoever you can possibly desire.

Who is the only one to say what shall come into your experience and world...

You.

Is the Limitless Omnipresent Substance always about you waiting to be acted upon...

Yes.

Does the Mighty I AM Presence wish to expand Its Perfection...

Yes.

What are you...

You, the individual, are the channel through which the Mighty I AM Presence wishes to expand Its Perfection.

What does the Mighty I AM Presence pour out...

Ceaselessly the Limitless Light, or Energy of Life.

Who is the governor of its use, the director of its destination and of the result it is to bring forth to you...

You are.

What must you do before It can and will produce anything you wish instantly...

Keep your personality harmonized so thoughts, feelings, and words of discord do not interrupt Its ever flowing Perfection.

What is Life...

Perfection.

What does Life contain...

All Perfect Manifestation within Itself.

What is the only duty of the personality...

To be a Cup that carries and reveals the Perfection of Life...

Is it true that until you obtain obedience from the outer senses and maintain a feeling of peace within yourself, you pollute the Purity and Perfection of the Life that is flowing through...

Yes.

What is it your duty to know...

That the Wisdom of the Mighty I AM Presence always directs your use of Its Power and Life.

Who knows what is Perfect for you....

The Mighty I AM Presence alone knows what is Perfect for you, except an Ascended Master.

Is an Ascended Master ONE with the All-knowing Mind of God...

Yes.

Is an Ascended Master ONE with your I AM Presence...

Yes.

Is this the case no matter whether It acts through you or through Him...

Yes.

Thus who knows what is right for you at all times...

Only your own I AM Presence or an Ascended Master.

Is an Ascended Master and Your I AM Presence really One.

Yes.

Who can see down your entire Life Stream and know all the forces that play upon your problems, and the cause of your experiences, past, present and future...

Your I AM Presence and an Ascended Master.

What makes mankind fail everywhere in the outer world...

The lack of discrimination in distinguishing the True from the false.

What must you do if you are determined to attain Perfection...

Train the outer activity of your mind to listen to no voice but that of his Mighty I AM Presence.

Should you only accept Its Wisdom and obey only Its Direction...

Yes.

What should you hear, see, feel, and be...

You must hear the Light, see the Light, feel the Light, and BE the Light of the Infinite I AM Presence.

Is there a different Individualization or Flame of God governing each human body...

Yes.

Is it true that these Individualizations are, have, and use the One Universal Mind, Substance, Wisdom and Power...

Yes.

Is this how there is but One Mind, One God, One Substance and One Power ever waiting to be consciously acted upon and directed by the Mighty I AM Presence through the conscious mind or outer activity of the individual...

Yes.

What should your desire be for...

Your desire for the Light should be earnest enough, determined enough, and strong enough to hold the attention of the intellect upon that Light...

Are you a Creator...

Yes.

What happens when the feeling and thought of the personality is kept harmonious...

Then the Mighty I AM Presence expands Its Perfection through the outer activity of the individual.

What happens when the feeling and thought of the personality is kept discordant...

The personality becomes like a steam engine without a governor and destroys itself.

Is this the condition the larger part of humanity is expressing today...

Yes.

What is everyone constantly using...

This wonderful, limitless Energy, the Greatest Force in the Universe.

To whom does the responsibility for its use rest entirely upon...

You, for you are the Creator.

What happens if this tremendous Energy be used with the Conscious Understanding of the Love, Wisdom and Power of the Mighty I AM Presence...

Then you can only express Freedom, Perfection and Mastery.

Are there thousands who desire this Instruction...

Is it true that no individual in Heaven or on Earth can fail to attain It if the desire for the Light be earnest enough, determined enough, and strong enough to hold the attention of the intellect upon that Light...

Yes.

Must this be the Paramount Idea of Life upon which to focus all of your energy...

Yes.

What will happen when you have this great determination...

Undreamed of ways will open to bring about the fulfillment of that desire.

What happens when you seek the Light with one eye and the pleasure of the senses with the other...

You will not receive much Light.

How have The Great Ascended Masters become Perfect and All-Powerful...

By dwelling or thinking upon Perfection and obeying the One Law of Life, Love.

Are They that upon which they have meditate...

Yes.

What is mankind today...

That upon which it has meditated, or focused its attention in the past.

Should you have a sincere desire to live constructively...

Yes.

Is it true that human beings would not live to be over twelve years of age if it were not for the continual Help of these Great Luminous Beings of Transcendent Attainment and Love...

Yes.

What do these Great Luminous Beings do...

They give the same wonderful care to the inhabitants of Earth that loving, unselfish parents give to their children, and help all individuals who have a sincere desire to live constructively.

What should you do...

Attune to and contact the Mighty I AM Presence within yourself, anchor to Perfection, and thus come into the Ascended State also, if you are determined enough.

The Ascended Masters always work in perfect cooperation with what...

The Cosmic Law of Love.

What do people often ask...

Why, if these Masters are All-wise and All-powerful, do They not correct the discord upon Earth and make humanity's suffering cease.

Should you want to bring the body into obedience to the Mighty I AM Presence...

Yes.

Should your wish be to harmonize your thought and feeling...

Yes.

Should your wish be to serve the Light...

Yes.

What do the Masters do...

They do help you if you wish to serve the Light to harmonize your thought and feeling, and bring the body into obedience to the Mighty I AM Presence. They protect you thousands of times from destructive currents of force and activities of which you have no knowledge.

Can the Masters fulfill your Plan of Life for you...

No.

When can you know a thing...

Only when you attain the consciousness of it by the expenditure of your own energy, for then you feel it.

What is the Eternal and Sacred Prerogative...

Your free will.

Does an Ascended Master ever intrude upon the Eternal, Sacred Prerogative of your Free Will...

No.

What happens whenever a destructive force of any kind gathers a certain momentum or accumulates pressure, whether it be done by an individual, a group of individuals, a nation, or in Nature...

The Great Cosmic Law allows it to spend its force in order to annihilate the focus, balance the pressure, and release the misqualified energy back into the Universal Reservoir.

What happens when it is back in the Universal Reservoir...

There it becomes purified by the Great Flame of Life and can be used again.

What can the personality do...

If it be obedient, it can, by the Conscious Command of the I AM Presence, release the Consuming Flame of Divine Love and willingly purify its own miscreation.

Thus, what do you avoid...

The necessity for compulsory balancing and purification by the Action of Cosmic Law.

What will always open the way for an Ascended Master to give Assistance and bring permanent attainment...

The willingness to right a wrong, correct a mistake, balance and purify any miscreation.

In what can this willingness come...

This willingness can come in a group, a nation, or an entire humanity just as well as it can in the individual; for the Infinite only acts and controls the Universe through Its own Individualization, through the Being who says I AM.

Creation could never have taken place if the Infinite had not acknowledged what...

Its own Being through the Individual I AM.

When you determine to express the Perfection of Life, what must you do...

Be loyal enough to your own I AM Presence to stand back of your own Decree in the face of all outer experience.

Then what can you give...

The Great Command.

What happens when you do this...

Life yields to you the fullness of every good thing, so long as the Mighty I AM Presence is acknowledged as the Owner and Doer of all that is good.

What is the Great God Flame from which all proceeds...

Life.

Should you ever refuse Life...

No.

What happens when you refuse to accept your I AM Presence...

You refuse all Good and the Source that gives it. As Life is the Great God Flame from which all proceeds, you, by this attitude of thought and feeling, refuse Life.

And then what happens...

Hence disintegration is the self-chosen experience which you permit the outer activity of your consciousness to impose upon your own Stream of Life.

What happens if thoughts and feeling of anger, hate, selfishness, criticism, condemnation and doubt of the I AM Presence are permitted to remain in your consciousness...

The Door to Perfection closes, and your existence becomes but a process of sleeping and eating until the energy drawn by the outer consciousness spends itself, and the body is left to dissolution.

What do you then...

You make another effort to express the Fullness of Perfection through another body, and continue this effort for eons, if necessary, until that Perfection is fully expressed.

Should you know how to release Love, Wisdom, and Power...

Yes.

Should you have a Conscious Understanding of the Purpose of Life...

Yes.

What must you do to avoid such continual re-embodiment...

It is so imperative for you to have Conscious Understanding of the Purpose of Life, because the Knowledge of how to release Love, Wisdom, and Power enables you to fulfill that Purpose perfectly.

How can you free yourself...

By the use of the Consuming Flame of Divine Love for the purifying and blessing of humanity...

Should your determination and desire for attainment be intense...

Yes.

What is the opera Parsifal about...

It is the struggle of the individual through human embodiment.

Can a lot be done for those who are sincere and loyal to the highest ideals through their art...

Yes.

Can a Master turn on a Great Stream of Spiritual Power allowing you to feel the Charge of Electronic Light penetrate everything...

Yes.

What should you ask for...

That the Magic Presence seal you in Its Ray.

Can your understanding enable you to utilize certain Laws, direct and maintain certain currents of energy in the body, erase all signs of age, and remain eternally youthful and beautiful...

Yes.

Can you retain your body for three hundred ten years or so...

Yes.

From the human standpoint, should you have passed through the change called death long ago...

Yes.

Does that reaper have any terror for you...

No.

Can it ever touch you now...

No.

Can you have the benefit of the Atomic Accelerator...

Yes.

Should you send forth joy and marvelous Love from your Heart...

Yes.

Should you hold to the Great Light...

Yes.

Can you complete the raising of your body into that Eternally Perfect State of the Ascended Masters...

Yes.

Then what happens...

Then you can come and go freely as They do, and work above all limitation.

What is imperative after having been given the benefit of the wonderful Accelerator...

That you maintain always a constant state of Conscious Harmony, no matter what the condition may be within or about you.

Is it true that once this Assistance has been given to the outer self, it must keep that Power flowing through the body from the Mighty I AM Presence...

Yes.

Is this quite a struggle to some...

Yes, but it will be short if one has real determination to hold to the Great Light.

Are the Great Ones who are the Carriers of the Light always surrounded by Beauty, Harmony, and Perfection in every part of Their special activity...

Yes.

What happens when Life is lived as it was intended...

All is Peace, Harmony, Beauty, Opulence, and Happiness.

What shuts the door to inharmony...

To conquer the desire to feel or express inharmony. Therefore it cannot act within the personal self nor its environment.

Is it a joy to know that humanity has the strength to do this, and thus receive the untold Blessings of Life...

Yes.

Is there no such thing as being weary...

Yes.

Are there Brothers of Light...

Yes.

Can a Circle of Blue Flame surrounded bad people...

Yes, at the Masters request.

Should you embrace others with great tenderness, Love, and gratitude...

Yes.

Can you have a Blue Spiral Flame encircled someone from head to foot...

Yes.

Can that person be held in the Embrace of Its Marvelous Power for 10 minutes or so...

Yes.

Can this forever release that person from a condition far worse than death...

Yes.

Can your words have a Conviction and Power of the Truth that changes all resistance into instant obedience...

Yes.

Can you take someone's left hand in yours, and place the thumb of your right hand on their forehead between the eyes, stand in this position for about five minutes...

Yes.

What can happen when you do this...

The person can give the most unearthly scream, their whole body straighten out on the bed and they can lay as still as if in death. You can tell that person to have no fear and they will be conscious in a few moments. Then you can give that person strength to stand and walk.

Then they can open their eyes and with the sweetest smile of Love and Gratitude, the Light of their I AM Presence stream out in Blessing.

The person may look ten years younger, radiant, beautiful and happy, gaining strength and the normal use of their body with amazing ease and rapidity.

Should you trust wholly in your Mighty I AM Presence and the Great White Brotherhood...

Yes.

Does unfailingly the Great Law of God act...

Yes.

Can the sinister force try to compel a Member of the Great White Brotherhood to serve it, and therefore darkness...

Yes.

Can your Light be the channel to prevent this...

Yes.

Should you want to make amends for all the suffering that had come to others through you...

Yes.

Can this this suffering nearly wreck everything for yourself and your family, and be the result of your desire for things and feelings...

Yes.

Can this desire be an intense craving that completely absorbs all your time and attention...

Yes.

Can this desire do irreparable damage to everyone...

Yes.

How can you try to make amends to this...

By greater devotion to your family and Eternal Service to the Light.

Can these experiences cause so much suffering...

Yes.

Should your joy be unspeakable, and your gratitude to the Masters be everlasting...

Yes.

What is the only thing that expresses the gratitude one feels...

Love.

Does the Great White Brotherhood ever continue to bless humanity in this marvelous, silent manner, and through Its Unconquerable Power and Intelligence, forever fulfill the Law of the Eternal: The Light of God never fails...

Yes.

Can you be busy and days speed by on wings, for during your contemplation of the Light and the Ascended Masters, you can transcend all sense of time...

Yes.

When can you ever be aware of time...

Only as human events call your attention to it.

Should you be scared to appear in public...

No.

Can you sing to the public with tremendous Power and Glory as your Radiation is released to flood out over the audience and the city in Blessing...

Yes.

Can your voice take on a Beauty and Power that acts like magic...

Yes.

Is there the Sphere in which people dwell which might be called a Stratum...

Yes.

Are there several Strata which enfold the Earth, holding it in their Embrace...

Yes.

After your ascension, can the place where you may receive certain training be just as real and tangible as our physical Earth...

Yes.

Where can you serve after your ascension...

In the Strata below the one in which you may be studying.

What can happen to you when you are passing through the change called death...

You can lose all feeling of Life for a few moments.

What can happen when you awaken...

You can find yourself surrounded by Ascended Masters...

What is Their Light like...

Their Light is almost blinding in Its Dazzling Radiance.

What should you want to do upon physical death or before...

Raise the atomic structure of your physical body into the Pure Electronic Body.

Does the Electronic Body remain forever pure and perfect...

Yes.

What is the Electronic Body...

The Seamless Garment which remains forever Pure and Perfect.

As soon as you become clearly conscious of the Ascended Masters, what can you be shown...

How you could be assisted and how you could assist yourself in raising the atomic structure of your physical body, then and there, into the Pure Electronic Body, the Seamless Garment which remains forever Pure and Perfect.

As the process of Raising gradually takes place, what will you become more and more aware of...

Blazing Light filling your entire body, and you can feel the most marvelous Radiant Energy surge in and through you sweeping away every vestige of resistance and imperfection, and quickening your consciousness.

What else can you become aware of...

You can become more and more aware of your Mighty I AM Presence, until finally It stands before you, Visible, Tangible and very Real.

What can then happen...

Steadily and powerfully, you can feel your physical body drawn into and enveloped by your Glorious God Self, and you can step out of the cemetery, if that is where your physical body is at.

When this happens, can you scarcely realize how Transcendent you have become...

Yes.

The old human, limited activities of your consciousness will be raised into what...

That alert sense of Freedom and unlimited use of Wisdom and Power.

What can you be shown...

You can be shown very clearly, now that you will be aware of this Greater Activity, that you must put It to use.

What else can you feel at that point...

A still fuller sense of the Freedom, Beauty, Joy, and Service that you must render to those who still remain unascended.

What may be your first desire after you ascend...

That you might know more of these Ascended Masters who had so lovingly ministered to you.

What can they do after you have this desire...

Instantly, one after another can stand before you, and without a word being spoken, convey Their Names and Thoughts to you.

What happens with this marvelous Thought Language...

There comes certain attendant pictures in color and the true interpretation of them.

Is this Communion by Thought just as clear as human beings now use by the spoken word...

Yes, in fact much clearer.

Is it true that there can be no mistake when thought contacts thought...

Yes.

How do misunderstandings come about...

Through the use of words.

What are words...

They are but receptacles to convey thought and feeling.

What happens when thoughts and feelings are not limited by words...

Many imperfections and much resistance disappear entirely.

Did at one time during a former Golden Age, mankind had the Full Use of this Inner Communion by thought...

Yes.

Should you look away from the Light...

No.

What happens when you look away from the Light...

The substance of your body becomes denser, until it reaches the condition of the physical atom of which the human body is composed today.

What happens to this substance...

This substance vibrates at too slow a rate for thought to pass through.

So what happens to words or sounds which could register in this lower rate...

They have to be used as a means of communication.

Even today, can you again draw forth this same Perfect Way of Communication...

Yes.

How can you do this...

By releasing a Ray of Golden White Light from within your own Magic I AM Presence by conscious command, visualizing It passing through the brain structure from the Electronic Body.

What will this Wave of Greater Light do...

It would increase the vibratory rate of the atoms of the physical body to the point where thought would register and be comprehended without the spoken word.

Are thought waves always being catapulted, as it were, upon the flesh of the body, both from within your own consciousness and from the thoughts of others...

Yes, but few people comprehend that fact enough to read the thought whose impact is felt.

Is mental telepathy a slight part of this activity...

Yes, few people can interpret the thoughts received and know from where they come.

What are the threefold means of Inner Communication...

Through sight, thought, and feeling.

Should you marvel at this wonderful threefold means of Inner Communication through the sight, the thought, and the feeling...

Yes.

Is the Glorious Freedom of the Ascended Master so marvelous that We long for every human being to understand and enjoy that same Great Happiness...

Yes.

Is this the Final Crowning Glory of all human activity, the Ideal and Reward for which all human experience is sought and endured...

Yes.

If mankind could but understand and look toward this True Ideal of Life, what would happen...

The self-created chains and limitations that have bound the race for hundreds of thousands of years would drop away in less than a century.

What is the Determination of the Ascended Masters...

That The Light, which is the Ancient Wisdom, shall flood the Earth and its inhabitants now...

What must happen to whatever cannot stand the Radiance of that Light...

It must disappear as mist before the morning Sun.

The Law of Life of the whole Universe is what...

The Law of Light, and before Its Blazing Glory and Invincible Power, all discord and chaos are consumed.

Is it true that your first Experiences that may seem to you so marvelous prove to be but fragmentary compared with what has been revealed since your Ascension into this far greater and more wonderful Activity of Life...

Yes.

What happens in the Ascended State...

Each Revelation of more expanded Activity always contains the attendant Wisdom and Power for its right use.

What really is this...

A never-ending Joy and Wonder to the Sons and Daughters of The Light.

After you become somewhat adjusted to the new condition, can a Master take you to the Place for which you are best fitted, where you can assimilate the new experiences for a short time...

Yes.

What can you be given after this...

The benefit of Illustrated Instruction.

And then what can you do...

Begin to enter into your Real Activity, your True Service...

What is one of the ever-increasing Joys of the Ascended State...

That as you study any particular condition, it is always accompanied by illustrations of the exact Activity you are to use, and there can never be any mistake, for the end is seen in the beginning.

Is it true that this remarkable means of Illustrated Instruction does not occur below a certain state of consciousness, which can only be known as it is attained...

Yes.

IS THIS IS A DEFINITE POSITIVE FEELING AND KNOWING...

Yes.

Are you fortunate in having the Blessing of the wonderful Atomic Accelerator...

Yes.

Is the Atomic Accelerator one marvelous result of the Love and Work of our Blessed Saint Germain...

Yes.

What has Saint Germain done...

Great has been His Love, His Service, and the Gift of Himself to humanity.

The beauty and rapid progress of each of you is due to what...

Your sincere and intense gratitude.

What is the certain pathway to great heights of attainment and the easiest method by which to achieve every good thing...

Having sincere and intense gratitude.

What is the wide-open Door to every Blessing in the Universe...

Gratitude to Life for all Life pouring out from you.

What should you not forget...

To be grateful to Life for all the Blessings upon this Earth.

What happens when you forget this...

You will shut the door to Peace and become bound by the chains of your own selfishness...

What does the mass of mankind seek...

The possession and holding of things...

Is this an inversion of the Law of Life...

Yes.

What does Life forever say to you...

Expand, and ever let Me pour Greater and Greater Perfection through you forever..

What is The Law of Life...

To GIVE.

How can you expand...

Only by giving of one's Self can you expand.

What is the Mightiest Activity you can use to draw the human into the Divine...

To give the intense Love of your own Mighty I AM Presence unto all mankind, to all Life.

What is contained in this Divine Love...

Every good thing.

When do you realize that you can generate Divine Love at will and direct It consciously to accomplish whatever you decree...

Only when you know Divine Love as something more than an abstract principle.

Do the Ascended Masters know Divine Love...

Yes.

What is Divine Love...

A Presence, an Intelligence, a Principle, a Light, a Power, an Activity, and a Substance. Divine Love, being the Eternal, is the Unquenchable, Invincible, Unconquerable Presence of the I AM, and therefore Master of all, now and forever!

Where lies the Secret to Their Supreme Authority and Power...

Within Divine Love.

Is there anything to obstruct the approach of Divine Love anywhere in the Universe...

No.

What happens when you understands how to draw forth the Flame of Divine Love from within your own Mighty I AM Presence at your own Decree...

You know it is but a very short time until your constant use of It raises you into the Ascension.

What can accomplish that for anyone...

Only enough Divine Love.

What must happen first...

It must be first projected forth before It can release the Blessings within Its Heart unto the sender.

Is it true that all the joys and pleasures of the outer world are as but dust compared to the limitless, ever increasing Wonders of Creation in Cosmic Space which the Ascended Master may observe and enjoy consciously and at will...

Yes.

What is one of the tremendous Blessings of the Ascended State...

The entire absence of any criticism or condemnation of human frailties or mistakes.

What should you, as student of the Light, train yourself to do...

To forget everything that is useless or that is in any way undesirable.

What happens when you do this...

You will not only make rapid progress, but it is imperative if you are to free yourself from human limitation.

What should you not do...

Do not drag after yourself unpleasant memories...

What happens when you do this...

It is but one of the many ways by which you create over and over again the same experiences of misery from which you are really seeking to be Free.

What does the Light not receive into itself...

Inharmony.

What happens when you enter the Light...

You become all Light, hence all Perfection.

What must you do to have inharmony drop away from the body or affairs...

The personality must let go of all thought, feeling, and words about imperfection.

What is an activity that will always bring complete Freedom...

Pour out Unconditional and Eternal Forgiveness to everybody and everything.

What does pouring out Unconditional and Eternal Forgiveness to everybody and everything do...

This does what nothing else can do to free everyone, as well as the person who sends it out.

What does forgiveness do...

It fills all with Light's Perfection.

What happens when forgiveness is sincere...

You will find your world reordered as if by magic and filled with every good thing.

But what should you remember...

That unless a discord is forgotten, it is not forgiven, because you cannot lose it or release yourself from it until it is out of your consciousness.

So what happens so long as you remember an injustice or a disturbed feeling...

You have not forgiven either the person or the condition.

What happens when the forgiveness is complete...

The feeling nature or emotional body is serene, kind, happy, comfortable, and like a Mountain of Light. It is so powerful that you abide within it as impregnable as in a fortress.

What feeling will you have when forgiveness is complete...

Even though you stand amidst the wreck of worlds, yet will you remain untouched by anything but Perfection in the Light.

What should you remember...

That what your consciousness is held firmly upon, you bring into existence in yourself.

Is it true that it is impossible for your Life to contain anything that is not your present or past accumulation of consciousness...

Yes.

Is it also true that whatever you are conscious of in thought and feeling stamps itself upon the Universal substance in and around you and brings forth after its kind, always...

Yes.

Is this a Mighty Cosmic Law from which there is no variation or escape...

Yes.

What is the very greatest joy...

To be with those you love.

What is all human relationship...

But a creation of the physical world.

What are all in the Ascended State...

Truly Brothers and Sisters, Sons and Daughters of the Most High Living God.

What happens in that phase of Life...

The True Meaning of Friendship is understood and lived, and when rightly understood, it is the most beautiful relationship in the Universe.

What should you do...

Hold yourself steady within the Mighty Glow of the Cosmic Light, the Mighty I AM Presence of the Universe, that your pathway may be illumined by Its Wondrous Radiance.

Is the higher ideal of entertainment not only very enjoyable, but tremendously uplifting...

Yes.

Why is this so...

Because of the Magic Presence whose Limitless Power it releases.

What happens when the proper channel is opened with respect to music or entertainment in public...

There is no limit to the Blessings an audience may receive wherever the condition is made possible.

What is possible with sufficient understanding...

To cause your body to respond instantly to the higher and unlimited use of the I AM Presence within you.

What is your body...

The instrument upon and through which you can let the Mighty I AM Presence play Its Great Song of Life, knowing no limitation nor defeat in anything.

How is your body your radio...

Your body is your radio; your thought, feeling and spoken word are the ways by which you can tune into or out of any condition or activity you do or do not want.

Should you let the thoughts and feelings of limitation and discord sent out by other personalities play upon it and reap accordingly...

No.

How is your body different than a radio...

The only real difference is that your body is capable of being tuned to a very much greater height, inconceivably greater than any radio now in existence.

What are you the director of...

Your own radio through your consciousness.

Do you have the programs of the Universe from which to choose...

Yes.

What does your world today reveal...

What you have chosen in the past.

What if you do not like that program...

Choose a new and better one from your I AM Presence.

Should you have Gratitude and Love to the Ascended Masters...

Yes.

What do you have in the Presence and Wisdom of the Ascended Masters...

There truly is Heaven on Earth.

What happens when you are in the Raised Consciousness...

The appreciation and intensity of your enjoyment is keener than usual, and it seems you see beauty everywhere.

Can you heal other people...

Yes.

Can you see Manifestations of the Master's Transcendent Wisdom and Power...

Yes.

Should you be accustomed to the Higher Use of the Law of Light...

Yes.

What should you realize first...

That everywhere about you is a Universal Substance which We call Cosmic Light, and which the Bible refers to as Spirit.

What is this Universal Light...

This is the One Pure, Primal Essence out of which comes all Creation.

Is the Universal Light the Pure Life Substance of the First Cause, God...

Yes.

Is the Universal Light Infinite...

Yes.

May you draw upon It at any time for anything you can ever require...

Yes.

What is This Pure Electronic Light...

The Great Limitless Storehouse of the Universe.

What is within in...

In It is all Perfection.

What comes out of it...

Out of It comes all that is.

Is it this Wondrous Omnipresent Substance.

Yes.

What is The powerful Current of Divine Energy...

Liquid Light.

Should you bow your head in silence before the Mighty Presence of God in Action...

Yes.

What can you feel when you do this...

The powerful Current of Divine Energy, Liquid Light, surge through your mind and body and fill you with a feeling of Infinite Love and Peace.

Is there a sparkling crystalline Liquid that is the very Essence of Life, Condensed Light...

Yes.

What does this liquid do...

It quickens the vibratory action of your atomic structure tremendously, and if you should feel faint, it will only last a few moments.

What can you toast to...

To your Peace and Illumination, and to all mankind!

Will this Electronic Essence charge through your body making you feel as you are being raised from your chair...

Yes.

Is it true that it is not difficult to produce what you desire direct from the Pure Universal Substance...

Yes.

So long as what...

So long as no element of selfishness enters in.

Is this supply ever at hand...

Yes.

Can things produced from the Universal Substance be unbreakable...

Yes.

Is the drawing together of Twin Rays one of the most remarkable things...

Yes.

Is it true that what today seems strange and perhaps unreal will become more real than anything else in your Life...

Yes.

When can this happen...

When there is no doubt within you.

What does that condition make possible...

To give you definite Instruction, with your permission.

Will the complete memory of these Laws return to you...

Yes.

Will you receive training after your Ascension, and give Service constantly to humanity...

Yes.

Are all experiences truly in Divine Order...

Yes.

What is each person...

A link in the Great Cosmic Chain of Perfection.

Should you marvel at the Perfection with which the Mighty I AM Presence works...

Yes.

Are there those who are greater than Saint Germain...

Yes.

Who is Saint Germain...

The Light of God that never fails.

Is the Joy and Blessing of actually seeing, knowing, and conversing with the Mighty I AM Presence unspeakable, and can only be known through having the actual experience...

Yes.

What can bring happiness in the business world when those same principles are applied...

Justice and loving service.

Is it true that in all fields of education, a certain demand is asserting itself throughout the race to compel recognition of the Mighty I AM Presence...

Yes.

What is the only Foundation upon which Permanent Happiness, Freedom and Perfection can ever be built...

Through the recognition of the Mighty I AM Presence.

How can humanity can find release from its selfishness and its greed...

Through the I AM.

What will happen then...

All will come into the full use of the eternal abundance that is waiting to serve mankind.

What is each individual...

An open doorway to all Perfection.

When can this Perfection only express itself on Earth...

When the outer self keeps its channel clear and harmonious by adoring and accepting the Mighty I AM Presence.

Must perfection come forth upon Earth...

Yes.

What can you do by accepting and keeping the attention on the I AM Presence...

You can at any moment draw all good into the outer use of the personality. Thus you can call forth into your Being and world all the good you desire.

What is the Greatest Power that this Truth places at the command of the personal self...

The use of Divine Love as a Presence which goes before it and adjusts all outer activities, solves all human problems, and reveals the Perfection that must come forth upon Earth.

What must you do...

Harmonize your personality.

Is Divine Love the Heart of Infinity and of the individual...

Yes.

Is Divine Love an ever-flowing, Intelligent Flame that releases Energy, Wisdom, Power, and Substance without limit...

Yes.

What else will Divine Love release...

It will release boundless Blessings to all who will harmonize their own personalities enough to let It come through.

What is the Reservoir of Life and the Treasure chest of the Universe...

Divine Love.

What does Divine Love automatically draw to the personal self...

Every good thing.

What must the outer activity of the mind acknowledge...

The I AM Presence and keep attuned to Divine Love..

What will then happen...

Then all achievement is accomplished without struggle or strain, and all creative activity becomes the continual expansion and enjoyment of Perfection.

What happens when the more you study Life and contemplate Perfection...

The less you struggle with people and things, and the more you adore the God Presence.

Is it true that for if you worship Perfection, then you must of necessity become That upon which your attention rests...

Yes.

What happens when you fill the outer activity of the mind with thoughts and feelings of Perfection...

Your body and affairs will bring into the outer that order and Perfection also.

What happens the more you understand Life and Perfection...

The simpler all becomes...

What is the one thing you should you have to do and do it all the time...

Fill your thought and feeling with Divine Love always.

Does Life ever struggle...

No.

What is that which struggles...

The consciousness which attempts to limit Life, and is but the interference with the Perfection which is forever trying to come through.

What will happen if the personal or outer self will just let Life flow and keep at peace...

The manifested result will be Perfection, the Divine Way of Life fulfilled.

What should you be doing...

Enjoying God by adoring the Beauty and Power of the Great Light for Itself only.

What should you not look for...

Things.

Do many who start earnestly to attain this Understanding become discouraged and discontinue their search...

Yes.

Why is this the case...

Because they are looking for things instead of enjoying God, by adoring the Beauty and Power of the Great Light for Itself only.

Should you be putting God first...

Yes.

Why should you seek the Light...

Because you love to adore the Light.

What happens when you do this...

Results are absolutely certain to follow and you are then putting God first, which must be if the personal self is to be kept in its right relation to Life.

What is the motto to follow...

To know! to dare! to do! to serve! and to be silent!

Is there a God at and of Table Mountain that is a wonderful Being having great Majesty, Wisdom, and Power...

Can your Inner sight become open, and experiences of many lives pass before you...

Yes.

Can you reach great enlightenment...

Yes.

Can the former memory of many activities of past lives be established that will be a great benefit to you...

Yes.

Is the Preparatory Work invaluable to you, for as yet you have not the slightest conception of what it is doing for you...

Yes.

Can the Radiance which will be given in the Cave of Symbols bring the earthly pilgrimage to a close for you...

Yes.

Can the exact day and hour of your ascension be revealed to anyone who is unascended...

No...

Who alone knows the chosen instant of this Supreme Event in which the Great Work of centuries will be consummated and you ascend...

Your own Mighty I AM Presence.

Should you be patient, that the natural unfoldment of the Light within you may be as rapid as possible...

Yes.

Is it true that nothing in Life is as important as loving, adoring, and reaching up to the Mighty I AM Presence within you and in the Universe...

Yes.

What should you never lose...

The joy and enthusiasm of the Quest for one moment.

That Blessings enfold each of you in the Divine Embrace of the Mighty I AM Presence.

Can you see your Twin Ray often in your dreams seeming so much more real than a dream...

What should you do...

Focus the attention of your mind upon the Mighty I AM Presence within, and hold it there firmly.

Can you step out of your body and, as you do so, pass through the Cosmic Veil...

Yes.

Can you then see Saint Germain in Glorious, Dazzling Radiance...

Yes.

Are there great deposits of gold within Earth...

Yes.

Is there the God of Nature and the God of Gold...

Yes.

Do they work together in Perfect Harmony to produce the precious metal that mankind intuitively loves to use for service and adornment...

Yes.

Are these two Gods the Pure and Perfect Intelligent Beings that handle the forces in these realms and direct them consciously...

Yes.

What does The God of Nature do...

Draws and directs the magnetic currents of the Earth, and through intelligent manipulation, produces certain definite results in and upon our planet.

What is this activity...

Real, exact, and is performed according to law as accurately as a chemist works in his laboratory.

What does The God of Gold do...

Draws, manipulates, and directs the Electronic Currents from our Physical Sun.

How is this done...

These Currents are drawn within the Earth's crust to a certain depth, as ribbons are sometimes drawn through lace.

What is its effect...

This tremendously concentrated electronic energy, by being combined with the magnetic force from within the crust of the Earth, reacts upon it in such a way as to slow down the rate of vibration.

What happens to the radiation from gold...

The radiation from Gold is absorbed by both plants and human beings and utilized for many purposes.

What does the emanation from Gold have...

A powerful purifying and energizing action within the human body and in Nature.

What happened with gold in all Golden Ages...

The metallic form of Gold was in common use by the mass of mankind, and during these periods its spiritual development reached a very high point of attainment.

What is one reason for the chaos of the present time...

Because the Gold in the commercial world is being hoarded instead of being allowed to flow freely among mankind and carry its balancing, purifying, energizing activity into the commercial life of the race.

What will happen if gold is hoarded...

The hoarding of gold in great quantities means an accumulation of Inner Force which, if not released within a certain time, will release itself by the overcharge of its own tremendous Inner Power.

If you are drawn closer into the Master's Radiance, what can be revealed to you...

The Inner Activity of Earth.

What can you see within the Inner Activity of Earth...

Two transcendently Radiant Beings.

What are they doing...

One drawing and directing the magnetic currents of the Earth, and the other those of the Gold which had been formed within the Earth's crust.

Is the God of Nature a Being of glorious beauty and power...

Yes.

What does the God of Nature look like...

His Body is fully six feet in height and He can be clothed in garments of green, gold, and pink that look as if they were made of a Self-luminous Substance.

An Aura of intense blue surrounds His head, and Rays of Light pour forth from the Heart, head, and hands. The Ray from the right hand is green, and that from his left, pink, those from the head and Heart being white and gold respectively.

What does the God of Gold look like...

He can be enveloped by such a Dazzling Golden Light that it can take several seconds before you can look at It steadily enough to see further detail.

His Garments can be of Light Substance, but the Rays that extended from the head and hands can be of fiery gold, the Rays from the Heart blazing white, and the Aura, which extends fully a foot around the head, can look as if made of single Rays of white lightning.

Is the existence of Gold, in white quartz, its purest formation within the Earth at the present time...

Yes.

What is the white quartz...

Being the residue, so to speak, from the magnetic currents, and the metallic gold being the lowered rate of the Electronic Substance from the Sun.

Is this the reason for its being spoken of occasionally as a Precipitated Sun Ray...

Yes.

Is that phrase is nearer the truth of what actually takes place than men dream...

Yes.

What is an example of what these two Gods do...

The two Beings directed the Rays of Light through Their hands to a cavity in the rocks into which a small quantity of Gold had run through a connecting fissure when in the molten state, evidently caused through volcanic action.

The intense heat had sealed the fissure with molten granite, thus hiding the entire vein leading into the cavity.

This particular ore-body, at its highest point, is about two hundred feet below the surface.

From a geological standpoint, it could not and would not have been discovered.

It will be opened; and one day the ore will be used for a special purpose so that mankind may be blest and enlightened.

What does the Projection of the Light Rays cause...

The Gold within the cavity to expand and glow as plants do in sunlight.

Can you receive Revelation and Instruction while retaining full consciousness when leaving the body...

Yes.

Are you a custodian of God's riches...

Yes.

Should you pour forth a prayer of praise and thanksgiving in deep gratitude for the good that has been yours, ending with a farewell blessing to all your earthly possessions for their great service to you...

Yes.

Should you enter into deep meditation and receive great Assistance and Illumination...

Yes.

What do dazzling white arches represent...

These symbolized a Cosmic Recognition of the raising of one of Earth's Children.

Is there the glorious Presence of the Mighty Ascended Masters of Love, Light and Wisdom, the Legion of Light, and the Great White Brotherhood...

Yes.

Can your meditation have a value of such an Outpouring that is beyond human conception...

Yes.

Can you clearly have the memory and retain Instruction, for it is never repeated, yet being as clear as though recorded in letters of Light upon your memory...

Yes.

Should you enter into deep meditation, holding your attention on the Mighty I AM Presence, the Master Christ within your heart...

Yes.

Can your consciousness be lifted to Great Heights, and Revelations that astonish you be shown...

Yes.

Can you enter Realms of which you may have heard but never retained conscious memory of having been there...

Yes.

Can you drink something that will be your principal sustenance during the ensuing days, for it is the very Essence of Life...

Yes.

Is it true that the culmination of your experience the most vital of your soul's entire pilgrimage on Earth and the sum of all human existence...

Yes.

Is there a Chamber of Light...

Yes.

Can you be in the center of a perfect sphere...

Yes.

Can the chamber of the sphere be filled with a soft glowing Light, and this begin to steadily increase in both intensity and movement until you become conscious of Its amazing velocity...

Yes.

What else can happen as you are in this sphere...

Tongues of Flame can begin to dart forth from the surrounding Light penetrating your body with an astonishing effect in which you feel

electrons entering and charging your mind and body with their tremendous energy, yet the sensation being one of delightful coolness.

As this continues, you can feel and see the Light within you rise and expand, until in a few moments a most delightful fragrance of roses fills the entire sphere.

It can grow stronger, and then you can become aware that it emanated from the Light within yourself.

Suddenly the essence of the roses can condense and you can lay upon couches of roses of very exquisite colors.

What can this experience bring...

An exaltation to your consciousness that no words can describe and produce a feeling of Deep Peace.

Is the Perfection that exists within Pure Electronic Light without limit...

Yes.

Is it true that by the proper understanding of Its manifestation, It can and will take any form and quality that an Ascended Master chooses to impose upon It...

Yes.

What can the glorious feeling of Peace, Happiness and Bliss you experience do...

Obliterate all idea of time, for the Inner and the outer activity can become One Complete Unit of Harmony, focused for the time being by Saint Germain into the Absolute Purity and Perfection of the One Great Light, the Mighty I AM Presence.

What can then happen...

Gradually the velocity of the Light change, growing less and less, until It shone with the soft radiance of moonlight on a placid sea.

What has been used throughout the ages as the symbol of the soul...

The rose.

What does the Radiation from an Ascended Master so often have...

The fragrance of a rose.

What instruction can a Master give you when you are close to Ascending...

The remainder of the time you are to be alone.

Can you receive a cup of the Golden Liquid as nourishment for the body...

Yes.

Can many of the Ascended Masters come, singly and in groups, until all who were to take part in the Work arrives, when you are to ascend...

Yes.

Is there the Electrical Chamber, where the marvelous Atomic Accelerator is waiting to receive another of God's children and send him forth into his Eternal Freedom, a Son of Light, a True Image and Likeness of the Mighty I AM Presence...

Yes.

What can happen when you enter the Electrical Chamber...

As you enter the chamber, the Light within it can be intense, yet it can hold tiny points of more Dazzling Light that can dart to and fro in the atmosphere continually.

Should you sit in the Chair...

Yes.

How can the Masters be situated around you while you are in the chair...

The twenty-four present can form a circle about the Accelerator, and Saint Germain standing directly behind you.

Can your Twin Ray stand within the circle...

Yes.

What can the Master then command...

That your individual attention to be held steady upon the Presence and Supremacy of the I AM, and that of the Master Jesus.

Then what can happen...

Suddenly, like a flash of lightning, a Circle of the most intense Dazzling White Light can surround everyone, drawing steadily toward the Chair until it is only about ten feet across.

What can the Light within you do as you are seated in the Chair...

The Light within you can expand and meet the Circle of Light without.

Then what can happen...

As they touched, you can begin to rise slowly to a distance of about your own height above the Accelerator, the Light within you continuing to increase.

What can your Twin Ray do at this time...

She can rise also and draw toward you, passing within the smaller Circle of Light. You can meet in divine embrace for a moment.

What can happen then...

The next instant the face of the Master Jesus can be shone out in an Aura of gold, pink and blue above you and your Twin.

How will it end...

You will smile radiantly, and look upward as a Great Ray of intense White Light can descend, enveloping you both in Its Protecting Radiance, blessing your Glorious Union, and hiding you from human sight while you pass beyond all care and limitation into your Eternal Perfection of Being, clothed in Bodies of Everlasting Light, the Robe of Immortality that shines brighter than the Sun at noonday.

Thus does another Mighty Master Presence of the Great I AM enter into Cosmic Service, as the Celestial Chorus sings Its Anthem of Eternal Praise and Victory unto The Light of God that never fails.

Should you be astonished or surprised at things...

No.

Can every conceivable thing be accomplished in the Ascended State of Consciousness...

Yes.

Are these things always possible and are produced with absolute certainty and perfect ease...

Yes.

What is the Master Christ...

The I AM Presence within you.

Is it true that to the Master Christ, there cannot be anything unusual...

Yes.

What happens when you realize this fully...

Then you too can live in the Ascended Master Consciousness and come into the Knowledge and the use of this same Transcendent Freedom...

What happens when you always follow your Inner impulse...

You will be perfectly directed at all times.

Is clothing or anything else you may require always available to you...

Yes.

Should you feel great happiness in the contemplation of still greater enlightenment...

Yes.

Should you be encouraged to reach to the Light with all the intensity of your Being, to make the Ascension...

Yes.

Do the Masters have all Power and limitless means within Their Control by which to guard and protect whatever needs Their Protection...

Yes.

Is there the South American branch of the Great White Brotherhood...

Yes.

Should your intense longing for the Full Ascension focus your attention upon the Light with uninterrupted joy and determination...

Yes.

Can you be expressing the Great Wisdom of the Mighty I AM Presence as the Expansion of the Light increases within you...

Yes

What should you do...

Involuntarily drop to your knees in the greatest praise and gratitude you have ever known.

Can words pour forth from your I AM Presence giving voice to the deepest Outpouring of your soul in phrases far beyond your outer ability...

Yes.

Should the outpouring of your Love and Gratitude reach into the very Heart Center of Creation, it being so intense and sincere...

Yes.

In following your prompting to give expression to your Inner feeling of Praise, will you contact great Heights, as well as Great Ascended Beings which will bring you Blessings untold...

Yes.

What enfolds and carries you forth on Wings of Light...

The Peace of the Cosmic Christ until you have reached Eternal Perfection.

Are you under the Loving, Watchful Care of Mighty Powers of Light of which as yet you have very little conception...

Yes.

Should a deep, unspeakable Radiation of Love and Heavenly Joy go from you to others...

Yes.

Should you have a tremendous Inner appreciation for the Statue of Liberty...

Yes.

What is the Statute of Liberty...

A wonderful symbol.

Do few people ever stop to realize what it means...

Yes.

What is the Statute of Liberty about...

It is really a Focus of Spiritual Power guarding the shores of America. The Torch held high represents the Light of the Mighty I AM Presence, which reveals the way and sends Its Rays of Love and Peace unto all mankind.

The majesty and power of the Figure itself is a marvelous expression of the Great Presence which carries the Light, and not only guards and sustains America, but all of mankind who truly seek the Light.

It is as though the Spirit of America held the Light high in silent greeting to the Figure of the Christ that stands high on the towering Andes in South America.

Is it true that little is known of the Mighty Power that caused the Statue of Liberty to be placed where it is, and why the Figure of Jesus occupies its high pinnacle in the southern hemisphere...

Yes.

Are there accidents or the results of blind chance...

No.

Why is that the case...

For there is no such thing anywhere in the Universe.

What seems so to the intellect is but what...

The lack of understanding of the Law of the Universe.

What do these figures of the Statute of Liberty and The Christ give...

These Figures placed at these particular points give indication of the service which both continents will give to the rest of the world.

Can a Master arrange something for you to be part of the Divine Plan...

Yes.

Can you use your present body over three hundred years...

Yes.

Should you become accustomed to the Great Truth and Reality of the Ascended Masters and Their Work...

Yes.

Can you lay the body down, leaving it consciously and at will...

Yes.

Are there possibilities of the attainment before you...

Yes.

Can everything in your Radiation seem simple, clear, and easy of accomplishment...

Yes.

Why can this be the case...

For all imperfection or human creation is instantly consumed on entering your Presence.

Can everything be prepared ahead for you by the Mighty I AM Presence working through the Glorious Ascended Masters...

Yes.

Is this Their Activity for and to you when you enter sufficiently into the Light, the Great Ascending Stream of Life, where your Eternal Freedom always exists...

Yes.

Can you know other peoples thoughts...

Yes.

Can clothing be precipitated direct from Pure Light Substance and not soil or show wear...

Yes.

Is it true that in the fully awakened, or what you call the Ascended Master Consciousness, you never encumber yourself with luggage of any kind...

Yes.

Why is that...

For in the ethers all about you is the Pure Substance from which you form everything as you desire to use it.

How do you bring it into form...

By holding the conscious attention upon your mental picture, or visualized form.

What does this do...

This creates a focus for the concentration and condensation of the Electronic Light in the ether which fills all space everywhere.

What sets up a drawing activity, a magnetic pull, upon the Pure Electronic Substance...

Your feeling, united with the mental picture.

What must be there with this feeling...

There must enter a certain knowledge of how to raise or lower the vibratory rate in the aura around the electron, for the vibratory rate of the aura determines the quality and material of the precipitated article.

What is the electron...

An Eternally Pure Heart Center of Immortal Fire, a Perfect Balance of Light, Substance and Intelligence.

What is around this electron...

An aura of lesser Light that the scientific world calls a force field.

Is the electron forever changelessly Perfect...

Yes.

What is the force field, or aura, around the electron subject to...

Expansion and contraction...

Is this the determining factor in bringing substance into form from the invisible into the visible...

Yes.

Is the electron your obedient servant...

Yes.

Is the electron subject to your manipulation...

Yes.

What must you do to have the electron be your obedient servant and subject to your manipulation...

Acknowledge your Source of Life by your awareness of the Mighty I AM Presence within yourself.

Why does the electron become an obedient servant and is subject to your manipulation if you acknowledge your Source of Life by your awareness of the Mighty I AM Presence within yourself...

Because of the inherent intelligence within the electron.

What can you do from this Height of Consciousness...

You can, by a direct command to the Intelligence within the electron, release a wave of its Fire to flow out, and cause the force field to expand or contract at your will.

Is it true that this is the raising or lowering of the vibratory rate and is the activity that causes the force field to register, or become the quality of the material which you bring into physical form...

Yes.

Does iron have a much lower vibratory rate than Gold...

Yes.

What happens if you are trying to precipitate Gold...

The force field around the electron would naturally be much larger in extent, and hence contain more of the Immortal Fire than would that of iron.

What must be held steady to produce quick results in bringing about this sort of manifestation...

Your vision and feeling.

What must you do...

Master yourself and maintain the Conscious Control and direction of the energy within your own mind and body.

Then what will you do...

Then you are able to govern the flow of its power, through the channels of sight and feeling, to a definite objective, and hold it there until the receptacle, which is your mental picture, is filled full of the Living, Luminous Substance from the Universal Fire of Life.

Must you apply this Instruction if you wish to attain any degree of Mastery...

Yes.

Is it true that for only by use of the knowledge you already have can you utilize that which is still greater...

Yes.

No one can ever attain any degree of Mastery except through what...

The operation of the Great Inner Law of the I AM.

The greatest of all fundamentals is to remember, forever, what...

That from the lowest to the Highest Being in the Universe, the only Presence and Power which can move or do anything constructive is that Conscious Intelligence which acknowledges its own Being and Manifestation by decreeing I AM, followed by whatever quality that Being desires to bring into outer existence.

What is the Word of God through which all Creation takes place, and without It, Creation does not take place...

I AM

What is the only One Power that can move through Creation...

The Mighty Electronic Light existing everywhere and interpenetrating all manifestation.

What must you do when you say I AM, by that Acknowledgment of your own existence...

You accept the responsibility of your own Decrees.

Is The Great Creative Principle present everywhere...

Yes, the same as the use of the multiplication table.

Does it take your Acknowledgment of your I AM Presence to set it into action and fulfill your plan of Life, which is Perfection, or Perfect Balance...

Yes.

What is the personality...

Your outer activity...

What is but one focus through which The Magic Presence of the I AM acts....

The personality or your outer activity.

What happens when the energy of the Mighty I AM is qualified by thoughts and feelings that consider only the appetites of the flesh body...

The Perfect Balance of your vehicle is not maintained and is like a wheel off center, hence imperfection and discord is expressed.

What happens if you consider the Perfect Balance and make your Decree include the whole instead of only a part of your universe...

You will only follow your Acknowledgment of the I AM Presence and the release of Its Power by Decrees that maintain the Perfect Balance.

What should you never allow...

Your spoken word to go forth decreeing anything less than the Perfection of Life.

What is any decree of Life that accepts less than Limitless Perfection...

It is not the Plan of God...

What will happen when this is done...

It will continue to destroy the forms in which it is focused until the Decree of Full Perfection is expressed.

What will you do when you understand this...

You will keep joyously radiant and firmly conscious of only your Mighty I AM Presence, never allowing your spoken word to go forth decreeing anything less than the Perfection of Life.

What is mankind struggling with for centuries...

Self-created misery and discord.

What is humanity refusing to understand...

Why the minds and bodies of the race continue to grow old, decay and disintegrate...

Have some of the most materialistic scientists acknowledged that the cell of which the physical bodies are made up is eternally Immortal...

Yes.

What does the cell contain within it...

The power to eternally renew and sustain itself...

Why is this the case...

Because there is Perfect Balance in all its parts..

What will happen if the cell is left to its own activity and sphere...

It will continue to maintain that Perfection.

Should you be content to go through the experience of death...

No.

What is the wonder to the Ascended Host...

That the race is content to go through the experience of death, while all the time clinging to youth, beauty and Life, and yet refusing to keep harmonious enough to let it be maintained.

What will happen if you will stand at one with your I AM Presence, and accept and decree only Its Perfection and Great Inner Power...

You will release Its Flow through the outer activity of mind and body and produce whatsoever you decree.

What is a necessary step in your Freedom that will lead to many greater Attainments...

To be able to come and go from the body at will.

Can you be taught how to do this...

Yes.

If you do this, will you be able to go forth and comprehend Life in a greater measure...

Yes.

Can you be able to come and go from your body consciously as easily as you now come and go from your home...

Yes.

What must you understand...

Understand and fix the operation in your consciousness.

What will you then be able to accomplish...

What you desire entirely by your own effort.

Are you ready for this instruction...

Yes.

Are there ever storms or disturbances where there is a Focus of the Great White Brotherhood...

No.

Is each Member a Definite Focus...

Yes.

Should you constantly be aware of the God Presence...

Yes.

Is it the part of wisdom to remain silent at times...

Yes.

Have splendid things been accomplished for the Blessing of humanity...

Yes.

Should you keep your consciousness so well focused upon The Magic Presence of the I AM...

Yes.

Should you enjoy sunsets...

Yes.

Are there certain Cosmic Activities happening now which as yet you do not understand...

Yes.

What is the Sun of this system...

It is to the whole system what the Heart is to the human body. The Sun is also the head, or Father of this system.

What are the currents of Energy of the Sun...

The blood stream of this system of worlds.

What is the ether belt around this Earth...

The lungs through which the currents of energy, constantly pouring forth, are ever purifying the body of the Earth.

Is it true that the Sun is also the head, or Father of this system, through which this Mighty Energy is constantly generated by the Mighty Intelligence focused there, from Glorious Ascended Beings who have charge of and govern that Activity...

Yes.

Is the Sun as hot scientists think...

No.

What is the temperature of the Sun...

It is as cool and a thousand times more refreshing than the gentle zephyrs of the most delightful summer evening.

How do we get heat...

It is only as the Sun's Currents of Energy pass through the ether belt of the Earth that they become heat.

Is the Sun the electronic pole...

Yes.

Is the Earth the magnetic pole...

Yes.

What is the ether belt...

The element through which the currents are diversified.

Is The Christ Mind embodied in Great Beings upon the Sun similar to the way It is here on Earth...

Yes.

Did God send forth His Rays individualizing Himself in order to govern, regulate and direct His Activity through Self-conscious Beings...

Yes.

Is this why we, as the Sons of God, are given Free Will, choice...

Yes.

What happens when you recognize and accept fully this Mighty God Power, Love, and Intelligence anchored in you...

You become able to express more and more of the Full Power of God in conscious action.

Should you realize there are Mighty Beings much beyond the Lord of the Earth...

Yes.

Is the Lord of the Earth beyond the ordinary mortal...

Yes.

What can you do...

Withdraw the consciousness from your body and place it fully upon the Sun and partly close your eyes and then wait.

What will happen...

You can go forth and be Dazzling, Bright, and Radiant.

Where can you go...

Deeper and deeper into the Intense Light of that Great Focus of Cosmic Light.

What can you be aware of...

That you are approaching the Globe Itself.

What can you feel...

The Radiance which It emits can give you a feeling of great exaltation with a glowing sensation of Peace and Power.

Is there a magnificent City called the City of the Sun on and within the Sun...

Yes.

What is there...

Within it are wonderful, Perfected Beings, like ourselves, except Their Bodies are slightly larger than those of our humanity, but Their Radiance and Beauty are transcendent beyond words.

When you leave your body and travel like this, is this tremendous strength...

Yes.

Is the concept which mankind has that the Sun is a focus of great heat absurd and infantile...

Yes.

What is the Truth about the Sun...

The tremendous Rays of Energy which it sends forth to its system of planets are not heat rays at all, but Rays of Electronic Energy which only become heat as they contact and penetrate the atmosphere of the Earth.

What is the atmosphere surrounding our planet...

A force field produced by the rays of magnetic force sent forth from the center of this planet, and when the Rays of Electronic Energy from the Sun touch these, we have the phenomena in our atmosphere that we call heat and Light from the Sun.

When preparing to go from your body, what should you focus your attention on for a moment...

Your Heart for a moment.

Then do what...

Then raise it to the top of the head. Keep it there without change.

What should be your only thought...

Mighty I AM Presence which I AM, now take charge in Full Mastery of this body. See that I go and come from it consciously and at will. Never again can it bind me or limit my Freedom.

Can you then stand before your body, free, consciously free, in a body of substance, but finer than that of the physical body...

Yes.

What can you be in this body...

In this body you can be more clearly alert and free than you have ever been in the physical.

Then can you go where you want to...

Yes.

When you return near your body, can you do this consciously...

Yes.

As your body lays in the chair or bed, can you touch the forehead and immediately the body can stand up, yet look as if asleep...

Yes.

Is there the necessary direction to give to do this and you can again be fully conscious in your body...

Yes.

What happens when you try to thank an Ascended Master...

Love serves, because it is the nature of Love to give, and it is not concerned with nor does it expect acknowledgment of its Gifts. However, your gratitude is viewed as beautiful and well known to the Masters...

What should you try to become...

The Love that does not wish to possess, for then Love is truly Divine.

Should you breath praise and gratitude for the happiness of just being alive...

Yes.

Does the Great White Brotherhood do Marvelous Work...

Yes.

Is it true that Its Stupendous Power, Inner Working and Accomplishment simply stagger the intellect of one unaccustomed to this kind of Knowledge...

Yes.

Can you be placed under definite training and instruction by an Ascended Master...

Yes.

Is there the Union of the Twin Rays...

Yes.

Can you be awakened to the Inner Wisdom...

Yes.

In the midst of an artist's work, can the artist unknowingly shut the door to the inspiration he had received at the beginning...

Yes.

What can a Master do...

The Master, seeing the need, can give the necessary Assistance which reestablishes his contact with his Divine Inspiration and enables him to complete the picture.

Will this be unknown to the artist...

Yes.

Are often artists, musicians, writers, inventors, and many other individuals doing creative work given such Assistance from the Ascended Masters, of which those receiving the Help know nothing...

Yes.

Is this sort of Activity one way in which The Masters work impersonally...

Yes.

Is it a never-ending source of joy to know of the important Work being accomplished by the Members of the Great White Brotherhood, entirely unknown to the outer world...

Yes.

Are many sincere people who wish to live the constructive way of Life Members of this Brotherhood at the Inner Levels, long before they become aware of it in the outer senses...

Yes.

Can you touch your Heart and forehead, and give a Sign as belonging to the Great White Brotherhood...

Yes.

Can you be far advanced and attain enough dominion to eliminate time and space...

Yes.

Can certain jewels be Condensed Light and be Living Gems...

Yes.

Should you ask the Blessing of the Most High God upon others.

Yes.

Can a sealed envelope drop out of the atmosphere directly at your feet and be from an Ascended Master...

Yes.

What should your Love do...

Ever enfold everyone.

What are Miracles...

The result of a Mighty, Omnipresent Cosmic Law set into action, Consciously, by one who accepts his Divine Authority and understands Its Use. Miracles are but the effect of the application of Law by an individual to bring about a specific result.

What are the Laws governing any kind of manifestation which the human mind considers supernatural...

They are as natural and unerring as the motion of a planet.

Is it true that all activity, from the electron to the greatest Suns in space, is under the control and exact operation of Law set into operation by Self-conscious, Individualized Intelligence...

Yes.

What will happen when you understand and apply the Great Law governing manifestation in form...

You can and do produce exact results.

Are there miracles...

No.

Can all learn to do this...

Yes.

How can you do this...

If your desire it strong enough and if you will discipline the outer activity of thought and feeling.

Can you be a guest of a Mighty Presence and Power...

Yes.

Is curiosity inexcusable in spiritual training...

Yes.

Must curiosity be completely eliminated from the consciousness before certain understanding, power, and experiences are permitted to be given you along the path to Mastery...

Yes.

Why must curiosity be completely consumed within the personality...

Otherwise it is a wide-open door through which the sinister force can act at any moment and cut off your further progress.

Whenever it is necessary, is all that you need to know explained without you asking...

Yes.

Can directly in front of you, the earth open, revealing a sort of jaw-like entrance made of metal, allowing you to pass...

Yes.

Is a Soft White Light used by the Ascended Masters for illuminating tunnels, caves, and all subterranean passageways...

Yes.

Can you be a formally admitted Member of the Order to a very ancient Retreat of a branch of the Great White Brotherhood...

Yes.

Can you be made a Member of the outer body as well as the Inner...

Yes.

Should you marvel at what a place of wonder this Earth is, let alone the rest of the Universe...

Yes.

Can the Ascended Masters know a cataclysm is threatening and seal a portion of a city for future use...

Yes.

What can happen with the catastrophe...

In the catastrophe, a city can sink deep below the original level and be filled in and covered over by the sand from the surrounding land, which had become a desert.

Can the tops of the highest buildings in some places fully be one hundred and twenty-five feet beneath the surface...

Yes.

Have air passages been kept open and always give perfect ventilation in these sunken cities...

Yes.

What has been perfected within the subterranean city...

Some of the most wonderful achievements in chemistry and invention the outer world has been privileged to receive.

Whenever this has occurred, has some worthy man or woman been found through whom the world has been privileged to receive these Blessings...

Yes.

Is there much of vital importance ready to be brought forth for the use of humanity...

Yes.

When will it be brought forth...

When it is the part of Wisdom in the Judgment of the Ascended Masters to give it out.

Will there be another great cataclysm that will render the surface of the Earth...

Yes.

What will this do...

It will remove from further self-created destruction those human beings who have the ignorance and presumption to say there is no God...

What must happen to those who are so bound by their self-created darkness that they destroy the very symbols on Earth of what is good, true, uplifting and enlightening...

They, because of the very darkness of their own minds, must be prevented from creating any further discord upon this planet and from influencing others by their own mistaken concepts of Life.

What is God...

The Source of all Life and Light, the Godhead.

Whatever and whoever denies God, can only exist as long as what happens...

The energy which they have already received sustains them.

What happens the moment you, or a group, or a nation denies the very Source of Life...

That instant the Inflowing Stream of Life Energy is cut off.

It can only continue to function until what happens...

The force which has already been accumulated becomes exhausted.

What is then inevitable...

The collapse and self-annihilation of these.

What does denial of Life and Light cut off...

The sustaining energy.

What does the acknowledgment of Life and Light do...

It releases the sustaining energy and lets it flow through the body and mind that makes the Acknowledgment.

What is the Great Law governing all form...

The Law of Cause and Effect.

What does this Great Law do...

It tolerates man's iniquity to man only so long.

What happens when that iniquity is directed to the Godhead, or Source of Life...

Retribution is swift and certain.

Is there an automatic purifying and balancing process within all Life...

Yes.

What happens when any outer activity opposes itself to the Cosmic Law of forward motion and ever-expanding Perfection, which is always pressing from within outward...

Then the hour arrives when all opposition is swept aside and annihilated by the onward moving impulse within Life Itself.

What happens when those ruling a nation turn from God, destroying all that calls attention to the Light of Christ...

It means the end of that government and group is close at hand.

Why is that so...

Because it causes a certain Cosmic Activity to be released upon the planet which sweeps them out of existence.

What should you never forget or refuse to do...

To love and thank Life, the Mighty I AM Presence, for the Blessings Life is constantly bestowing upon mankind and this Earth.

Does the human intellect acquire many peculiar kinks in its thinking...

Yes.

What is one of the most disastrous of these...

The activity of human consciousness that refuses or forgets to love and thank Life, the Mighty I AM Presence, for the Blessings Life is constantly bestowing upon mankind and this Earth.

What does the average human being do...

Lives Life after Life without once loving or thanking his own Mighty I AM Presence for the energy which flows ceaselessly through his mind and body; for the substance he uses in his body and world; or for the hundreds of good things by which he is constantly surrounded which he uses and enjoys, and yet gives nothing of himself in return.

Do many people carry a feeling of personal grudge against Life, blaming It for their suffering and failures...

Yes.

What would even a very small amount of gratitude and Love poured out to the I AM Presence within your human Heart do...

It would transmute every discord into Peace and Love, releasing the Perfection of Life into the outer activity of the individual.

Do human beings find plenty of time to love dogs, cats, food, clothes, money, diamonds, people, and a thousand and one things...

Yes.

What should you do...

Love your Divinity.

Should you always give acknowledgment to the Mighty I AM Presence within yourself...

Yes.

What is rare to see...

That an individual takes even five minutes out of a lifetime to love his own Divinity, yet he is using every second of his Life and Energy by which to enjoy those things.

Should you love the Divinity Within first, and more than any outer thing or personality...

Yes.

Should you give gratitude to your I AM Presence for the good things that come to you in Life...

Yes.

Is it true that even those who think they love God give almost no Acknowledgment to the Mighty I AM Presence within themselves, and no gratitude goes up to It for the good things that come to them in Life...

Yes.

Is it also true that It is not that we should not pour out Love to things in the outer activity; but we should certainly love the Divinity Within first, and more, than any outer thing or personality...

Yes.

Is it this very Life and Consciousness by which we exist...

Yes.

Is it true that Happiness cannot exist except when Love is pouring out...

Yes.

Is this Life's Law...

Yes.

When people are loving something or somebody, are they happy...

Yes.

Is it true that even a miser is happy when he is loving his Gold...

Yes.

Why is that...

Because he is pouring out a feeling of Love to the thing he tries to hold.

What is really happening in this case...

What he is really trying to hold is happiness, but he does not realize that the feeling of happiness is not contained in the Gold, but is in the pouring out of Love from himself.

What happens in that outpouring...

He lets Life flow uninterruptedly and harmoniously.

Where should the first and greatest Outpouring of your Love go to...

To your own Individualized Flame of God, the Mighty Consciousness of Life within you.

Is it true that the personality of anyone is only of as much importance in the magnificent scheme of Life as it is obedient to the Mighty I AM Presence, by letting Perfection expand into the outer activity of the individual...

Should you serve in using the Great Cosmic Rays of The Light of God that never fails...

Yes.

Can a sealed letter drop to your feet from the air...

Yes.

Is India one of the Greatest Centers of Spiritual Light and Power on this planet...

Yes.

Do you want to reach the point where you could come and go from the physical body consciously and at will...

Yes.

Should you want to experiment often in using your newly-evolved Powers...

No.

What must there be...

A very great sense of Spiritual Honor and Integrity in regard to the use of these Mighty Powers of the I AM Presence.

What does the Great Law of Being not permit...

These Mighty Powers of the I AM Presence to be brought into your outer use except where it is for the accomplishment of permanent good.

What should you be aware of at all times....

That whenever you use the Life, Substance and Power of this Universe for the mere gratification or pleasure of the senses, only misery and destruction can be the result.

What does The Mighty I AM Presence work ceaselessly to do...

To build, release, express, and constantly expand Perfection in all Its Creative Activity, and permanently maintain Love, Peace, and constant Service to all.

When will disaster and failure result...

If the sensations of the body and the outer activity of the mind are permitted to run riot and interfere with the Divine Life Plan of the individual.

What should you, as a Student of the Light, never, ever do...

Use your powers for the amusement and gratification of the senses, for exploitation of anyone's personality or to make money by producing phenomena.

What is The Ascended Masters Way of Life...

It is give, give, give.

What should the first thing be...

First, Love and Adoration to your own Mighty I AM Presence, and then expand Love and Perfection by pouring It out to everybody and everything.

What is the whole of the Law applied...

To send out Divine Love without limit, all the time.

What will happen when you understand this...

You will realize that you must pour out this Flame of Divine Love before the Perfection which you desire can flow into your world and release, things, into your use.

What is Divine Love...

A Feeling, an actual Ray of Light which flows out from the Flame within the Heart.

What can happen with Divine Love...

It can be sent forth so powerfully that this Ray of Light Substance is both visible and tangible.

What is the most Invincible Power of the Universe...

Divine Love.

How should you use It...

Use It without limit, and nothing is impossible to you.

Should you, by temperament and training, be calm, sweet, and a marvelously poised teacher...

Yes.

Can you release Power when you wish to impress a certain Understanding of the Law upon other persons consciousness...

Yes.

What does not play any part in the operation of these Great Cosmic Laws...

Boyish pranks.

When does The Cosmic Law act...

Wherever the thoughts and feelings direct and qualify the energy.

Is the Cosmic Law a respecter of persons, places, conditions, things, motives, ignorance, or knowledge, anymore than is a current of electricity running through a motor or dynamo...

No.

What happens when you turn on the Power...

It acts, according to the direction given it.

Is it true that this is a point that many students do not seem to comprehend, or for which they do not wish to take the responsibility...

Yes, but the Truth of the Law is the only thing with which We are concerned.

What is the work of the Masters...

To put the exact Truth of the Law before individuals.

What happens when people refuse to understand and obey this Truth...

Then their suffering must increase...

When can this suffering stop...

When the human side breaks its shell of obstinacy and selfishness and lets the Mighty Presence of the I AM control all, according to the Perfection of Life.

Should you ever joke in thought, feeling, or the spoken word about the Powers of the Godhead...

No.

What will happen when you do...

Without exception, it draws heartbreaking experiences into your world.

How should you govern your outer moods...

With an Inflexible Will whenever you use the Powers of the MIGHTY I AM PRESENCE.

In order to manifest the greater Expressions of the I AM Presence, what has to happen...

You must become aware of and feel that Presence within you, and know that the very Life Energy which beats your Heart and breathes through your lungs is constantly flowing into your physical body from your Electronic Body.

What is the very Heart Center of the Cosmic Life of the Universe...

The Great Central Sun.

From where is your Electronic Body projected into space...

From the very Heart Center of the Cosmic Life of the Universe, which is referred to as the Great Central Sun.

What is this Pure Life Energy flowing ceaselessly into your mind and body...

The Triune Activity of the Supreme acting everywhere throughout Infinity. It is Intelligence, Substance and Energy, the One Universal Light out of which comes all manifestation. It is subject at all times to the conscious direction and use of the individual with Self-conscious, individualized Free Will.

What does not have the control of this activity...

The minerals, plants and animals.

Who is endowed with Self directing Free Will...

Only the Flame of the Godhead.

What will happen if you give more attention to the Mighty I AM Presence...

The more you will learn of the Vast Realms of Wisdom that stretch before you.

The more you realize the immense responsibility and limitless opportunity that is yours, the more you should ask for what...

The more you should ask The Mighty I AM Presence within your own Heart to teach you all things.

What is the only Source of Wisdom...

The Mighty I AM Presence.

What should you do if you want Wisdom...

Turn your attention to the only Source of Wisdom, the Mighty I AM Presence.

What must happen for the first impulse to be given which releases Its Wisdom into the outer use of the individual...

Your acknowledgment of the I AM.

It is by Acknowledgment that what happens...

The first wave flows forth to release It into the physical activity.

Otherwise, where does it remain...

Forever quiescent within the Consciousness of the I AM.

The Release of It can come only when...

At the Command of the Self-Directing Will of the Flame of God.

What should you learn to do...

To call forth these God Attributes and Activities from the very Heart of the Universe, and then use them in Love to bless all Life.

What will happen when you do this...

There is no height you cannot attain and no gift you can ask of Life that Life will not release to you, when you understand what part of you says I AM and you are willing to use all to bless Life everywhere with Love.

What should you do...

Use, use, use, use the Understanding of the I AM Presence that you now have, and persist in loving, in blessing Life everywhere.

What will happen when you do this...

You will open wide the Floodgates to Freedom, the Realm and Activities of the Limitless, the Natural World and Life of the Ascended Masters.

What happens when you use the Wisdom you now have...

More will come as surely as your Heart beats and your mind thinks.

Who is an Indian Master...

He is Chananda.

Can you leave your body and go forth strong and free...

Yes.

Should you touch someone's body if they have left...

No.

Should you prepare before going forth from your body...

Yes.

Should you control your feelings and became at ease...

Yes.

Should you keep your experience strictly within your own consciousness...

Yes.

Is there a Brother known as Shri Singh...

Yes.

Should you be silent and when you do speak, it should always be for some very definite purpose...

Yes.

Does leaving the body mean great enlightenment as you are entering into a tremendous field of Service...

Yes.

Is it only in this Freedom that you are permitted to know, feel, and experience the Full Use of the Cosmic Rays...

Yes.

Are you now in a position to receive the Full Benefit of your training...

Yes.

Can you feel keenly the intensity and power of the Instruction, for everything that is done has a definite objective and purpose...

Yes.

Is there a building that is secretly owned and maintained by the Great White Brotherhood in India...

Yes..

Can a building breath the Wisdom, Light, and Purity of ages of Perfection...

Yes.

Is Chananda the Head of the Indian Council...

Yes.

Can you ask the Ascended Masters to give Their Protection to you as you are sincere in your desire to bring about greater good...

Yes.

Should your desire to do right be sincere and should you give good service...

Yes.

Should you always use the greatest discrimination in the outer activity and not have your zeal exceed your wisdom...

Yes.

Why is it much easier to express the beautiful...

Because it is natural and the true expression of the Mighty I AM Presence...

What should you do...

Truly accept this Glorious Presence and feel It as the Godhead doing all things through and for you...

What happens when you truly accept this Glorious Presence and feel It as the Godhead doing all things through and for you...

The rest of your activity must conform to Its marvelous Beauty and Perfection.

What does your Full Acceptance of the Mighty I AM Presence always command and govern...

All outer experience harmoniously.

What has to happen for you to become a True Messenger for Divine Service...

Only when you truly and fully accept this Glorious God Presence within yourself.

Then what will happen...

Then as the Perfection of the Mighty I AM Presence begins to be released in a greater degree through the outer activity, all the courage and assurance comes through; for at last the personal self sees and feels the Mighty Inner Presence, knowing Its Full Power, Majesty, and Mastery.

What should your desire be...

To reach to the inmost Heart of the Great Eternal Wisdom, to feel yourself a part of It, and to be able to pour forth Its Blessings to all mankind, that it might be happy also.

Is there a certain Cosmic Activity that is taking place at this time...

Yes, it is the first time in seventy years that these two activities (sunrise and Cosmic Activity) occur simultaneously.

Can Great Rays of Light of every conceivable color begin to shoot into the sky and continue for ten minutes...

Yes and it can seem as if Light Itself rejoiced in the Mighty Presence of Life.

What can the Sun be viewed as...

The Great Golden Disc.

What can you feel when you look at the Sun...

A Quivering, Sparkling Radiance can pierce your flesh and penetrate into the very center of your body.

You can experience a wonderful sensation from sunlight and this vivifying effect can last for hours, and the glorious feeling and the beauty of the scene can leave you breathless.

What is still at the helm and guides the destinies of our Earth and humanity, notwithstanding all outer appearance of chaos to the contrary...

The Mighty Master Intelligence of the Universe.

What is being directed to Earth at the present time...

The Action of the Mighty Cosmic Rays.

Who is directing these Mighty Cosmic Rays...

The Great Cosmic Masters.

What are these Great Cosmic Masters Doing at this time...

Giving Transcendent Assistance in this cycle to humanity in its outer struggle.

What can you feel within your body by having this experience...

A slight Action of the Mighty Cosmic Rays which have been directed to Earth at the present time, by Great Cosmic Masters who are giving Transcendent Assistance in this cycle to humanity in its outer struggle.

Are we going through a period of change...

Yes.

What is Their Outpouring to the race...

A Radiance of Love, Courage and Strength to the race which sustains you during this period of change and so illumines your Inner Body that It enables the Mighty I AM Presence to release more of Its Perfection into and through the outer self.

What happens if you receive Training in the use of these Rays...

You will be enabled to focus Great Streams of Light Essence and consciously direct them, pouring forth Blessings to mankind through Great Currents of Healing Power and Harmonizing Streams of Love.

Are few ready to be taught how to control and use these Mighty Rays...

Yes, but all for whom it is possible are being prepared now.

What can happen to These Great Streams of Condensed Light and Pure Substance...

They can be drawn, qualified, and sent forth again to produce a definite result as easily as a searchlight reveals the scenes it passes over.

Can a Glorious Peace clothe you and your surroundings fill the entire place with your Wonderful Radiance...

Yes.

Are there Holy Caves within the Heart of this Mighty Range of the Himalayan Mountains...

Yes.

Are the most ancient records upon this Earth still held in safekeeping within these Holy Caves...

Yes.

Why are these records not brought forth into the use of the outer world at the present time...

Because of the lack of spiritual growth and understanding of the people.

What does the race have...

A restlessness and critical feeling that is a very destructive activity, and these feelings find vent through fanatics of various kinds whose understanding of Life and this magnificent universe is so narrow and childish that they seek to destroy whatever does not agree with their own petty notions of what has been, or ought to be, the Infinite Plan of Creation.

Is it this misguided, selfish ignorance in mankind which has been responsible for all inharmony down the ages for the destruction of records that would throw Light upon humanity's many problems...

Was it this unbridled vicious feeling that destroyed the wonderful library at Alexandria and the marvelous records of the Incan civilization...

Yes.

Notwithstanding these former losses, have the Ascended Masters of the Great White Brotherhood always foreseen such destructive impulses and have withdrawn all important records of every civilization and preserved them, then left the less important to be destroyed by the vicious impulse of the vandals...

Yes.

When will there appear, in a central location, a marvelous library, not made by hands, where these records will be available, and those in the outer world who have received the necessary credentials may see them...

When humanity is prepared for it and it is positively safe for these records to be given to the outer world. When mankind becomes enlightened enough to cease generating the vicious destruction it has been expressing up to the present time, this will be done.

What has mankind, through its irritated, destructive feeling and powerful thought force done...

It has peopled the visible and invisible with thought-forms of intense passion, hatred, fear, and destruction.

What do these do...

These fasten themselves upon the human beings who generated them, and also upon others who, because they have a similar feeling, open themselves to this malignant force.

Is it true that Humanity has almost no understanding of what happens when the personal self sends out a feeling of irritation, anger, hate, envy, jealousy, criticism or condemnation...

Yes.

What is the feeling side of human nature...

The feminine activity of consciousness within every individual.

What is the thought...

It is the masculine activity of the mind.

A thought never becomes dynamic in the outer life until what happens...

It passes through the feeling body.

What does the feeling do...

It condenses upon the thought pattern the atomic substance of the outer activity of Life.

In thus passing through the feeling body, what happens to the thought...

It becomes clothed, and thereafter exists as a separate living thing outside of your mind.

Have there been platitudes by the million written and preached about Divine Love being the Law of Life...

Yes.

But what should you do...

Generate the Feeling of Divine Love consciously and at will to a limitless degree, and put It in the place of irritation, hate, et cetera, as a wave of actual force and substance in one's own emotional body.

Why must this be done...

It must be done if human beings are to stop suffering and express Perfection.

The personality cannot be permanently harmonious except when...

Except it be kept filled with Divine Love, consciously generated.

If mental statements of the Law of Life and prayers were the way to Perfection, Happiness and Freedom, then what would happen...

Then the number of sermons preached on this Earth should have perfected and illumined a hundred planets long before this.

What are prayers...

Generally a series of I wants, or O Lord give us.

If prayers were the way to Freedom from limitation, what should have happened...

The prayers that have been uttered in this world should have perfected a dozen humanities.

However, have prayers brought good...

Yes.

What should prayer really be...

A quieting of the intellect and a stilling of the feeling, that the personality might feel the Outpouring of the Mighty I AM Presence and receive the Response from within. Prayer should be an Outpouring of Love and Gratitude to the Presence for the limitless opportunities and good contained within Life.

Does the outer world like to flatter its vanity by the feeling that it has the ability to accomplish great things...

Yes.

Is it true that so far as the control and Perfection of the feeling is concerned, the outer world is still in a savage state...

Yes.

What do human beings do...

They sting others as well as themselves through vicious feelings just as surely as does the scorpion.

What is the predominant feeling in our modern world...

Terrifically vicious when personalities are opposing and criticizing those who disagree with them.

What do So-called civilized people do...

Commit murder every day of the week through sending out angry and irritated feelings that kill the higher impulses in others.

What needs to be reevaluated...

The feeling of the race that needs to be redeemed and saved from its own self-generated destruction.

What must you understand...

The need of Self-control in regard to your feeling, in the waking consciousness, it is impossible to maintain any permanent forward movement of a constructive nature.

All accomplishment that is not attained through the Feeling of Divine Love is what...

But temporary.

What is the way to Permanent Perfection...

Divine Love alone.

What is pitiful to see...

How for centuries the human race has occupied its time and used its energy to build up things through thought, and at the same time tear its creation to pieces by inharmonious feelings.

Is it childish and a stubborn refusal to fulfill the Eternal Plan of Perfection...

Yes.

Is there the Great Cosmic Law which governs this system of worlds...

Yes.

What is happening now...

The hour is at hand when the Great Cosmic Law which governs this system of worlds is releasing a tremendous Expansion of the Light of the Mighty I AM Presence throughout our group of planets, and whatever cannot accept the Power of that Light is consumed thereby.

So what should mankind no longer do...

Fool itself with the idea that it can continue to generate destructive feeling and survive.

What has come...

The end of the former dispensation has come, and all things are made new. Let him who runs, read, that he may learn the Way of Light while there is yet time.

Is it true that there is no evil anywhere on this Earth or any other except that which human beings have generated themselves sometime, somewhere...

Yes.

How has this been done...

Most of it has been done through ignorance, but a great deal has been done willfully by those who ought to know better and who are fully aware of their wrongdoing.

Have we recently entered into a New Cycle...

Yes.

What happens to you if you use your intellect to foster destructive activities in the New Cycle into which we have recently entered...

You must face your own destruction, for its recoil is inevitable.

How does this recoil work...

It will be swift and definite, for the present activity is expressing such speed that the recoil is many times only a matter of hours, weeks, or months at most, where before it has been a matter of years.

What do The Ascended Masters work ceaselessly on...

To have humanity understand and see this.

What is the work of Their Messengers...

To get this Truth into the consciousness of mankind as clearly as possible.

Should you have Great Wisdom and Power, but be the very embodiment of gentleness and kindness...

Yes.

Can you be clothed in a Divine Dignity that never flinches...

Yes.

Should you serve the Cause of Light well...

Yes.

Should your attention be drawn to others by the Inner Power of your I AM Presence...

Yes.

Can the Mighty Presence of the I AM act with unerring Decision...

Yes.

Can the Twin Rays act with the speed of lightning in perfect unison when the Great Inner Presence is allowed to have Full Control...

Yes.

Will you be able to do splendid work for the Mighty I AM Presence, the Great White Brotherhood, and humanity...

Yes.

IAM Teachings

What is the Sacred City of the Hindus, one of the oldest cities in India...

Benares.

Should you meditate upon the Great Principle of Life, the Mighty I AM Presence...

Yes.

Should you have dignity and loving respect...

Yes.

Do Ascended Masters have Students...

Should you bow your head in loving acceptance of the great Abundance and Outpouring from the Mighty I AM Presence...

Yes.

Should you acknowledge the Source of all Life...

Yes.

Should you know, and partake of food which is produced direct from the Omnipresent Cosmic Substance...

Yes.

What is this Substance...

The Pure Electronic Substance which fills Infinity, and out of which all forms are created and all manifestation produced.

What can you do with this substance...

This Limitless Substance about you everywhere is yours to manipulate, to mold into form without any limit whatsoever.

What must happen before you can do this...

You must hold close enough and sincerely enough without interruption to the Mighty I AM Presence in you.

What is the Mighty I AM Presence in you...

It is the Glorious Angelic Being and Power which is the Real You.

What is this Mighty I AM Presence doing...

It is constantly pouring Its Energy into your physical brain and body, and it is God Individualized at your point in the Universe to mold this Cosmic Substance into whatever form you decree.

What happens when you do not or will not recognize the Mighty I AM Presence...

The Use, Joy, and Freedom of this great bounty by direct precipitation remains unused...

Why is it unused...

Because your feeling of fear, doubt, hate, anger, selfishness, or lust builds an impassable wall around you.

What does this wall do...

It shuts out the Power and Perfection of the Light which would otherwise come through.

What does The Great, All-Wise Creator of Perfect Form everywhere throughout space do...

It builds those forms according to the Pattern of Perfection, which is another name for the Law of Divine Love.

What does this always mean...

This always means the orderly, harmonious way of attraction.

What is the feeling of fear, doubt, et cetera and what does it do...

It is a rate of vibration which shatters form and scatters substance; hence, is diametrically opposed to Love, Harmony and Order.

What happens when you acknowledge the Mighty I AM Presence, take a determined stand with It, and continually maintain a feeling of Divine Love in the personality...

To you all is possible of accomplishment right now in this lifetime.

Should you ask to be encouraged, enlightened, and strengthened...

Yes.

Is the power of precipitation within every individual...

Yes.

Is precipitation a myth...

No.

What will enable you to acknowledge the I AM...

Turning to your own Mighty Master Within.

What will happen when you continually turn to It...

Its Mighty Power may be released and the Ascended Master Wisdom come forth, directing your every activity.

What happens when you break down the self-created barriers that have bound you...

You will see what an avalanche of good the Mighty I AM Presence stands always ready to pour out into your use at your conscious command...

What must you do...

Charge your feeling with Divine Love and maintain order in the temple, your mind, and body.

Can you pour forth Marvelous Wisdom with a Force that seems to burn the very Words into the consciousness of everyone...

Yes.

Can things come to you with the Love and Blessings of the Ascended Host...

Yes.

Should you have Love and Devotion to the Light...

Yes.

Can you have a two year period of probation...

Yes.

Is it true that unless you are seeking the Release of the Light within yourself, no one can fully understand and appreciate the feeling that nothing is really important but All of God and those experiences by which the Light is released...

Yes.

Is India beginning to feel her wings again, and her industries will rise once more...

Yes.

What will happen with India...

She will return to that majestic glory she has reached several times in her past, and regardless of the crushing influences that have preyed upon her in the last two or three hundred years, India's great problem will yet be solved, in Perfect Divine Order.

Her teeming millions will be given the opportunity to express the Light and God Presence that is within them.

Is there a Great Cosmic Wheel of Progress which affects our entire Earth...

Yes.

What is it doing...

It governs the Expansion of the Light in the entire system to which this planet belongs.

What happens when that Wheel turns to a certain point, and is nearer than mankind realizes...

It will focus certain Rays of Energy upon the Earth.

Then what will happen...

The resistance to greater good that is set up by puny, selfish personalities and unawakened mentalities will be as chaff before a mighty wind. The efforts of those human beings will be useless, and they will be compelled to obey a Power far greater than their own selfish cravings.
